Around the World in Eight Days Wiley Post, Harold Gatty, 1931 *Around the World in Eight Days. The Flight of the "Winnie Mae."* By Wiley Post and Harold Gatty, Etc. [With Plates, Including Portraits, and with a Facsimile of the Log Book Kept by H. Gatty.]. Wiley POST, Harold GATTY, 1931 *Around the World in Eight Days: the Flight of the Winnie Mae, Etc.* [With Plates, Portraits, and End-paper Maps.]. Wiley Post, Harold Gatty, 1932 *Around-the-World Flights* Patrick M. Stinson, 2011-08-12 Since Wilbur and Orville Wright's first machine powered flight adventurers have pondered the prospect of flying around the world. Though in the early 20th century the idea seemed as plausible as traveling to Mars, aviators made their first attempts in the wake of World War I and have never looked back. This history of around the world flights explores the endeavor starting with the first tentative journeys that allowed changing aircraft en route due to expected breakdowns. Once flying machines demonstrated reliable performance over global distances, a period of one-upmanship emerged with each new venture striving to outdo the previous one. Today even with international air travel having become routine, aviators strive to set records now using unconventional aircraft and fuel sources. Paying tribute to the supporting personnel as well as to the flight captains at the center of attention, this work celebrates aviation's continued spirit of adventure.

Round the World & Across Russia in 21 Days, 30 Years Later Michael B. Butler, 2024-06-14 The just released book *Round the World Across Russia in 21 Days 30 Years Later* provides an in-depth and historic look at a complex aviation adventure at a historical watershed moment in time. Only months after the Soviet Union had collapsed, this group of unlikely adventurers took off from Santa Monica Airport July 4, 1992, and flew their single and twin engine, privately owned general aviation aircraft 18,000 miles across some of the most inhospitable terrain in the world. This unique aviation adventure took place in the wake of the dramatic and sudden collapse of the Soviet Union, an event which unfolded during many months in midst of trying to organize this complex aviation adventure. The World Flight Across Russia was the idea of Marcel Large, President of Raid Intl and organizer of many car, motorcycle, and air rallies for decades prior to our event. Hatched after taking the first private group of general aviation aircraft into the Soviet Union in early 1991, he wanted it to go beyond just flying around the world across the Soviet Union. Designed as an annual event with a different group flying a different route across the Soviet Union each summer, it ended up being across Russia and only took place that one honeymoon summer right after the collapse in July 1992. A fascinating part of the story was Marcel, his wife Michelle, Eric Vercesi, and Paul Hollenbeck dealing with Soviet and then Russian authorities with no one truly knowing who could answer the most pressing questions at hand. Moscow, January 1992. Four people were in Moscow weeks after the Soviet Union voted itself out of business, trying to organize a World Flight Across Russia. Confusion reigned supreme six months after hard liners tried to reverse all those gains made during Gorbachev's reforms when Boris Yeltsin and the people made their famous stand for

freedom in August 1991 Odds were stacked against their success as the world was still reeling from one amazingly startling fact The Cold War had just ended The 1st Annual Around the World Air Rally was the first western or civilian group of general aviation aircraft to circumnavigate while crossing the entire landmass of Russia but that is only part of the story Our group was under protection of one of the highest officials Vice President Rusk in an effort to create updated cultural and business ties between old enemies and new friends Five days in Moscow and across Siberia we carried the highest authority in our back pocket but sometimes in some places that was not enough **Round About the Earth** Joyce E.
