Creation Of Israel:

The Creation of Israel Jim Whiting, 2020-02-04 The formation of the State of Israel in 1948 is one of the most important events in recent History About 3 000 years ago Israel was a powerful nation But it soon fell from power and in the second century CE most Jews were forced out of their homeland Many went to Europe where they were subject to prejudice and persecution for centuries By far the worst case was the Holocaust in which six million Jews were killed Their suffering accelerated a move toward the development of a Jewish state in what came to be called Palestine However Palestine was the home to hundreds of thousands of Arabs Conflict between the two sides was inevitable Open warfare broke out after the United Nations voted to partition Palestine into a Jewish state and an Arab state Though the Israelis achieved their independence the region has never known true peace

The Creation of Israel Phillip Margulies, 2005 Israel s creation in 1948 was the fulfillment of an ancient dream for the persecuted Jewish people the culmination of 75 years of Zionist diplomacy and settlement and a disaster for 700 000 Palestinian refugees This anthology examines the forces that led to the creation of Israel and the unresolved issues that continue to rivet the world s attention to this small strip of land on the Mediterranean Sea

The Creation of the State of Israel Myra Immell, 2009-10-16 Tensions in the Middle East are due to a number of reasons with the creation of Israel being among them Give readers a much needed survey of several lively debates relating to the creation of the state of Israel Essay sources include The Times of London The Jerusalem Post and The Higher Arab Committee While essayist Jamal el Hussein argues that Palestine should not be partitioned Abba Hillel Silver argues that Palestine should be partitioned Sequenced in the pro versus con format these essays will activate your readers critical thinking skills Once seating reader s deeply in the debates personal narratives are then shared by those living with the issues of disharmony between Palestine and Israel Narratives include a student celebrating the dawn of the Jewish state and a young immigrant who joins the Haganah

Trajectories Bryan C. Babcock, James Spencer, 2018-03-02 Trajectories meets an urgent need in both undergraduate and graduate study of the Old Testament Too often Old Testament theology focuses on the end product and leaves the process obscured Each chapter of Trajectories provides a clear path connecting biblical research to theological conclusions The final chapter offers a step by step method for completing a thorough hermeneutical analysis framed within a discussion of the gospel message Trajectories also seeks to situate Old Testament theology in relation to global and generational trends influencing the church and evangelical theology The implications of globalization and the rise of millennials on Old Testament theology are critical and thought provoking topics for discussion Chapters in Trajectories are organized thematically so the textbook can serve as a companion study guide to courses in the Old Testament and New Testament In addition the exploration of topics allows each study to link to the New Testament Each chapter concludes with tangible applications for the contemporary Christian church and with questions for group discussion and reflection

The Narration of Creation R.E. Franzen M.Div. BCC, 2025-01-26 Imagine sitting at the feet of Jesus with Him telling you His very own story of how He created you Who better to tell God's story about you than God Himself How do we hear the purity of that story The Narration of Creation shares a progression through God's revelation of the Genesis creation in a fresh inspirational way It describes two lenses in which we interpret through and the contrast between the two God intended His story to unfold from His perspective a top down perspective rather than from the usual ground up viewpoints This study reveals the very person and nature of God Himself and in doing so offers new contributions to our understanding of God's creation story Hearing the purity of the creation narrative allows you to discover your true identity find security and belonging and feel valued and loved beyond measure Uplifting and enlightening this devotional style study invites you to view the creation story through the lens of God's attributes and nature

Judaism's Story of Creation Jacob Neusner, 2000 During the formative age of Judaism rabbis endeavoured to describe the world as God had intended it to be resulting in the Halakhah law and Aggadah lore which encompassed Scripture This volume provides five systematic accounts of the Halakhah and the Aggadah

Creation, Covenant, and the Beginnings of Judaism Ari Mermelstein, 2014-10-13 This study examines the relationship between time and history in Second Temple literature Numerous sources from that period express a belief that Jewish history began with an act of covenant formation and proceeded in linear fashion until the exile an unprecedented event which severed the present from the past The authors of Ben Sira Jubilees the Animal Apocalypse and 4 Ezra responded to this theological challenge by claiming instead that Jewish history began at creation Between creation and redemption history unfolds as a series of static repeating patterns that simultaneously account for the disappointments of the Second Temple period and confirm the eternal nature of the covenant As iterations of timeless cyclical patterns the difficult post exilic present and the glorious redemption of the future emerge as familiar unremarkable

and inevitable historical developments *Race* J. Kameron Carter, 2008-09-02 In *Race A Theological Account* J Kameron Carter meditates on the multiple legacies implicated in the production of a racialized world and that still mark how we function in it and think about ourselves These are the legacies of colonialism and empire political theories of the state anthropological theories of the human and philosophy itself from the eighteenth century Enlightenment to the present Carter s claim is that Christian theology and the signal transformation it along with Christianity underwent is at the heart of these legacies In that transformation Christian anti Judaism biologized itself so as to racialize itself As a result and with the legitimation of Christian theology Christianity became the cultural property of the West the religious ground of white supremacy and global hegemony In short Christianity became white The racial imagination is thus a particular kind of theological problem Not content only to describe this problem Carter constructs a way forward for Christian theology Through engagement with figures as disparate in outlook and as varied across the historical landscape as Immanuel Kant Frederick Douglass Jarena Lee Michel Foucault Cornel West Albert Raboteau Charles Long James Cone Irenaeus of Lyons Gregory of Nyssa and Maximus the Confessor Carter reorients the whole of Christian theology bringing it into the twenty first century Neither a simple reiteration of Black Theology nor another expression of the new theological orthodoxies this groundbreaking book will be a major contribution to contemporary Christian theology with ramifications in other areas of the humanities **The Beginning and End of All Things** Edward W. Klink III, 2023-05-30 Edward W Klink III presents a

holistic understanding of creation one that is unfolded throughout all of Scripture and is at the core of the gospel itself Along with offering rich insights about God and his purposes for the world a biblical theology of creation guides how we engage nature culture and life as embodied beings **Alternate Delimitations in the Hebrew and Greek Psalters** Paul J.

Sander, 2020-07-07 Numerous Greek and Hebrew manuscripts of the book of Psalms combine and split several psalms in ways that are not found in a modern bible Paul J Sander explores the literary and theological interpretative possibilities created by these alternate delimitations of the biblical text Provided by publisher **Israeli Exceptionalism** M.

Alam, 2009-11-09 This book discusses the small band of European Zionists who entered the world stage in late 19th century determined to create a Jewish state and considers how at that time in Europe Jewish Gentile frictions were local problems whilst today in Israel they have come to form the pivot of global conflict Old Testament Theology: The theology of Israel's

Daniel I. Block, David C. Deuel, C. John Collins, Paul J. N. Lawrence, 2020-07-11 Write That They May Read is a collection of essays written in honor of our mentor friend and fellow scholar Professor Alan R Millard. Respectful of his contribution to our understanding of writing and literacy in the ancient biblical world, all the essays deal with some aspect of this issue ranging in scope from archeological artifacts that need to be read to early evidence of writing in Israel's world to the significance of reading and writing in the Bible including God's own literacy to the production of books in the ancient world and the significance of metaphorical branding of God's people with his name. The contributors are distributed among Professor Millard's peers and colleagues in a variety of institutions: his own students and students of his students. They represent a variety of disciplines including biblical archeology, Egyptology, Assyriology, Hebrew and other Northwest Semitic texts and the literature of the Bible and reside in North America, Japan, the United Kingdom, Denmark, and Germany.
