Creating A Learning Organization Promoting Excellence Through Education:

Creating a Learning Organization Barbara J. Braham,1995 How to create an environment in which individuals and organizations become more efficient and innovative *Training Success - Understanding the Learning and Training Essentials* Patrick Low Kim Cheng,2005-07-27 Patrick Low Kim Cheng examines what underlies training success He begins with the learning process orientation and induction and moves on to training techniques and methods He also delves into the need to analyze performance problems and assess the peop Revolutionizing the Development of Library and Information Professionals: Planning for the Future Hines, Samantha Schmehl,2013-10-31 As more associations struggle with limited professional development funding the opportunities for library and information experts to advance their skills are being examined in a more effective and cost efficient manner Revolutionizing the Development of Library and Information Professionals Planning for the Future examines the future of library professional development by investigating the aspects that make these development events worthwhile This book is essential for library association personnel educational institutions and management personnel in large library systems to aid in determining future trends in professional development opportunities for their staff **Organizational Behavior** Stephen P. Robbins,Tim Judge,2009 Robbins Judge provide the research you want in the language your students understand accompanied with the best selling self assessment software SAL Some topics include management functions the social sciences helping employees balance work and other responsibilities improving people skills improving customer service motivational concepts communication power and politics conflict and negotiation culture and stress management Globally accepted and written by one of the most foremost authors in the field this is a necessary read for all managers human resource workers and anyone needing to understand and improve their people skills **Organisation Development and Transformation in South Africa** Marius Meyer,Eben Botha,2004 **The Pursuit of Excellence Through Education** Michel Ferrari,2001-12 Although specific definitions may change over time few goals are considered more important to education than the pursuit of academic excellence There are many different viewpoints on this issue today among educational psychologists and other social scientists One particularly glaring fault line in the debate divides those who emphasize developing individual learning and those who focus on promoting cultural and institutional reform These two perspectives are rarely addressed in a single volume In this book well known theorists and researchers present a range of perspectives on how to promote excellence in education This allows those who stress transformation of educational practice and those who emphasize individual abilities to speak to each and invites readers to jointly consider the arguments for both positions or for some synthesis of the two The point is to consider how these two divergent viewpoints can be reconciled or simply coordinated in an effort to benefit both students and society at large The main thesis is that excellence can be fostered without sacrificing equity both of which are fundamental tenets of a democratic education The issues addressed in this book have implications and relevance for school reform efforts and across the fields of

educational psychology curriculum and instruction philosophy of education and educational leadership The volume provides a unique source for students and teachers in various disciplines who want to gain a broader and more integrated view of the nature and development of excellence through education **Achieving Quality Learning in Higher Education** Peggy

Nightingale, Mike O'Neil, 2012-12-06 This study argues that there is little hope of maintaining quality in higher and further education unless those in academia share common goals It demonstrates how results can be achieved if the principles of high quality learning are applied along with total quality management type strategies *Encyclopedia of E-Leadership,*
