Cream Of The Crop Canadian Aircrew 1939 1945:

Cream of the Crop Allan Douglas English, 1996 A unique offering to military studies critiquing the effectiveness of the Royal Canadian Air Forces aircrew preparations for war a selection system and training program which became a modern model English war studies Royal Military College of Canada traces the development of aviation psychology and the treatment of psychological casualties in air combat paying attention to the controversy of diagnosing aviators as lacking moral fibre and its effect on morale By exploring these issues the author includes the human dimension as an influence on air force effectiveness as much as material and technological innovations Includes some photographs Canadian card order number C96 900371 4 Annotation copyrighted by Book News Inc Portland OR [Duty with Honour: the Story of a Young Canadian with Bomber Command in the Second World War](#) Elizabeth A. Reynolds, 2010-09-13 The role of Bomber Command in World War II has been hotly debated over the years Whatever one may think about the effectiveness and morality of the overall strategy it is difficult to question the commitment of the individual airmen Bomber Command suffered the greatest loss per capita of all the Allied forces experiencing a 63 per cent casualty rate At one point during the war a navigator could expect to survive fewer than 12 bombing operations *Duty With Honour* is the story of one young navigator who served in the Royal Canadian Air Force from 1940 1945 Flight Lieutenant Lindsay Reynolds completed a tour of operations in the Middle East and returned home in 1943 to instruct in the British Commonwealth Air Training Plan in Canada This is the story of the impact of his experiences in a time of war on the life he lived when World War II was over It is a story of one mans commitment to duty with honour **Pathfinder Aircrew** Jennie Mack Gray, 2021-06-30 Who were the RAF Pathfinders in the Second World War Who led them What gave them the courage to carry on despite flak night fighters and the many other hazards of air warfare The Path Finder Force was RAF Bomber Command s only official elite Force and it played a vital part in the Command s campaigns against Nazi Germany This detailed and sympathetic account based on 25 years research vividly describes what sort of people the Pathfinders were what sustained them during their highly dangerous operations and how their comrades friends and families dealt with the all too frequent losses at sea in Occupied Europe in Germany or in terrible accidents on British soil Most of the personal documents used in *Pathfinder Aircrew* have never been published before Based almost entirely on wartime or immediate post war records including aircrew letters and diaries this book tells a very human story of members of an elite which was a byword for perseverance technical excellence and the most magnificent bravery **The Insubordinate and the Noncompliant** Howard Coombs, 2008-03-28 *The Unwilling and the Reluctant* Theoretical Perspectives on Disobedience in the Military and *The Apathetic and the Defiant* Case Studies of Canadian Mutiny and Disobedience 1812 1919 are the first two volumes in a series devoted to disobedience issues in the Canadian military Now with *The Insubordinate and the Noncompliant* the trilogy is complete Military leadership has both formal and informal dimensions The formal leadership of any organization must ensure that it minimizes the divergence between institutional

aims and the actions of informal leaders When this separation occurs the result is sometimes mutiny These incidents of insubordination and noncompliance represent a form of dialogue between military personnel and their leadership The Insubordinate and the Noncompliant offers a perspective on the Canadian experience with military mutiny in the twentieth century in an effort to provide relevant lessons for today The art of wing leadership and aircrew morale in combat ,

The Job To Be Done Clint L. Coffey,2023-01-12 A unique blend of historical narrative and personal memoir this is the powerful true story of seven young men including the author s father who served in Bomber Command in World War Two Based on a pilot s logbook and years of research this beautifully crafted historical exploration follows the young airmen through training and then vividly relates their experiences in almost sixty combat operations against targets in Germany and France The story of their lives after returning home including the burdens they carried with them is told with empathy and compassion The Job To Be Done is a compelling combination of original WW2 records and historical fact with thoughtful analysis and insights Using unique maps photographs logbook pages and interviews and anecdotes it crafts a deeply personal story that will resonate with fans of both military history and memoir The Job To Be Done is a heartfelt tribute and a uniquely rewarding reading experience *The Leadership, Direction and Legitimacy of the RAF Bomber Offensive from Inception to 1945* Peter Gray,2012-05-31 An examination of the strategic leadership and legitimacy of the RAF bombing offensive against Germany in the Second World War *Living with War* Robert Teigrob,2016-04-11 Canada and the United States we think of one as a peaceable kingdom the other as a warrior nation But do our expectations about each country s attitudes to war and peace match the realities In *Living with War* Robert Teigrob examines how war is experienced and remembered on both sides of the 49th parallel Surveying popular and scholarly histories films and literature public memorials and museum exhibits in both countries he comes to some startling conclusions Americans may seem more patriotic even jingoistic but they are also more willing to debate the pros and cons of their military actions Canadians though more diffident in their public displays of patriotism are more willing than their southern neighbors to accept the official narrative that depicts just wars fought in the service of a righteous cause A provocative book that complements critiques of contemporary Canadian militarism such as *Warrior Nation* *Living with War* offers an intriguing look at the relationship with the military past on both sides of the border **They Hosed Them Out** John Bede Cusack,2012 A classic Australian war novel inspired by the author s experiences as an airgunner in the Second World War This new revised and annotated edition includes chapters never before published a fascinating biography of John Bede Cusack by his daughter Kerry McCouat and an informative introduction by editor Robert Brokenmouth **Canada's Air Force** David J. Bercuson,2024-10-17 The Royal Canadian Air Force RCAF was founded in 1924 as a sort of federal air service carrying out civilian type operations for Ottawa In the Second World War the RCAF grew to more than 200 000 personnel in overseas squadrons and performed virtually every type of mission including bombing and hunting submarines Over the decades since the RCAF has tried valiantly to carry out its

mission of defending Canada even when starved of funds by the federal government Today it is once again on the verge of becoming a modern well equipped air force In Canada s Air Force historian David J Bercuson shares the history of the first one hundred years of the Royal Canadian Air Force from its inception in 1924 to its centennial in 2024 Drawing on memoirs diaries unpublished histories archival sources interview transcripts and standard reference works such as The Bomber Command War Diaries Bercuson traces the history of the RCAF as not only a fighting force but also a human institution Canada s Air Force analyses the first century of the RCAF through the clear eyed perspective of a Canadian historian who has closely scrutinized one hundred years of the RCAF s story **Flying against Fate** S. P. MacKenzie,2017-08-04 During World War II Allied casualty rates in the air were high Of the roughly 125 000 who served as aircrew with Bomber Command 59 423 were killed or missing and presumed killed a fatality rate of 45 5% With odds like that it would be no surprise if there were as few atheists in cockpits as there were in foxholes and indeed many airmen faced their dangerous missions with beliefs and rituals ranging from the traditional to the outlandish Military historian S P MacKenzie considers this phenomenon in *Flying against Fate* a pioneering study of the important role that superstition played in combat flier morale among the Allies in World War II Mining a wealth of documents as well as a trove of published and unpublished memoirs and diaries MacKenzie examines the myriad forms combat fliers superstitions assumed from jinxes to premonitions Most commonly airmen carried amulets or talismans lucky boots or a stuffed toy a coin whose year numbers added up to thirteen counterintuitively a boomerang Some performed rituals or avoided other acts e g having a photo taken before a flight Whatever seemed to work was worth sticking with and a heightened risk often meant an upsurge in superstitious thought and behavior MacKenzie delves into behavior analysis studies to help explain the psychology behind much of the behavior he documents not slighting the large cohort of crew members and commanders who demurred He also looks into the ways in which superstitious behavior was tolerated or even encouraged by those in command who saw it as a means of buttressing morale The first in depth exploration of just how varied and deeply felt superstitious beliefs were to tens of thousands of combat fliers *Flying against Fate* expands our understanding of a major aspect of the psychology of war in the air and of World War II *A Companion to World War II* Thomas W. Zeiler,Daniel M. DuBois,2012-12-21 *A Companion to World War II* brings together a series of fresh academic perspectives on World War II exploring the many cultural social and political contexts of the war Essay topics range from American anti Semitism to the experiences of French African soldiers providing nearly 60 new contributions to the genre arranged across two comprehensive volumes A collection of original historiographic essays that include cutting edge research Analyzes the roles of neutral nations during the war Examines the war from the bottom up through the experiences of different social classes Covers the causes key battles and consequences of the war *The Age of Stress* Mark Jackson,2016-11-17 We are living in a stressful world yet despite our familiarity with the notion stress remains an elusive concept In *The Age of Stress* Mark Jackson explores the history of scientific studies of stress in the

modern world In particular he reveals how the science that legitimates and fuels current anxieties about stress has been shaped by a wide range of socio political and cultural as well as biological factors stress he argues is both a condition and a metaphor In order to understand the ubiquity and impact of stress in our own times or to explain how stress has commandeered such a central place in the modern imagination Jackson suggests that we need to comprehend not only the evolution of the medical science and technology that has gradually uncovered the biological pathways between stress and disease in recent decades but also the shifting social economic and cultural contexts that have invested that scientific knowledge with meaning and authority In particular he argues we need to acknowledge the manner in which enduring concerns about the effects of stress on mental and physical health are the product of broader historical preoccupations with the preservation of personal and political as well as physiological stability

Weary Warriors Pamela Moss, Michael J. Prince, 2014-06-01 As seen in military documents medical journals novels films television shows and memoirs soldiers invisible wounds are not innate cracks in individual psyches that break under the stress of war Instead the generation of weary warriors is caught up in wider social and political networks and institutions families activist groups government bureaucracies welfare state programs mediated through a military hierarchy psychiatry rooted in mind body sciences and various cultural constructs of masculinity This book offers a history of military psychiatry from the American Civil War to the latest Afghanistan conflict The authors trace the effects of power and knowledge in relation to the emotional and psychological trauma that shapes soldiers bodies minds and souls developing an extensive account of the emergence diagnosis and treatment of soldiers invisible wounds

Tim's Story Brian Buckley, 2022-09-23 Courage Heroism Endurance These qualities are emblematic of the stories of thousands of Canadians who fought during World War II Canadians like Tim Carlon a young Montrealer who went off to war doing his part in a global struggle whose legacy remains as relevant as ever eight decades later Tim's Story A Canadian Airman in World War II is a tale of an airman who was decorated for gallantry in 1942 only to be wounded and shot down over Germany the following year He spent over two years in POW camps and survived two forced marches in 1945 before the war finally ended But Tim's sacrifice didn't end when he came home A war related illness claimed his life a few years after he returned to Canada Brian Buckley whose wife is Tim Carlon's niece wrote this account to preserve the memory of a brave young man one of Canada's many heroes whose stories and legacies deserve to be remembered A tribute to all those who served Tim's Story also aims to deepen Canadians collective understanding of our country's role in a conflict that largely shaped the modern world

Crerar's Lieutenants Geoffrey Hayes, 2017-07-12 In 1943 General Harry Crerar penned a memorandum in which he noted that there was still much confusion as to what constitutes an Officer His words reflected the army's preoccupation with creating an ideal officer who would not only meet the immediate demands of war but also be able to conform to notions of social class and masculinity

Drawing on a wide range of sources and exploring the issue of leadership through new lenses this book looks at how the army selected and trained its junior officers after 1939 to embody the new ideal It finds that these young men through the mentors they copied the correspondence they left even the songs they sang practised a temperate heroism that distinguished them from the idealized heroic visions of officership from the First World War Fascinating and highly original this book sheds new light on the challenges many junior officers faced during the Second World War not only on the battlefield but from Canadians often conflicted views about social class and gender Canadians Under Fire Robert Charles Engen,2009 Infantrymen have been the sledgehammer of land warfare throughout the 20th century but precisely how they fought back at the tactical level has been difficult to determine This book explains how Canadian soldiers fought killed and died during the Second World War Kingdom of the Mind Peter E. Rider,2006-04-05 Many Canadians with a Scottish background still feel the pull of their Gaelic origins During the eighteenth and nineteenth centuries Scots dominated Montreal and by extension the rest of the country Their habits and attitudes influenced business education science and medicine the military and even the way Canadians imagined themselves **Varsity's Soldiers** Eric McGeer,2019-09-04 The role of Canadian universities in selecting and training officers for the armed forces is an important yet overlooked chapter in the history of higher education in Canada For more than fifty years the University of Toronto supported the largest and most active contingent of the Canadian Officers Training Corps COTC which sent thousands of officer candidates into the regular and reserve forces Based on the rich fund of documents housed in the university archives Varsity s Soldiers offers the first full length history of military training in Toronto Beginning with the formation of a student rifle company in 1861 and focusing on the story of the COTC from 1914 to 1968 author Eric McGeer seeks to enlarge appreciation of the university s remarkable contribution to the defence of Canada the place of military education in an academic setting and the experience of the students who embodied the ideal of service to alma mater and to country
