Creation

Evolution?

NOT REALLY!

William A. Schenkel

The author's answer to the question of evolution and creation is not a simple one. He is not a creationist, but he is not an evolutionist either. He is a Christian, and he believes in the Bible. He believes that the Bible is the word of God, and that it contains the truth about the world and about ourselves. He believes that the Bible teaches us that we are created in the image of God, and that we are responsible to God for our actions. He believes that the Bible teaches us that we are to love God and to love our neighbors as ourselves. He believes that the Bible teaches us that we are to seek the kingdom of God and to be satisfied with nothing but God. He believes that the Bible teaches us that we are to be holy, as God is holy. He believes that the Bible teaches us that we are to be kind, merciful, and patient. He believes that the Bible teaches us that we are to be gentle and lowly in spirit, and that we are to be at peace with all men. Creation Versus Evolution Not Really:

Creation Versus Evolution--Not Really William A. Schmeling, 1977-11 **Charting the Supernatural Judgements of Planet Earth** Jerimiah Asher, 2010-08-10 Chapter 3 The First Judgment The World Prior To Adam There may have been many judgments upon the earth since its beginning millions or billions of years ago however the present commentary will deal only with the last tens of thousands of years of earth's existence In Genesis 1:2 the verses written by Moses as author of the Genesis account portray an earth that was veiled in darkness so that its form could not be discerned The earth at that time was covered with water ice high above the mountain tops so that it gave the appearance of being a dark revolving sphere of frozen water Table 2 God's spirit is described as hovering over this revolving ball of water and brooding over the sad condition of this dark void planet God did not create a dark and dismal planet at the beginning because God does not create darkness in fact darkness is incompatible with His existence and presence So what had happened that God viewed Gen 1:2 such a decrepit state of the world Does scripture attempt to explain this phenomenon or does the inspired word of God remain silent on this issue It was first proposed as a theory by the Scotsman Thomas Chalmers in the early 19th century that a gap in time existed between Genesis 1:1 and Genesis 1:2 This gap in time would encompass a ruin reconstruction theme and the existence of pre Adamic living beings Obviously a huge catastrophic event would have had to occur to produce this decadent state of the world The gap concept was later popularized by mention in the margin notes of the Scofield Reference Bible *The Creationist Debate* Arthur McCalla, 2006-06-15 This book places the present Creationist opposition to the theory of evolution in historical context by setting out the ways in which from the seventeenth century onwards investigations of the history of the earth and of humanity have challenged the biblical views of chronology and human destiny and the Christian responses to these challenges The author's interest is not primarily directed to questions such as the epistemological status of scientific versus religious knowledge or the possibility of a Darwinian ethics but rather to the problems and various responses to the problems raised in a particular historical period in the West for the Bible by the massive extension of the duration of geological time and human history *Catalog of Copyright Entries. 100 Years of Deception Alan R. Adaschik,2015-06-25 The citizens of the United States have been played for fools for the past 100 years Very few of us know what is behind the events that have shaped our world Most Americans assume that information provided by the news radio and television industries is the truth And most of it is However it is also true that on critical issues we only get part of the story and important information is deliberately left out 100 Years of Deception begins by establishing that passage of the Federal Reserve Act in 1913 constituted an overthrow of our government Since then the conspirators have pulled the strings that make us dance and controlled our Nation s media to keep us in the dark and compliant The conspirators eventually infiltrated most of the key institutions of our society Through propaganda and undue influence they have shaped how Americans view the world and left us hopelessly brainwashed This book not only demonstrates that our government was overthrown it also provides an accounting of the catastrophic consequences the world has suffered because of these conspirators and offers proposals for rectifying our deplorable state of affairs As Americans we owe it to ourselves and our children to seek the truth and put an end to the 100 Years of Deception that shaped the world within which we live

J. MACDONALD JR,2009-08-05 How are we to make sense of the Bible in the context of the modern world In this book you will discover a new way of perceiving the world a way in which the biblical view of the world can be seen as just as true for us as the modern scientific view of the world The World Perceived explores how we think about the world how we perceive the world and how we choose to live our lives in the world Using phenomenology as a philosophical framework for the construction of a biblical theology of appearances the author illustrates how the biblical description of reality is of far greater relevance to us than are the descriptions of reality given to us by modern science and popular science writers By exploring the epistemological bases of both science and theology as a forms of knowledge along with the assumptions implicit within both worldviews The World Perceived invites the reader upon an intellectual journey into the world of phenomenal reality The author makes a strong case for the validity of the biblical description of the world and reality by demonstrating how the modern scientific description of the world and reality are in no way superior to the biblical description Using three examples of conflicting scientific and biblical descriptions of the world i e the geocentric versus the heliocentric conception of the universe creation versus evolution and absolute time versus relative time The World Perceived demonstrates the Bible s relevancy to the modern world which is often hostile to both religion and the Bible like no other book on the market today **Symposium on Christian Reconstruction in the Western World Today (JCR Vol. 09)** R. Can Religious Believers Accept Evolution? John Caiazza,2000 That there is a conflict between religion and evolution there can be no doubt a conflict which arose during the Victorian era in England where Charles Darwin lived and where he published his famous book The Origin of Species The publication of Darwin s book evoked intense interest and public opinion quickly became polarized bringing strong support from scientists and people of a more liberal persuasion and bringing strong not to say vehement opposition from religious believers and people of a more conservative bent It was not a controversy over a slight matter a tempest in a Victorian teacup as it has been called for the issue was nothing less than the nature of man and his place in the universe among all other living beings topics which had effects on numerous other issues such as the existence of God the nature of social justice and the truth of the Bible *Proceedings, American Philosophical Society (vol. 127, No. 6, 1983)* , **The Spectator** ,1885 *Don't Tell Me* Mark Schwieso,2022-08-19 Today we live in a complacent country where only certain answers are acceptable In this book the author dares to go against accepted wisdom considering questions such as Is the divorce rate really 50% and if it isn t what is it and why should we care Why is the media telling us COVID 19 is so bad Do we really know Charles Darwin s theory of evolution to be true Has the Bible been disproven and debunked Other topics include the Big Bang Theory biological differences between men and women politics and religion random mutations UFOs and global myths The author also explains that the best lies are 99% true liars practice their craft using the truth to mislead others Moreover he notes that no matter what you believe truth is still true For instance even if a person believes they can fly if they jump off a ten story building they will still die upon hitting the ground Join the author as he asks questions that the establishment would prefer you keep to yourself by reading Don t Tell Me **Did God Really Say That?** Harold A.
