Center,2019-01-01 This fresh look at the Arts and Crafts Movement charts its origins in reformist ideals its engagement with commercial culture and its ultimate place in everyday households **America's Favorite Homes** Robert Schweitzer,Michael W. R. Davis,1990 During the first four decades of the twentieth century prefabricated and catalogue homes grew in popularity and number Built and occupied by farmers merchants the new armies of factory workers and other lower and middle class families these are the modest homes that today line American streets Using mail order house catalogues from the time Robert Schweitzer and Michael W R Davis chart the development of catalogue houses and their variations and include floor plans for many models Students of architecture whether amateur or professional preservationists and academics will find in America s Favorite Homes a handy reference to those homes that soon will be eligible for historic designation Stickley Style David M. Cathers,1999-10-05 An Archetype Press book **Gustav Stickley's Craftsman Farms** Mark Alan Hewitt,2001-03-01 From 1911 to 1917 Craftsman Farms now a major museum was the home of Gustav Stickley one of the central figures in the American Arts and Crafts Movement This book unravels the rich and sometimes contradictory ideas that informed not only Stickley but many of the artists and literary figures of the progressive era in America The year 1900 was the fulcrum in a long arc of utopian ideals dating back to Thomas Carlyle John Ruskin and William Morris in England a movement which would eventually lead up to the art communes of the Guild of Handicraft Woodstock and the MacDowell colony Craftsman Farms was at the center of a large group of American experiments in living the artistic life With this book Mark Alan Hewitt provides a foil for a critical examination of the theories that guided many architects artists and craft artisans at the turn of the last century Illustrated with specially commissioned photographs as well as many archival photographs from the Winterthur Museum and Library this book provides both a visual and historical record of Stickley s life and work during his most fertile creative period **Professional Pursuits** Catherine W. Zipf,2007 Zipf focuses on five gifted women in various parts of the country In San Diego Hazel Wood Waterman parlayed her Arts and Crafts training into a career in architecture Cincinnati s Mary Louise McLaughlin expanded on her interest in Arts and Crafts pottery by inventing new ceramic technology New York s Candace Wheeler established four businesses that used Arts and Crafts production to help other women earn a living In Syracuse both Adelaide Alsop Robineau and Irene Sargent were responsible for disseminating Arts and Crafts related information through the movement s publications Each woman s story is different but each played an important part in the creation of professional opportunities for women in a male dominated society **Home Craftsman** ,1960 Houses from Books Daniel D. Reiff,2010-11-01 Many homes across America have designs based on plans taken from pattern books or mail order catalogs In Houses from Books Daniel D Reiff traces the history of published plans and offers the first comprehensive survey of their influence on the structure and the style of American houses from 1738 to 1950 Houses from Books shows that architectural publications from Palladio s I Quattro Libri to Aladdin s Read Cut Homes played a decisive role in every aspect of American domestic building Reiff discusses the people

and the firms who produced the books as well as the ways in which builders and architects adapted the designs in communities throughout the country His book also offers a wide ranging analysis of the economic and social conditions shaping American building practices As architectural publication developed and grew more sophisticated it played an increasingly prominent part in the design and the construction of domestic buildings In villages and small towns which often did not have professional architects the publications became basic resources for carpenters and builders at all levels of expertise Through the use of published designs they were able to choose among a variety of plans styles and individual motifs and engage in a fruitful dialogue with past and present architects Houses from Books reconstructs this dialogue by examining the links between the published designs and the houses themselves Reiff s book will be indispensable to architectural historians architects preservationists and regional historians Realtors and homeowners will also find it of great interest A catalog at the end of the book can function as a guide for those attempting to locate a model and a date for a particular design Houses from Books contains a wealth of photographs many by the author that enhance its importance as a history and guide *Popular Mechanics* ,1979-06 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle **V.
