Fryling, 2009-08-20 Through a series of discussion questions Alice and Robert Fryling encourage open honest communication in the light of Scripture This isn't just a book you read it's a book you experience Its interactive style allows you and your future spouse to explore its biblically based counsel and challenging questions together or with a pastor ***A Call for Engaged Leadership*** Cornell Thomas, 2012-12-26 Most if not all individuals who have given any thought to the subject believe that students and teachers in today's public schools deserve better They deserve the same types of teaching and learning environments that are often found in elite private schools Teachers in these environments combine the best of essentialist and progressive educational philosophies that cause students to become highly skilled critical thinkers Teachers most of them have the skills to deliver both the science and the art of teaching and learning The science here represents the wealth of knowledge needed in their particular fields of study and teaching The art refers to the ability to connect the knowledge their students possess with the information they want them to learn Students in these environments are active engaged learners and teachers Leadership facilitates a process to support these highly interactive teaching and learning environments Leaders who are most successful in this work demonstrate a commitment to engagement To lead with a commitment to engagement means to value every

person's self identity their presence and the gifts they bring to the organization It means practicing inclusion intentionally The inclusion of all voices involved in the life of the organization results in levels of synergy where excellence becomes the norm and even higher levels sought Engaged leaders are personable hand on supportive facilitating visionary inclusive and very successful It is the premise of this book that leadership should be focused on serving others in inclusive ways Leadership should as a primary task help to create pathways that empower others to successfully complete the work at hand and to do so including all voices in the process *Joining Creation's Praise* Brian Brock, 2025-08-19 In the beginning God created Thus begins the Bible's story of a long conversation between God and creatures one in which humans are often the least edifying contributors They need to learn what it means to confess themselves creatures if they are to begin to understand what it means to be human and how to live *Joining Creation's Praise* a major statement by a leading Christian ethicist shows how confessing that we are creatures deeply reshapes every aspect of Christian thinking and living Human beings are made to embody Christ's image in the world not as dominators but as conduits of divine life In this comprehensive yet clear volume of theological ethics Brian Brock follows the first few chapters of Genesis in order to discover the things that the sages of Israel took to be crucial for the ethical life of human beings among other creatures in God's world Informed by theological rigor and careful exegesis the many ethical reflections in this volume allow an ancient wisdom to shed fresh light on very postmodern ethical questions about conversion life with God knowledge and wisdom dominion Sabbath vocation economics human dignity our relationship with the rest of creation sexuality marriage family sin death and politics

Eschatology and the Land Steven L. James, 2017-09-27 What will the final state of the redeemed look like Throughout the history of the church conceptions of the final state have tended to minimize the promise of the new heavens and new earth In contrast to the historical dominance of spiritual heavenly non temporal conceptions of the final state the last two decades have witnessed a rise in conceptions that include the redemption of material earthly and temporal reality These new creation conceptions have included proposals regarding the fulfillment of Old Testament land promises In *New Creation Eschatology*

and the Land Steven L James argues that in recent new creation conceptions of the final state there is a logical inconsistency between the use of Old Testament texts to inform a renewed earth and the exclusion of the territory of Israel from that renewed earth By examining a select group of new creationists James shows that the exclusion of the territorial restoration of Israel in a new creation conception fails to appreciate the role of the particular territory in Old Testament prophetic texts and results in an inconsistent new creationism All Creation Groans Daniel W. O'Neill, Beth Snodderly, 2021-05-18 In a suffering world reeling from global pandemics and health disparities it is high time to think theologically about the devastating experience of disease and to address our God inspired responsibility to understand its origins and engage in its management In a fragmented world we need a unifying and integrated perspective on people in communities embedded in a fractured ecology In an academic world blind to the spiritual world and imbalanced toward technical solutions the global church must articulate a contemporary metanarrative that is moral practical and deeply transformational All Creation Groans brings together multiple perspectives for a compelling global health approach to the pathologies of the world as a part of the missio Dei The authors paint a unifying perspective on God's healing intentions in creation redemption and consummation and the opposing nature corrupting effects of the rebellion of created moral agents It is a fresh call for the global church to engage in aligning with God's healing action for eternally sustainable global health Building Your Digital Sanctuary Brandon J. Robertson, 2023-03-01 The COVID 19 pandemic accelerated the digital revolution faster than anyone expected In a few weeks faith communities around the world were thrust into developing fully digital ministries some doing it well and others struggling along the way However this moment of crisis opened the opportunity for all faith communities to reach unprecedented numbers of people and truly become ministries without walls Yet many churches have failed to fully incorporate a digital vision into their long term plan for ministry and have largely reverted to in person programs and services because of a lack of direction on how to build high quality and sustainable digital ministries Building Your Digital Sanctuary is an introductory guide for pastors and communications teams on how to lay the foundation of an impactful and sustainable digital sanctuary alongside your in person ministries Drawing on the wisdom of some of digital ministry experts this practical guide will provide the inspiration and insight churches need to minister in the emerging digital age Created in the Image of God Dr. David Dockery, 2023-08-01 All people have dignity because they are created in the image of God This theological belief has been a liberating force among its believers providing a myriad of beautiful implications in our world On the other hand where the idea of being created in God's image has been misunderstood the implications can be devastating Created in the Image of God brings together leading experts to discuss what it means to be made in image of God and to bring clarity and guidance for implications in the midst of our cultural confusion The overall approach of this work though distinct and focused in each of the chapters reflects a consensus understanding that men and women have been created in God's image that they have fallen and are influenced by sin that Christ has provided redemption through his vicarious death

and resurrection and that there is hope in the promise of eternal life in Christ Christ succeeded where Adam failed Rom 5 12 21 1 Cor 15 allowing those who trust in him to enjoy and glorify him forever The rich chapters within and their helpful application to human dignity issues will help our world to regain a sense of the marvelous privilege that is ours as image bearers and how that should impact our engagement with complex dignity issues of our day Called to Bless Robert D. Cornwall,2021-09-29 What does your spiritual DNA look like In terms of your spiritual identity where do you come from and where are you going We live in an age when many Christians have experienced several denominational and religious communities Many wonder what to do with these experiences At the same time many congregations are made up of people who come from different traditions and the question is how to bring these diverse experiences into the life of the congregation in an enriching way If we take as our starting point the call of Abraham and Sarah to take a journey to an unknown land with the promise that their descendants would be a blessing to the nations what might this look like in terms of our spiritual lives Join with the author as he draws on his spiritual journey that has taken him into several denominational traditions as well as his experiences as a pastor and historical theologian to discern values and concepts that can help congregations and individuals make sense of their diverse spiritual experiences so that together we might fulfill the Abrahamic calling reaffirmed in Christ to be a blessing to the nations *Engaged Leadership* Joan Marques,Satinder Dhiman,2018-05-02 This professional book examines the concept of engaged leadership Specifically it focuses on the need for leaders in personal and professional realms for profit and non profit to understand the importance of engagement in order to achieve enhanced satisfaction and motivation among stakeholders including employees shareholders investors supporters customers suppliers the community competitors family and partners and hence an augmented level of designed thinking which leads to increased innovation and on going leadership development Divided into three sections engaged leadership development at the personal level implementation at the organizational level and manifestation in practice this book provides professionals practitioners and policy makers as well as students with the tools and skills to lead actively and conscientiously and help them understand the importance of creativity and compassion for development Engaged leadership operates on the fundamental principle that leaders have to first and foremost perceive themselves as leaders and then engage in design thinking as they will need to develop strategies to reach encourage and positively appeal to these stakeholder groups Leadership is neither limited to those holding formal managerial position nor to any particular setting Leaders can be found everywhere in all layers of society Leadership is only possible however if one dares to perceive and define oneself as a leader And only when leadership is adopted as a reality within one s personal perception can engaged leadership be applied Featuring contributions from academics scholars and professionals from around the world each providing cases interactive questions and reflective notes this book will be of interest to professionals practitioners policy makers students and scholars interested in creative leadership management organizational behavior and governance *CSB Life Counsel Bible New*

Jones,Theodore Louis Trost,2005-07-14 The variety and complexity of its traditions make African American religion one of the most difficult topics in religious studies to teach to undergraduates The sheer scope of the material to be covered is daunting to instructors many of whom are not experts in African American religious traditions but are called upon to include material on African American religion in courses on American Religious History or the History of Christianity Also the unfamiliarity of the subject matter to the vast majority of students makes it difficult to achieve any depth in the brief time allotted in the survey courses where it is usually first encountered The essays in this volume will supply functional innovative ways to teach African American religious traditions in a variety of settings
