Office of Flying Safety, 1945 **Flying Magazine**, 1973-01 South Korean Popular Culture in the Global Context Sojin Lim, 2022-08-17 This book explores the recent landscape of Korean popular culture including celebrity diplomacy political activism and inter Korean relations in the era of contact with a special focus on K pop and K drama Utilising the interdisciplinary approach along with theoretical accounts it redefines popular culture and its true power beyond soft power including discussions of how the pandemic and the use of online platforms have coincidentally or effectively influenced recent phenomena surrounding Korean popular culture It reveals both the possibilities and pitfalls of Hallyu diplomacy and the UN's celebrity diplomacy more broadly and highlights how through the mobilisation of a large internet fanbase the modern K pop stardom can influence political discourse The book also features an examination of the political significance of the K drama through which it highlights the potential of popular media to impact inter Korean relations and inform current international understanding and perception of the Korean conflict Dealing with the wider scope of Korean popular culture this book will be a valuable resource to students and scholars of South Korea international relations public diplomacy political activism and cultural and media studies **Voices of Exile in Contemporary Canadian Francophone Literature** Elizabeth Dahab, 2010-12-01 Over the last four decades the largest French speaking state in North America Quebec has nested more than a dozen vibrant modes of French expression created by members of the varied cultural communities that have settled there *Voices of Exile in Contemporary Canadian Francophone Literature* examines the works of several first generation Canadian authors originating from Lebanon Iraq Egypt and the Maghreb who produced a trilingual literature that reflects the diversity of their cultural backgrounds By casting a critical eye on the works of Saad Elkhadem Naim Kattan Abba Farhoud Wajdi Mouawad and HZdi Bouraoui Elizabeth Dahab explores themes styles and structures that characterize the oeuvre of those authors Dahab demonstrates that their mode is exile and in so doing she reveals the ways in which these writers seek to shape their art using a host of innovative techniques that engage their renewed cultural identity Millennial North Korea Suk-Young Kim, 2024-10-15 North Korea may be known as the world's most secluded society but it too has witnessed the rapid rise of new media technologies in the new millennium including the introduction of a 3G cell phone network in 2008 In 2009 there were only 70 000 cell phones in North Korea That number has grown tremendously in just over a decade with over 7 million registered as of 2022 This expansion took place amid extreme economic hardship and the ensuing possibilities of destabilization Against this social and political backdrop Millennial North Korea traces how the rapidly expanding media networks in North Korea impact their millennial generation especially their perspective on the outside world Suk Young Kim argues that millennials in North Korea play a crucial role in exposing the increasing tension between the state and its people between risktakers who dare to transgress strict social rules and

compliant citizens accustomed to the state's centralized governance and between thriving entrepreneurs and those left out of the growing market economy Combining a close reading of North Korean state media with original interviews with defectors Kim explores how the tensions between millennial North Korea and North Korean millennials leads to a more nuanced understanding of a fractured and fragmented society that has been frequently perceived as an unchanging monolithic entity
