**Rediscovered** Jeffery M. Leonard, 2021-10-05 *Creation Rediscovered* by Jeffery M Leonard guides readers through a contextual reading of the Bible s creation stories Over the last two centuries few subjects have generated as much controversy for Christians as has creation The whethers whens and hows of creation have often become a battlefield in which the pitched forces of competing sides Darwinists and creationists young earthers and old figurativists and literalists have struggled for the upper hand Like most battles this fight has tended to inflict a fair amount of collateral damage along the way This is especially true for those put in the terrible position of feeling they have had to choose between the Bible they have fallen in love with and the science they have studied In this book Jeffery Leonard writes to fellow travelers in the faith who want to take the biblical text seriously while at the same time appreciate science s exploration of what we consider to be God s creation It is his contention that setting the Bible s creation texts back within their ancient context allows us to do both of these things Indeed Leonard believes that when we reread what the Bible has to say about creation in its original setting we find meaning in the text far more profound than what we have previously imagined Key points and features Written by a Bible scholar Unique timely and fresh interpretation Helps readers see the Bible s creation stories as vessels of healing and hope in God s larger plan for humanity Attempts to redirect Christians to read the ancient creation stories within the context in which they were written *Genesis Rediscovered* David Foley, 2014-11-06 No two readers can understand a passage in

Scripture in the same way because reading the Bible is a voyage of self discovery What do these authors say about themselves What does my understanding of their stories say about me Readers cannot hide from Scripture behind literary theories cultural hypotheses or any other form of make believe We are all created to be aware of God in his creation and his creation in ourselves Only by looking outward can we see inward Thats why our first parents lost themselves in a labyrinth of shattered images when they sought their real selves in ground molded bodies Of course it did not help that their quest for inner discovery began with attempted suicide

Cobb Jr.,2021-04-20 In the fifty years since its initial publication *Is It Too Late* has proven its prescience in ways both significant and dire As the first book length philosophical and theological analysis of the environmental crisis this work introduced a generation to the key elements of crisis while suggesting ways that religion can be a force for hope rather than an instrument of despair Covering an ambitious range of issues from deforestation to abortion from religious views of the natural world to the need for technological innovation to avoid nature's destruction John Cobb moves deftly from philosophical to theological to scientific learning and integrates these interdisciplinary insights into a compelling vision for what he calls a new Christianity Comprehensive in scope non technical in expression and concise in length *Is It Too Late* provides the scholar and the student alike with a readable and compelling orientation to the philosophical and theological stakes of ecology This Fortress edition includes a new preface in which Cobb reflects on the current situation the specific promises and perils we now face and how his own thinking on matters theological and ecological has evolved in the last half century     *Ridding the Deadly Myths of Modernism and Evolutionism* Brother Anthony Josemaria FTL,2024-02-27 This book is designed especially for thoughtful atheists Catholics and Evangelical Christians A strange mix maybe but the times are changing quickly even in a topsy turvy manner such that those with a sincere orientation to truth and the gift of common sense can realize that they have probably been bamboozled by fake science fake theology and fake news and that the old saying is true after all the truth will set you free     **Marian Apparitions, the Bible, and the Modern World** Donal Anthony Foley,2002 This groundbreaking book looks at the major approved Marian apparitions of the last five centuries and relates them to important historical moments the Reformation the French and Russian Revolutions the rise of Nazism These Marian apparitions and particularly Fatima are not historically unimportant events but rather follow a preordained plan they have a crucial role in helping us to see how the modern world with all its problems has developed Donal Foley makes clear the fascinating and intriguing connections between Marian apparitions and the Scriptural types of Mary found in the Bible a crucial element in the theology and exegesis of the early Church Fathers By understanding these biblical types and their symbolism we see that each of the apparitions has a much greater significance

for both the Church and the modern world than has generally been recognised Here is a convincing demonstration that the future of the Church and the papacy is intimately bound up with a proper understanding of the role of Mary there will only be true peace in the world when her message is accepted and lived If you thought you really understood how the modern world developed and the role and meaning of Marian apparitions then this book will make you think again Donal Foley has written a book with an extraordinary message Aidan Nichols O P

theologian sponsor of the International Symposium on Marian Coredeemption *The Incomparable God* Brent A. Strawn, 2023-05-30 My Lord There is no one like you among the gods Attempting to describe the nature of God often prompts the exclamation of the psalmist that God is unlike anyone or anything else And yet the claim is not simply the overflow of an adoring heart God s incomparability is a truth lodged deep within Christian Scripture In *The Incomparable God* Old Testament scholar Brent Strawn offers thoughtful insight into this theological mystery This volume collects eighteen of Strawn s most provocative essays on the nature of God several of which are published for the first time here Strawn covers the following topics the complex portrayal of God in Genesis God s mercy in Exodus poetic description of God in the Psalms the Trinity in both testaments pedagogy of the Old Testament integration of faith and scholarship Encompassing close readings of Scripture biblical theological argument and considerations of praxis *The Incomparable God* is essential reading for Old Testament scholars and students

**Tao te Ching** Lao Tzu, 2021-04-06 Although translations and interpretations of

the Tao te Ching abound and new editions are released yearly few accomplish the hard work of linking and bridging the Tao's profound message to the needs of modern readers There may be a profusion of versions but our lives and our world reflect little of the deep transformative potential of this important text Marc S Mullinax's new translation grows from extensive teaching experience and combines a deep understanding of the Tao's fourth century BCE Chinese context with an exciting two part application of that text to contemporary life First each of the eighty one verses is joined by a richly curated array of quotes sayings poems and stories from wisdom traditions around the globe With quotes ranging from Emerson to Pink Floyd and from the apostle Paul to Margaret Atwood the Tao's meaning comes alive in conversation with others Second a brief reflection puts the verse in historical context and highlights the transformative power of Wu Wei the non interfering action perfectly timed to promote peace and prevent injury to bring joy and justice to a hurting world

Selected Writings of Richard McKeon, Volume Two Richard P. McKeon, 1998 Richard McKeon was a philosopher of extraordinary creativity who brought profoundly original ideas to bear on more standard ways of thinking and learning A classicist medievalist and revolutionary intellectual he fashioned an approach to philosophy as a plural conversation among varied traditions of thought epochs and civilizations This second volume of McKeon's selected works demonstrates his approach to inquiry and practice in culture education and the arts Together the writings in this book show how McKeon reinvented the ancient arts of rhetoric grammar logic and dialectic for the new circumstances of a global culture In essays on creation and criticism for instance rhetoric is distinguished from grammar and shown to be the master art of invention judgment and pluralistic interpretation Writings on themes of culture meanwhile explore the self invention of mankind as justification for the arts the development of the humanities and the organization of the sciences In the closing essays on education and philosophy McKeon considers the implications of his ideas for the future of the liberal arts and higher learning

Psychoanalytic Literary Criticism Maud Ellmann, 2014-01-14 This collection of essays provides students of literary critical theory with an introduction to Freudian methods of interpretation and shows how those methods have been transformed by recent developments in French psychoanalysis particularly by the influence of Jacques Lacan It explains how classical Freudian criticism tended to focus on the thematic content of the literary text whereas Lacanian criticism focuses on its linguistic structure redirecting the reader to the words themselves Concepts and methods are defined by tracing the role played by the drama of Oedipus in the development of psychoanalytic theory and criticism The essays cover a wide generic scope and are divided into three parts drama narrative and poetry Each is accompanied by explanatory headnotes giving clear definitions of complex terms

**This Is the Faith** Rev. Fr. Francis J. Ripley, 1999-12 This Is the Faith covers everything the convert or inquirer needs to know about the Catholic faith and does so with a thoroughness that is at once completely satisfying but never trying Moreover its approach is always dignified reverent and commanding of respect The result is that the reader will garner a true picture of the reasonableness thoroughness and beauty of the Catholic religion that with grace will all but guarantee the

assent of his will if he approaches the book with honesty and integrity This book belongs in every Catholic home It is unparalleled as a review as a catch up course for the poorly informed or as an introduction to the truth of the Catholic Faith for converts Great sadly needed and destined to do great good in our time     The Blessed Virgin Mary in England Anthony Josemaria, FTI,2008-11-10 O Blessed Confidence O Safe Refuge Mother of God and Our Mother St Anselm of Canterbury 1033 1109 Doctor of the Church What is not generally known and only infrequently studied is the role of Our Lady over the centuries as a catechist teacher of the faith in a very real sense primary teacher because she is Mother of God and Mother of the Church and faithful If any one factor might be singled out for the very high level of faith and religious practice in medieval merry England merry because Mary s dowry because consecrated to Mary as her possession and property it is this Marian catechesis Only when England deliberately rejected Mary did it cease to be the happy place it once was Unfortunately English colonization of other peoples took place only after the repudiation of Mary by England That is why this catechetical work is especially valuable for the faithful and those who are seeking faith in America and other English speaking cultures It will bring to their attention precisely what is central to catechetics and so often missing the presence of Mary Mother and Teacher It will make perfectly clear why we need not fewer Marian sanctuaries but many many more in all parts of the country where this quiet but so real and profound influence of the Marian principle of the Church will be felt at every level It is my prayer and hope that those who read and study this work will find the same inspiration and stimulus that I found in having the privilege to read the manuscript before publication We are much indebted to Brother Anthony Josemaria Pasquale a Franciscan Tertiary of the Immaculate and gifted scholar for the effort he has expended to find qualified contributors and to offer so well edited a book to the general public From the Foreword by Father Peter M Fehlner FI theologian sponsor of the International Symposium on Marian Coredeemption     God, Jesus, and Other Foolishness Jeffrey A. Kramer,2022-09-13 In our post Christian society many skeptics atheists and agnostics assume that the Christian faith involves belief in spite of a lack of evidence and that Christianity encourages its adherents to be satisfied with not understanding the world This is untrue Christianity has a legacy of thought and logic and a convincing case can be made that modern science and Western culture could only have sprung from the Judeo Christian worldview Although questions of origins purpose and meaning are not easily proved true in a scientific or empirical sense things can be true without empirical proof It does not follow that religion is untrue or that religious belief is for the credulous and the gullible Many of the presuppositions underlying any worldview cannot be proven empirically and acceptance of many of the truth claims of atheism and postmodernism requires just as much faith as acceptance of the fundamentals of Christianity This book is an attempt to demonstrate that biblical Christianity is true in the sense that it is a logical interpretation of reality and our lived experience and that the implications of Christian faith make more rational sense than a rejection of that faith     *The Creationists* Ronald L. Numbers,2006 In light of the embattled status of evolutionary theory particularly as intelligent design

makes headway against Darwinism in the schools and in the courts this account of the roots of creationism assumes new relevance This edition offers an overview of the arguments and figures at the heart of the debate
