Creating The Child The Ethics Law Prac:

Adoption - Law and practice under the Revised European Convention on the Adoption of Children G.Shannon, R.Horgan, G.Keehan, C.Daly,Council of Europe,2014-01-01 The Revised European Convention on the Adoption of Children RECAC was introduced by the Council of Europe in 2008 in an effort to provide a modern framework for the adoption of children It represents an international consensus on acceptable child adoption reflecting the different views legal diversity and common heritage of member states This book provides an in depth analysis and commentary on each of the 30 articles of the revised convention It is a comprehensive work which explores the changes and developments that have taken place since the 1967 Convention on the Adoption of Children first emerged It is a detailed one stop source for judges social workers legislatures and adoption practitioners on all aspects of the RECAC This clear and incisive text is divided into three parts commencing with an overview of the convention followed by an examination of the general principles and concluding with the final clauses Principles and Practice of Child and Adolescent Forensic Mental Health Elissa P. Benedek,Peter Ash,Charles L. Scott,2009-10-20 When care of younger patients raises thorny legal questions you need answers you can trust that s why this book belongs on every clinician s reference shelf Principles and Practice of Child and Adolescent Forensic Mental Health is a timely and authoritative source that covers issues ranging from child custody to litigation concerns as it walks clinicians through the often confusing field of depositions and courtroom testimony The book expands on the 2002 volume Principles and Practice of Child and Adolescent Forensic Psychiatry winner of the 2003 Manfred S Guttmacher Award to meet pressing twenty first century concerns from telepsychiatry to the Internet while continuing to cover basic issues such as forensic evaluation psychological screening and the interviewing of children for suspected sexual abuse that are important to both new and experienced practitioners Many of its chapters have been entirely rewritten by new authors to provide fresh insight into such topics as child custody juvenile law abuse neglect and permanent wardship cases transcultural transracial and gay lesbian parenting and adoption and the reliability and suggestibility of children s statements It also includes significant material not found in the previous volume Two chapters on special education offer an introduction to screening instruments and help practitioners determine a child s potential need for special education programs and services A chapter on cultural competence helps readers improve the accuracy and responsiveness of forensic evaluations and minimize the chance of an unjust outcome resulting from misguided expert opinion The section on youth violence features three new chapters Taxonomy and Neurobiology of Aggression Prevention of School Violence and Juvenile Stalkers plus a newly written chapter on assessment of violence risk offering guidance on how to confront problems such as bullying and initiate effective family interventions A chapter on psychiatric malpractice and professional liability addresses these legal concerns with an eye toward cases involving minors A chapter on psychological autopsy covers evaluation of the circumstances surrounding pediatric suicides describing various types of equivocal deaths and discussing legal issues such as admissibility of the

autopsy in court A newly written chapter on the Internet expands the previous book's focus on child pornography to help practitioners deal with issues ranging from online threats to emotional and legal consequences of interactions in cyberspace This is a valuable reference not only for practitioners in psychiatry and the mental health field but also for attorneys and judges It opens up a field that may be too often avoided and helps professionals make their way through legal thickets with confidence *Developing Practical Skills for Nursing Children and Young People* Alan Glasper, Marion Aylott, Cath Battick, 2009-11-27 Clinical skills are essential to the practice of nursing and learning these skills requires a wealth of both factual knowledge and technical expertise Supplementing practical teaching *Developing Practical Skills for Nursing Children and Young People* is a comprehensive skills text that describes clinical skills in the style of a tutor teaching at **Nursing Ethics: Across the Curriculum and Into Practice** Janie B.
