Creating The Old Testament The Emergence Of The Hebrew Bible:

Creating the Old Testament Stephen Bigger, 1989 **Making Sense of Old Testament Genocide** Christian Hofreiter, 2018 The divine commands to annihilate the seven nations living in Canaan to devote them to destruction herem in Biblical Hebrew are perhaps the most morally troubling texts of the Hebrew and Christian bibles **Making Sense of Old Testament Genocide** Christian Interpretations of Herem Passages addresses the challenges these texts pose It presents the various ways in which interpreters from the first century to the twenty first have attempted to make sense of them The most troubling approach was no doubt to read them as divine sanction and inspiration for violence and war the analysis of the use of herem texts in the crusades the inquisition and various colonial conquests illustrates this violent way of reading the texts which has such alarming contemporary relevance Three additional approaches can also be traced to antiquity viz pre critical non literal and divine command theory readings Finally critics of Christianity from antiquity via the Enlightenment to today have referenced herem texts their critical voices are included as well Christian Hofreiter combines a presentation of a wide range of historical sources with careful analysis that scrutinizes the arguments made and locates the texts in their wider contexts Influential contributions of such well known figures as Augustine Origen Gregory the Great Thomas Aquinas and John Calvin are included as well as those of critics such as Marcion Celsus and Matthew Tindal and less widely known texts such as crusading histories songs and sermons colonial conquest accounts and inquisition manuals The book thus sheds new light on the ways in which these texts have shaped the thoughts and actions of their readers through the centuries and offers pertinent insights into how readers might be able to make sense of them today **Handbook of Organization Theory and Management** Forrest Clark, A.B. Lorenzoni, 2005-11-01 Few subjects are more influenced by philosophy than the form of governance that guides and administers public affairs yet much of the literature about public administration remains silent about this connection **Handbook of Organization Theory and Management The Philosophical Approach** Second Edition identifies and discusses many of the mos New Theologies of the Old Testament and History Petr Sláma, 2017 In this book Old Testament theologies written in the last two centuries are scrutinized with special regard to their relation to history History as a way of making sense and finding one's orientation out of the past is discussed A distinction between emic taken from within a literary work and etic taken from outside of a literary work perspectives is suggested as an important criterion for understanding any Old Testament theology Series Contributions to the Understanding of the Bible Beitr ge zum Verstehen der Bibel Vol 33 Subject Bible Studies Religious Studies Protestantism Old Testament An Introduction to the Making and Meaning of the Bible Michael B. Shepherd, 2024-04-02 A comprehensive and orthodox guide to biblical origins and interpretation How did we get the Bible How do we interpret it And what does it mean for our lives today Michael B Shepherd introduces undergraduates and seminarians to these crucial questions in this reliable and thorough new textbook Shepherd covers textual criticism formation of the canon and history of translation all while remaining committed to

Scripture's ultimate purpose inviting us to salvation through Jesus Christ. Showing how the Bible directs its own interpretation. Shepherd encourages learners to listen to the Word of God rather than twisting it to fit their own ends. His section-by-section treatment of the Bible encourages students to view the Bible as cohesive while remaining sensitive to its diverse genres. Thorough and accessible, this textbook goes beyond typical historical introductions to spiritually form students learning to understand Scripture. An Introduction to the Making and Meaning of the Bible is the serious evangelical introduction your students need and will reference for years to come.

The Creation of History in Ancient Israel Marc Zvi Brettler, 2002-11. Argues that the biblical historians were influenced by typology. Interpretation of earlier texts, satire, and ideology shows how, with this model, we can put together a history of ancient Israel using the Hebrew Bible as a key source.

The Death of Scripture and the Rise of Biblical Studies Michael C. Legaspi, 2010-04-19. The Death of Scripture and the Rise of Biblical Studies examines the creation of the academic Bible. Beginning with the fragmentation of biblical interpretation in the centuries after the Reformation, Michael Legaspi shows how the weakening of scriptural authority in the Western churches altered the role of biblical interpretation.

A History of Biblical Interpretation, Vol. 2 Alan J. Hauser, Duane F. Watson, 2009-11-10. History of Biblical Interpretation provides detailed and extensive studies of the interpretation of the Scriptures by Jewish and Christian writers throughout the ages. Written by internationally renowned scholars, this multivolume work comprehensively treats the many different methods of interpretation, the many important interpreters from various eras, and the many key issues that have surfaced repeatedly over the long course of biblical interpretation. This second installment contains essays by fifteen noted scholars discussing major methods, movements, and interpreters in the Jewish and Christian communities from the beginning of the Middle Ages until the end of the sixteenth century. Reformation. The authors examine such themes as the variety of interpretive developments within Judaism during this period, the monumental work of Rashi and his followers, the achievements of the Carolingian era, and the later scholastic developments within the universities beginning in the twelfth century.

Hebrew Bible / Old Testament. III: From Modernism to Post-Modernism Magne Sæbø, Jean Louis Ska, Peter Machinist, 2014-12-10. The long and complex history of reception and interpretation of the Hebrew Bible Old Testament through the ages described in the HBOT Project focuses in this concluding volume III Part 2 on the multifarious research and the different methods used in the last century. Even this volume is written by Christian and Jewish scholars and takes its wider cultural and philosophical context into consideration. The perspective is worldwide and ecumenical. Its references to modern biblical scholarship on which it is based are extensive and updated. The indexes, names, topics, references to biblical sources, and a broad body of literature beyond are the key to the wealth of information provided. Contributors are J. Barton, H. L. Bosman, A. F. The Making of the Bible

Konrad Schmid, Jens Schröter, 2021-10-29 The authoritative new account of the Bible's origins illuminating the 1 600 year tradition that shaped the Christian and Jewish holy books as millions know them today The Bible as we know it today is best understood as a process one that begins in the tenth century BCE In this revelatory account a world renowned scholar of Hebrew scripture joins a foremost authority on the New Testament to write a new biography of the Book of Books reconstructing Jewish and Christian scriptural histories as well as the underappreciated contest between them from which the Bible arose Recent scholarship has overturned popular assumptions about Israel's past suggesting for instance that the five books of the Torah were written not by Moses but during the reign of Josiah centuries later The sources of the Gospels are also under scrutiny Konrad Schmid and Jens Schröter reveal the long transformative journeys of these and other texts en route to inclusion in the holy books The New Testament the authors show did not develop in the wake of an Old Testament set in stone Rather the two evolved in parallel in conversation with each other ensuring a continuing mutual influence of Jewish and Christian traditions Indeed Schmid and Schröter argue that Judaism may not have survived had it not been reshaped in competition with early Christianity A remarkable synthesis of the latest Old and New Testament scholarship The Making of the Bible is the most comprehensive history yet told of the world's best known literature revealing its buried lessons and secrets

A History of Biblical Interpretation, Volume 1 Alan J. Hauser, Duane F. Watson, 2003 A History of Biblical Interpretation provides detailed and extensive studies of the interpretation of the Scriptures by Jewish and Christian writers throughout the ages This first volume explores interpreters and their methods in the ancient period from the very earliest stages to the time when the canons of Judaism and Christianity gained general acceptance Biblical Studies and the Failure of History Niels Peter Lemche, 2014-09-19 The idea of the Old Testament as a source of historical information was replaced by an understanding of the texts as a means for early Jewish society to interpret its past Biblical Studies and the Failure of History brings together key essays which reflect the trajectory of this scholarly shift

Introduction to the History of Christianity Tim Dowley, 2018-06-01 Now in its third edition Tim Dowley's masterful one volume survey of church history has an updated design and new content particularly in the section covering most recent Christian history The inviting full color format includes many new images and updated maps while maintaining many of the features that made the second edition a popular volume for the classroom Dowley has assembled a global cast of respected scholars to write the full story of the rise of the Christian faith and to provide a rounded picture of the worldwide development of Christianity The volume has been praised as accurate scholarly and balanced Its writers are committed to Christianity but also to the unhindered pursuit of truth that does not avoid the darker aspects of the varied story of Christianity The accessible text is supported by detailed timelines maps profiles of key figures in Christianity colorful images and a complete glossary Each section includes questions for discussion
