

Michael Nava & Robert Dawidoff

Created Equal Why Gay Rights Matter To America

Dan Cohn-Sherbok, Michael Leahy

Created Equal Why Gay Rights Matter To America:

Created Equal Michael Nava, Robert Dawidoff, 1994 The authors argue that the movement for gay equality is central to the continuing defense of individual liberty Dawidoff and Nava emphasize that what is at stake is not the fate of the gay community but the future of constitutional principle and the rights of free individuals in American society **Gay Rights Story** Walter Frank, 2014-08-05 For much of the 20th century American gays and lesbians lived in fear that public exposure of their sexualities might cause them to be fired blackmailed or even arrested Today they are enjoying an unprecedented number of legal rights and protections Clearly the tides have shifted for gays and lesbians but what caused this enormous sea change In his gripping new book Walter Frank offers an in depth look at the court cases that were pivotal in establishing gay rights But he also tells the story of those individuals who were willing to make waves by fighting for those rights taking enormous personal risks at a time when the tide of public opinion was against them Frank's accessible style brings complex legal issues down to earth but as a former litigator never loses sight of the law s human dimension and the context of the events occurring outside the courtroom Chronicling the past half century of gay and lesbian history Law and the Gay Rights Story offers a unique perspective on familiar events like the Stonewall Riots the AIDS crisis and the repeal of Don t Ask Don t Tell Frank pays special attention to the constitutional issues surrounding same sex marriage and closely analyzes the two recent Supreme Court cases addressing the issue While a strong advocate for gay rights Frank also examines critiques of the movement including some coming from the gay community itself Comprehensive in coverage the book explains the legal and constitutional issues involved in each of the major goals of the gay rights movement a safe and healthy school environment workplace equality an end to anti gay violence relationship recognition and full integration into all the institutions of the larger society including marriage and military service Drawing from extensive archival research and from decades of experience as a practicing litigator Frank not only provides a vivid history but also shows where the battle for gay rights might go from here ABA Journal, 1998-09 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association Queer Studies Mickey Elianon, Michele Eliason, 1996 An anthology of expanded versions of papers presented at a November 1994 conference held the University of Iowa with sections on issues of identity and gueer theory in practice Essays are distinguished by their accessibility to undergraduates and non academic readers and cover areas that have often been marginalized by queer studies in the past such as race transgender bisexuality and s m Subjects include recontextualizing butch in 20th century lesbian culture and scientific racism and the invention of the homosexual body Annotation copyright by Book News Inc Portland OR **Lesbian Identity and Contemporary Psychotherapy** Eda Goldstein, Lois Horowitz, 2013-05-13 Recent contributions to the psychoanalytic and psychotherapeutic literature have moved beyond traditional views of lesbianism but they have tended to address lesbian identity from one theoretical vantage point or another

Rarely have new ideas been linked to the process issues that arise in actual clinical situations Lesbian Identity and Contemporary Psychotherapy undertakes this very task and in so doing documents the therapeutic gains that result from validating lesbian sexual identity and life experience Drawing on contemporary relational thinking and new perspectives on gender and sexuality Goldstein and Horowitz describe and illustrate an affirmative approach to clinical work with lesbians at various stages of the life cycle Adolescent young adult and family issues are all brought within their compass Making ample use of case vignettes they demonstrate the ways in which therapists can elicit their patients personal narratives of self acceptance as lesbians and coming out experiences work with the transference and countertransference dynamics subsequent to such disclosures and finally explore the collaborative process through which therapist and patient seek to understand their therapeutic interaction A range of life circumstances are brought within the authors refreshingly hands on clinical approach Special consideration is given to issues arising when lesbians date and initiate romantic relationships and to the relationship problems that develop in ongoing partnerships during the middle and later years The book concludes by discussing the issues faced by lesbian therapists in treating lesbian patients and in interacting with heterosexual colleagues An exemplary overview of newer views of lesbian identity and of the challenges of lesbian life Lesbian Identity and Contemporary Psychotherapy is equally valuable as an up to date relationally informed guide to clinical work with lesbian The Chicano Latino Literary Prize Stephanie Fetta, 2008-01-01 David is mine Mrs Renteria shouts out to her patients neighbors gathered about the dead but handsome young man found in the dry riverbed next to their homes in a Los Angeles barrio David Tiburcio asked Since when is his name David He looks to me more like a Tiburcio glanced at the man's face a Luis Mrs Renteria s neighbors call out a litany of names that better suit the mysterious corpse Roberto Antonio Henry Enrique Miguel Roy Rafael The very first winner of the Chicano Latino Literary Prize in 1974 Ron Arias The Wetback uses dark humor to reflect on the appearance of a dead brown man in their midst This landmark collection of prize winning fiction poetry and drama paints a historical and aesthetic panorama of Chicana o and Latina o letters over a twenty five year period beginning in 1974 and ending in 1999 Most but not all of the winning entries are featured in this anthology which also includes second and third place winners as well as honorable mentions Now entering its thirty first year the award has recognized a wide variety of writers from established ones such as Juan Felipe Herrera Michael Nava and Helena Maria Viramontes to those that are lesser known Many of the pieces in this anthology are considered to be foundational texts of Chicana o and Latina o literature and those that are not as widely recognized deserve more serious study and attention Presented in chronological order the selected writings are primarily in English although some are written in Spanish and others in Spanglish Some like Francisco X Alarcon s poem Raices Roots appear in both languages Mis raices las cargo siempre conmigo enrolladas me sirven de almohada I carry my roots with me all the time rolled up I use them as my pillow In addition to the diverse array of authors styles and genres the works included in this collection cover a wide range of themes

from more political issues of ethnic gender and class **The Case for Gay Rights** David A. J. Richards, 2005 As Americans wrestle with debates over traditional values defense of marriage and gay rights reason often seems to take a back seat to emotion In response legal scholar Richards reflects upon the constitutional and democratic principles relating to privacy intimate life free speech tolerance and conscience that underpin these often heated debates The distillation of Richards s thirty year advocacy for the rights of gays and lesbians his book provides a reflective treatise on basic human rights that touch all of our lives He places in context two key Supreme Court cases the 1986 Bowers v Hardwick decision and the 2003 Lawrence v Texas decision which overturned it Drawing upon his own experiences as a gay man Richards interweaves personal observations with philosophical political judicial and psychological insights to make a case that gays should be entitled to the same rights and protections that every American enjoys From publisher description **Development Resource Guide** ,1996 Chicano/Latino Homoerotic Identities David W. Foster, 2014-07-16 This collection which grew out of a research conference held at Arizona State Universoty in November 1997 examines varieties of Chicano Latino homoerotic identities It includes essays by a group of scholars who are engaged in defining the parameters of these identities and who are concerned with how those identities interact with the dominate ones articulated by a hegemonic The Sharon Kowalski Case Casey Charles, 2003 A gripping story of love and law The Anglo society in the United States Sharon Kowalski Case chronicles one of the true landmarks in the fight for the rights of same sex partners fully framed for the first time within its social political and historical contexts American Patriotism, American Protest Simon Hall,2011-06-06 During the 1970s and beyond political causes both left and right the gay rights movement second wave feminism the protests against busing to desegregate schools the tax revolt and the anti abortion struggle drew inspiration from the protest movements of the 1960s Indeed in their enthusiasm for direct action tactics their use of street theater and their engagement in grassroots organizing activists in all these movements can be considered children of the Sixties Invocations of America's founding ideals of liberty and justice and other forms of patriotic protest have also featured prominently in the rhetoric and image of these movements Appeals to the Declaration of Independence and the Bill of Rights have been made forcefully by gay rights activists and feminists for instance while participants in the antibusing movement the tax revolt and the campaign against abortion rights have waved the American flag and claimed the support of the nation s founders In tracing the continuation of quintessentially Sixties forms of protest and ideas into the last three decades of the twentieth century and in emphasizing their legacy for conservatives as well as those on the left American Patriotism American Protest shows that the activism of the civil rights New Left and anti Vietnam War movements has shaped America s modern political culture in decisive ways As well as providing a refreshing alternative to the rise and fall narrative through which the Sixties are often viewed Simon Hall's focus on the shared commitment to patriotic protest among a diverse range of activists across the political spectrum also challenges claims that in recent decades patriotism has become the preserve of

the political right Full of original and insightful observations and based on extensive archival research American Patriotism American Protest transforms our understanding of the Sixties and their aftermath **Fragmented Citizens** Stephen M. Engel, 2019-06-01 A sweeping historical and political account of how our present day policy debates around citizenship and equality came to be The landmark Supreme Court decision in June 2015 legalizing the right to same sex marriage marked a major victory in gay and lesbian rights in the United States Once subject to a patchwork of laws granting legal status to same sex couples in some states and not others gay and lesbian Americans now enjoy full legal status for their marriages wherever they travel or reside in the country For many the Supreme Court's ruling means that gay and lesbian citizens are one step closer to full equality with the rest of America In Fragmented Citizens Stephen M Engel contends that the present moment in gay and lesbian rights in America is indeed one of considerable advancement and change but that there is still much to be done in shaping American institutions to recognize gays and lesbians as full citizens With impressive scope and fascinating examples Engel traces the relationship between gay and lesbian individuals and the government from the late nineteenth century through the present Engel shows that gays and lesbians are more accurately described as fragmented citizens Despite the marriage ruling Engel argues that LGBT Americans still do not have full legal protections against workplace housing family and other kinds of discrimination There remains a continuing struggle of the state to control the sexuality of gay and lesbian citizens they continue to be fragmented citizens Engel argues that understanding the development of the idea of gay and lesbian individuals as less than whole citizens can help us make sense of the government's continued resistance to full equality despite massive changes in public opinion Furthermore he argues that it was the state s ability to identify and control gay and lesbian citizens that allowed it to develop strong administrative capacities to manage all of its citizens in matters of immigration labor relations and even national security The struggle for gay and lesbian rights then affected not only the lives of those seeking equality but also the very nature of American governance itself Fragmented Citizens is a sweeping historical and political account of how our present day policy debates around citizenship and equality Chicano Detective Fiction Susan Baker Sotelo, 2015-03-10 In his 1985 novel Partners in Crime writer Rolando came to be Hinojosa introduced homicide investigator Rafe Buenrostro the first Chicano protagonist in one of the most enduring genres of modern literature Since that time Chicano writers have embraced the detective novel successfully diversifying and refining a traditional Anglo American and British genre The 21 whodunits of Hinojosa Rudolfo Anaya Lucha Corpi Michael Nava and Manuel Ramos are closely studied in this groundbreaking work The models both contemporary and Romantic of this relatively new Chicano genre are first discussed Next come detailed analysis and reviews of such novels as Shaman Winter Partners in Crime Cactus Blood and 18 others focusing on how each writer departs from contemporary detective genre formula uniquely rendering a particular regional or cultural variation of what it means to be Chicano It is this departure from the norm that defines these writings and distinguishes them from the Anglo American and British whodunit Interviews with

the writers conclude the work The Encyclopedia of Civil Rights in America: Equal Rights Amendment, 1998 Contains 683 alphabetically arranged articles that provide information about the history meaning and application of civil rights issues in the United States covering people places events politics laws government agencies court cases and other topics Homo Jeffrey Escoffier, 2018-10-02 A sweeping account of the way lesbian gay and bisexual people have challenged and changed society In this provocative book Jeffrey Escoffier tracks LGBT movements across the contested terrain of American political life where they have endured the historical tension between the homoeroticism coursing through American culture and the virulent periodic outbreaks of homophobic populism Escoffier explores how every new success enables a new disciplinary and normalizing form of domination only the active exercise of democratic rights and participation in radical coalitions allows LGBT people to sustain the benefits of community and the freedom of sexual perversity **Debate** Dan Cohn-Sherbok, Michael Leahy, 2005-08-08 This well documented collection challenges the reader to examine and judge the arguments in six areas of contemporary unrest women's liberation black liberation gay liberation children's liberation animal liberation and liberation in the Third World It refrains from taking a single point of view thus allowing the reader to gain an insight into the various aspects of the debate Designed both for students and a general audience The Liberation Debate encourages readers to become active participants in fraught and topical debates the Constitution David A. J. Richards, 1998-07-20 In this remarkable study David A J Richards combines an interpretive history of culture and law political philosophy and constitutional analysis to explain the background development and growing impact of two of the most important and challenging human rights movements of our time feminism and gay rights Richards argues that both movements are extensions of rights based dissent rooted in antebellum abolitionist feminism that condemned both American racism and sexism He sees the progressive role of such radical dissent as an emancipated moral voice in the American constitutional tradition He examines the role of dissident African Americans Jews women and homosexuals in forging alternative visions of rights based democracy He also draws special attention to Walt Whitman s visionary poetry showing how it made space for the silenced and subjugated voices of homosexuals in public and private culture According to Richards contemporary feminism rediscovers and elaborates this earlier tradition And similarly the movement for gay rights builds upon an interpretation of abolitionist feminism developed by Whitman in his defense both in poetry and prose of love between men Richards explores Whitman's impact on pro gay advocates including John Addington Symonds Havelock Ellis Edward Carpenter Oscar Wilde and Andr Gide He also discusses other diverse writers and reformers such as Margaret Sanger Franz Boas Elizabeth Stanton W E B DuBois and Adrienne Rich Richards addresses current controversies such as the exclusion of homosexuals from the military and from the right to marriage and concludes with a powerful defense of the struggle for such constitutional rights in terms of the principles of rights based feminism

Freedom to Differ Diane Helene Miller, 1998-08 Author Diane Helene Miller evaluates civil rights strategies in the

struggle for gay and lesbian rights She incorporates case studies of lesbians in the military and in politics discussing in detail the experiences of Colonel Margarethe Cammermeyer who was dishonorably discharged from the National Guard after 27 years of service when she revealed that she was a lesbian **ABA Journal**,1998-09 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association **In the Name of Hate** Barbara Perry,2002-05-03 In The Name of Hate is the first book to offer a comprehensive theory of hate crimes arguing for an expansion of the legal definitions that most states in the U S hold Barbara Perry provides an historical understanding of hate crimes and provocatively argues that hate crimes are not an aberration of current society but rather a by product of a society still grappling with inequality difference fear and hate
