Creating a Christian Lifestyle Carl Koch,1988 **Creating an Atmosphere for the Promises of God** Melba K. Wiggins,2014-12-05 Only God has the power to bring about changes in your life The power of change is already within you because He lives on the inside of you But you want to change yourself and not allow Him to do His job What is normal to a believer is always going to be abnormal to the world Learn how to increase your ability to create the atmosphere for the promises of God in your life and the lives of those whom you love and come in daily contact with As a Christian you have the responsibility of establishing the atmosphere stronger than anybody else that has no relationship with the Lord Jesus Christ What makes you different from everybody else is that you have the Holy Spirit dwelling on the inside of you Who gives you the power to create a stronger atmosphere You already have what it takes to affect the atmosphere In order to take back what the devil has taken away from you You are to start first by taking back your atmosphere for the promises of God

God's Interpreters: The Making of an American Mission and an African Church Les Switzer,2023-10-20 This study of the pioneer mission to the Zulu people differs from others in South African mission studies by offering a more nuanced understanding of the relationship between mission and church during the formative stages in the making of an African Christian community both in America and in British Natal Critical scholars continue to view the Western mission enterprise as an adjunct if not a tool of colonialism or at best a clash of cultures between white mission powerbrokers and powerless black Christian acolytes The author argues that they were partners from the beginning and in this endeavor the Christian identities of the missionaries as well as the Zulu were changed forever Educational Ministry in the Logic of the Spirit James E. Loder,2018-07-20 In November 2001 James E Loder Jr Professor of the Philosophy of Christian Education for forty years at Princeton Theological Seminary suddenly died He was a creative and profound thinker who had just completed a promising book In it he developed a compelling interdisciplinary model to disclose how the divine Spirit affirms reconstitutes and transforms the human spirit to bring new energy and creativity into human experience He called it redemptive transformation You now hold that book in your hands Those who know Loder's work are confident that Educational Ministry in the Logic of the Spirit though delayed for over fifteen years will still become the best introduction to his complex thought More important it offers the imaginative means by which we may learn to attune ourselves and our faith communities to what God is doing in our fractured distracted and self destructive world to bring about a revolution of love the fruit of Christ's Spirit and the center of our human vocation **A Crown and a Cross** Andrew Goodhead,2010-04-09 This book critically reviews the origins development and decline of the Class Meeting Beginning with an overview of the

religious and societal milieu from the sixteenth century and examining the heritage of John and Charles Wesley the inheritance John Wesley took from the past is studied The rise of the Anglican Unitary Societies is considered and Wesley's active work within those societies drawn out The arrival of the Moravians in London in 1738 to form a group for Germans resident in London influenced many of the Anglican society members not least the Wesley brothers These influences are also considered before the Methodist movement and particularly the Class Meeting are considered in detail This book is unique in its drawing together the manner of religious association experienced in the Evangelical Revival and aims to show how Methodism was a fusion of pre-existing ideas formed into a new working model of religious association Paramount to the success of the early Methodist was the Class Meeting This book draws on testimony diary and journal records to provide first hand accounts of people's lives being changed through attendance at the Class Meeting and its making possible growth in grace and holiness In the early period of Methodism the Class Meeting was the crown to Methodist identity An analysis of the primary aims of this meeting which gave the Methodist people their distinct characteristics is followed by a study of the social identity and group processes that occurred when prospective members considered joining the Methodists The decline of the Class Meeting to 1791 forms the concluding chapters and using three classic sociological models Weber routinisation Durkheim totemism and Troeltsch primary secondary religion as themes the reasons why the class became a cross are examined Journal diary and testimonial material support the Methodists declining interest in the class that led to its irrelevance for a people seeking respectability rather than an immediate encounter with God
