Institute of Library Research, University of California, Berkeley, 1972 *The Not-So-Still Life* Susan Landauer, William H. Gerdt, Patricia Trenton, 2003-11-10 Presenting interpreting and celebrating the world renowned and the lesser known California artists who have uniquely defined and redefined the still life this volume offers an exploration of the sensual pleasures the aesthetic challenges and the intellectual and perceptual associations of a century of art through the prism of a single genre **BOOK JACKET** □□□□□□□□, 1973 An Architectural Guidebook to Los Angeles Robert Winter, 2009-09 Known as the bible to Los Angeles architecture scholars and enthusiasts Robert Winter and David Gebhard's groundbreaking guide to architecture in the greater Los Angeles area is updated and revised once again From Art Deco to Beaux Arts Spanish Colonial to Mission Revival Winter discusses an impressive variety of architectural styles in this popular guide that he co authored with the late David Gebhard New buildings and sites have been added along with all new photography Considered the most thorough L A architecture guide ever written this new edition features the best of the past and present from Charles and Henry Greene's Gamble House to Frank Gehry's Disney Philharmonic Hall This was and is again a must have guide to a diverse and architecturally rich area Robert Winter is a recognized architectural historian who lives in Los Angeles and has led architectural tours through the Los Angeles area since 1965 He is a professor at Occidental College in Los Angeles Miniature Crafts and Their Makers Katrin Flechsig, 2022-07-12 Picture a throng of tiny devils and angels or a marching band so small it can fit in the palm of your hand In a Mixtec town in the Mexican state of Puebla craftspeople have been weaving palm since before the Spanish Conquest but over the past forty years that art has become more finely tuned and has won national acceptance in a market nostalgic for an authentic Indian past In this book Katrin Flechsig offers the first in depth ethnographic and historical examination of the miniature palm craft industry taking readers behind the scenes of craft production in order to explain how and why these folk arts have undergone miniaturization over the past several decades In describing this Lilliputization of Mexico she discusses the appeal of miniaturization revealing how such factors as tourism and the construction of national identity have contributed to an ongoing demand for the tiny creations She also contrasts the playfulness of the crafts with the often harsh economic and political realities of life in the community Flechsig places the crafts of Chigmecatitl n within the contexts of manufacturing local history religion design and

technique and selling She tells how innovation is introduced into the craft such as through the modification of foreign designs in response to market demands She also offers insights into capitalist penetration of folk traditions the marketing of folk arts and economic changes in modern Mexico And despite the fact that the designations folk and Indian help create a romantic fiction surrounding the craft Flechsig dispels common misperceptions of the simplicity of this folk art by revealing the complexities involved in its creation More than thirty illustrations depict not only finished miniatures but also the artists and their milieu Today miniatures serve not only the tourist market middle class Mexicans also collect miniatures to such an extent that it has been termed a national pastime Flechsig's work opens up this miniature world and shows us the extent to which it has become a lasting and important facet of contemporary Mexican culture

American and British Writers in Mexico, 1556-1973 Drewry Wayne Gunn, 2014-07-03 American and British Writers in Mexico is the study that laid the foundation upon which subsequent examinations of Mexico's impact upon American and British letters have built Chosen by the Mexican government to be placed in translation in its public libraries the book was also referenced by Nobel Laureate Octavio Paz in an article in the New Yorker Reflections Mexico and the United States Drewry Wayne Gunn demonstrates how Mexican experiences had a singular impact upon the development of English writers beginning with early British explorers who recorded their impressions for Hakluyt's Voyages through the American Beats who sought to escape the strictures of American culture Among the 140 or so writers considered are Stephen Crane Ambrose Bierce Langston Hughes D H Lawrence Somerset Maugham Katherine Anne Porter Hart Crane Malcolm Lowry John Steinbeck Graham Greene Tennessee Williams Saul Bellow William Carlos Williams Robert Lowell Ray Bradbury Allen Ginsberg William Burroughs and Jack Kerouac Gunn finds that while certain elements reflecting the Mexican experience colors landscape manners political atmosphere a sense of the alien are common in their writings the authors reveal less about Mexico than they do about themselves A Mexican sojourn often marked the beginning the end or the turning point in a literary career The insights that this pioneering study provide into our complex cultural relationship with Mexico so different from American and British authors encounters with Continental cultures remain vital The book is essential for anyone interested in understanding the full range of the impact of the expatriate experience on writers

Fifty Golden Years of Craftsmanship Edward H. Christensen, 1969 The Classical Hollywood Cinema David Bordwell, Janet Staiger, Kristin Thompson, 2003-09-02 Acclaimed for its breakthrough approach and its combination of theoretical analysis and empirical evidence this is the standard work on the classical Hollywood cinema style of film making from the silent era to the 1960s *Kem Weber* Christopher Alan Long, 2014-01-01 The first major look at the renowned industrial designer and architect who helped to shape the look of American modernism from the 1920s through the early 1950s For German born Kem Weber 1889-1963 design was not about finding a new expression it was about responding to structural economic and social requirements characteristic of our daily routine of living He sought to ensure that each design he produced whether a piece of furniture or a building or an interior

was an improvement that responded to modern needs and modern life Weber was a leading figure of modernism on the West Coast from the 1920s through the early 1950s and his work greatly influenced the California style of the time His most iconic designs were his Bentlock line the Air Line chair the interiors for the Bixby House and his tubular steel furniture for Lloyd This book a result of significant new primary research in the Weber family s archives represents the first major study of the life and career of this important designer Christopher Long details the full range of Weber s contributions focusing particularly on the part he played in the advancement of American modernism and his role in heralding a new way of making and living

Truth and Vision in Katherine Anne Porter's Fiction Darlene Harbour Unrue,2008-12-01 My stories are fragments of a larger plan Katherine Anne Porter once wrote And on another occasion she praised a critic who perceived that all her work from the very beginning was part of an unbroken progression all related In *Truth and Vision in Katherine Anne Porter s Fiction* Darlene Unrue examines the encompassing themes that underlie Porter s shorter fiction and that combined to create the haunting events of her complex metaphorical novel *Ship of Fools* Porter believed that men and women are compelled toward discovering the truth about their existence but that the nature of our world makes those truths difficult to discern In her writing Unrue finds Porter explored not only this basic human need to confront the truth but also the bewilderment and suffering that are so often the results of failing to fulfill that need Often in Porter s fiction the movement toward truth is obstructed by the hollow beliefs and illusions that abound in the world by the seductions of ideology and dogmatic religion by romantic love or the vision of a golden past Clinging to such illusions using them to lend a false coherence to their lives Porter s characters are led away from the hard realization that truth requires accepting the existence of the unknowable at the center of life and that what is knowable lies within themselves Drawing on essays reviews letters and notes as well as on the intricate fabric of the fiction this study traces Porter s pursuit of the truth through the creation of a body of fiction in which from fragments of life she could assemble an honest vision of the world □□□□ □□□□□□ □(Japan),1974
