Ladner,2024-01-23 From the 1970s until his death in 2007 Jerry Falwell merged American nationalism with an end times approach to the Bible known as dispensationalism In the process he corrupted both while creating a novel way for conservative Christians to understand current events as the fulfillment of prophecy He taught that the events of the Cold War had been divinely foretold in the Bible and that America was God s chosen nation in these present end times By implementing his conservative economics known as biblical morality the country could be saved and would survive the coming wrath of God This message which was otherwise on the margins of American public life found resonance in the backlash to the civil rights movement and especially in Ronald Reagan a fellow believer in the end times battle of Armageddon In organizing his voting bloc the Religious Right along the lines of dispensationalism and nationalism Falwell claimed that America had to return to Protestant fundamentalism as a panacea to the liberal conspiracy which included talk of climate change affirmative action women s liberation including abortion gay rights and a nuclear freeze This liberal conspiracy had supposedly been biblically prophesied yet would cripple America as it faced the impending wrath of God The movement Falwell began found its savior in Donald Trump God s man for undoing the conspiracy and restoring unregulated capitalism and an imagined American Christian nation *Horizon* Harry Cavendish,2022-11-30 There are only trees on this winter scene Their upward pointing leafless twigs are Shrill with the calm of loveliness And the Sun laughs down baleful with a bleary smile A book of poetry with imagery and concepts polished over a lifetime of intellectual inquiry At 58 years old it is Cavendish s first collection of poetry and represents the start of his career rather than the end **Public Utilities** **Fortnightly** Henry Clifford Spurr,1973 Includes as a separate section reprints from Public utilities reports annotated 1928 33 and from Public utilities reports new series 1934 *Public Diplomacy* Richard Felix Staar,1986 **The Four Horsemen and the Apocalypse** William Nichols,2012-07 Jackson Mathias More had a dream a grand vivid dream Codenamed the Apocalypse Mathias along with four of his friends dubbed the Four Horseman gathered an army went to war with a government he despised and brought about the Restoration in his country These five spent years contriving the ingenuity the

for Communication at the University of Southern California Cowboy Presidents David A. Smith, 2021-02-11 For an element so firmly fixed in American culture the frontier myth is surprisingly flexible How else to explain its having taken two such different guises in the twentieth century the progressive forward looking politics of Rough Rider president Teddy Roosevelt and the conservative old fashioned character and Cold War politics of Ronald Reagan This is the conundrum at the heart of Cowboy Presidents which explores the deployment and consequent transformation of the frontier myth by four U S presidents Theodore Roosevelt Lyndon B Johnson Ronald Reagan and George W Bush Behind the shape shifting of this myth historian David A Smith finds major events in American and world history that have made various aspects of the Old West frontier more relevant and more useful for promoting radically different political ideologies and agendas And these divergent adaptations of frontier symbolism have altered the frontier myth Theodore Roosevelt with his vigorous pursuit of an activist federal government helped establish a version of the frontier myth that today would be considered liberal But then Smith shows a series of events from the Lyndon Johnson through Jimmy Carter presidencies including Vietnam race riots and stagflation seemed to give the lie to the progressive frontier myth In the wake of these crises Smith s analysis reveals the entire structure and popular representation of frontier symbols and images in American politics shifted dramatically from left to right and from liberal to conservative with profound implications for the history of American thought and presidential politics The now popular idea that frontier American leaders and politicians are naturally Republicans with conservative ideals flows directly from the Reagan era Cowboy Presidents gives us a new clarifying perspective on how Americans shape and understand their national identity and sense of purpose at the same time reflecting on the essential mutability of a quintessentially national myth the book suggests that the next iteration of the frontier myth may well be on the horizon
