looking for happiness searching for it themselves or those trying to deal with their relationships She also wrote it for herself to close a chapter of her life and assess its worth She writes about her experiences wins and losses and maybe through them you will realize what you want and don't want in your life and those things that influence us in life Sometimes it can be some small thing and sometimes something more serious that will be reflected in our subconscious This negative information about ourselves then influences us on our journey through life and will trap us in certain models of behavior Her story is about searching for her own path Despite being divorced she is fully supportive of the family life and that it is an arena of freedom What do you think gives us freedom
