Psyche's Palace: How the Brain Generates the Light of the Soul David Aaron Holmes, 2007-09-08 This pioneering theoretical model of consciousness deftly bridges the chasm between science and spirituality with a bridge of literal and figurative Light Conventional wisdom in neurobiology holds that the brain is nothing more than a complex biocomputer whose neurons sole purpose is to process and transmit information Psyche s Palace proposes a new theory that the brain creates this brilliant sound and light show directly upon the convoluted surfaces of the cerebral cortex A filigree of sparkling pixels suspended in the crystal clear fluid of the cerebral cortex forms the live and luminous theater in which the external world is continuously recreated Everything you see and hear and feel must be sculpted directly from the bioluminescence of vast oscillating networks of neurons The brain is simply the material substrate that holds the exuberance in place What if it actually is true what the wise have always said that YOU ARE the pure Light of consciousness that shines within

History of Psychology through Symbols James L. Broderick, 2023-12-15 Volume One of The History of Psychology through Symbols provides a groundbreaking approach by expanding the roots of psychology beyond the Greeks to concurrent events during the same period 800 BCE 200 BCE defined as the Axial Age by German Swiss psychiatrist Karl Jaspers The Axial Age emphasized seeking the universal connection that unites all humanity a focus not on what one believed but how one lived This includes the human desire to connect to something greater the totality of being human explained by using symbols the universal language This volume describes the

psychological implications of the Axial Age through the developments of Buddhism Hinduism Confucianism Daoism Judaism and Zoroastrianism as well as Greek thought Rooted in the Axial Age Volume One explores how the Christian and Islamic eras influenced psychology which resulted in the Renaissance and the Scientific Revolution which provided the historic roots of modern psychology Rejecting the idea that science transcends historical events this volume provides a political socioeconomic and cultural context for all the historic developments The chapter on the history of mental illness provides inspiration for a new mental health system with specific recommendations for radical system reform In the spirit of the Axial Age on the importance of how one lives there is an emphasis on engagement with symbols and with specific exercises called emancipatory opportunities to apply the lessons of psychological history to daily life This book is ideal for those seeking a dynamic and engaging way of learning about or teaching the history of psychology and would also be of interest to students practitioners and scholars of science philosophy history and systems religious studies art and mental health and drug and alcohol treatment as well as those interested in applying the lessons of history to daily life Learn more about this groundbreaking text and its symbols on the special website www.psychologyandsymbols.com **Joyce's Book of Memory** John S. Germaine de Staël, George Sand, and the Victorian Woman Artist Linda M. Lewis, 2003 By examining literary portraits of the woman as artist Linda M Lewis traces the matrilineal inheritance of four Victorian novelists and poets George Eliot Elizabeth Barrett Browning Geraldine Jewsbury and Mrs Humphry Ward She argues that while the male Romantic artist saw himself as god and hero the woman of genius lacked a guiding myth until Germaine de Stael and George Sand created one The protagonists of Stael's Corinne and Sand's Consuelo combine attributes of the goddess Athena the Virgin Mary Virgil's Sibyl and Dante's Beatrice Lewis illustrates how the resulting Corinne Consuelo effect is exhibited in scores of English artist as heroine narratives particularly in the works of these four prominent writers who most consciously and elaborately allude to the French literary matriarchs Exploring a connection between French and English literature and providing fresh insight Germaine de Stael George Sand and the Victorian Woman Artist makes a major contribution to our understanding of nineteenth century feminism Jacket
