**Le Corbusier, the Dishonest Architect** Malcolm Millais,2018-01-23 This is not a book for architects but for all those that have suffered consciously and unconsciously from modern architecture and have wondered how it came about This was largely due to one man an architect called Le Corbusier For some he was a genius but the truth is he was a sham a fake a charlatan whose only gift was for self publicity He was the most influential architect of the second half of the twentieth century his influence overwhelmed the architectural profession on a global scale who swallowed his publicity whole and still hold him in awe For the rest of the world the mere mortals his influence was disastrous as traditional buildings were destroyed and replaced by featureless boxes of varying sizes imposing a dreariness hitherto unimagined As usual it was the poor who suffered most as they were herded into tower blocks These were often grouped into estates that ringed many towns and cities which then degenerated into high rise slums with all the well known attendant social problems This book exposes the myths that surround Le Corbusier detailing the endless failures of his proposals and his projects These were due to his profound dishonesty both as a person and as an architect His legacy was an architectural profession that believed and still believe they were designing buildings based on logic functionality and honesty whereas they were doing the opposite

*Eileen Gray and the Design of Sapphic Modernity* Jasmine Rault,2017-07-05 The first book length feminist analysis of Eileen Gray s work Eileen Gray and the Design of Sapphic Modernity Staying In argues that Gray s unusual architecture and design as well as its history of abuse and neglect emerged from her involvement with cultures of sapphic modernism Bringing together a range of theoretical and historical sources from architecture and design communication and media to gender and sexuality studies Jasmine Rault shows that Gray shared with many of her female contemporaries a commitment to designing spaces for sexually dissident modernity This volume examines Gray s early lacquer work and Romaine Brooks earliest nude paintings Gray s first built house E 1027 in relation to Radclyffe Hall and her novel The Well of Loneliness and Gray s private house Tempe nbsp Pailla with Djuna Barnes Nightwood While both female sexual dissidence and modernist architecture were reduced to rigid identities through mass media women such as Gray Brooks Hall and Barnes resisted the clarity of such identities with opaque non communicative aesthetics Rault demonstrates that by defying the modern

imperative to publicity clarity and identity Gray helped design a sapphic modernity that cultivated the dynamism of uncertain bodies and unfixed pleasures which depended on staying in rather than coming out
