**Art & Soul** Audrey Flack,1986      **Art and Soul** Audrey Flack,1991-11-01 One of our foremost female artists conducts us on a visionary journey into the heart of the creative process At a time when the art world is dominated by trendy egotists and art itself is marketed like toothpaste Audrey Flack is both an anachronism and a revolutionary a photorealist painter and sculptor who eschews glamour and who clings to a vision of art as a form of shamanism a means of self transcendence whose ultimate aim is the healing of the planet In this provocative book Flack shows how the transcendence occurs in the art of looking as well as in the moment of creation With its wonderfully acute critiques of artists from Tintoretto to Jackson Pollock and its insistence on reforging the links between the artist and larger world *Art and Soul* is a brave nourishing book that will inspire not only visual artists but anyone who has chosen the creative path      *The Creative Circle* Michael Fitzgerald,1989

Making the "America of Art" Naomi Z. Sofer,2005 Making the America of Art demonstrates that beginning in the 1850s women writers challenged the terms of the Scottish Common Sense philosophy which had made artistic endeavors acceptable in the new Republic by subordinating aesthetic motivation to moral and educational goals Harriet Beecher Stowe and Augusta Jane Evans drew on Ruskin to argue for the creation of a religiously based national aesthetic In the postbellum years Louisa May Alcott Rebecca Harding Davis Elizabeth Stuart Phelps and Constance Fenimore Woolson continued the process in a series of writings that revolved around three central areas of concern the place of the popular in the realm of high art the role of the genius and the legacy of the Civil War Sofer significantly revises the history of 19th century American women s authorship by detailing the gradual process that produced women writers wholly identified with literary high culture at the century s end BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Art and Soul: Rudolf Steiner, Interdisciplinary Art and Education Victoria de Rijke,2019-10-11 This book brings together Steiner s philosophical biodynamic and cultural contributions to education where spirit and soul are the creative elements in human evolution His thought is applied to selected examples of innovative artistic practice and pedagogy of the present This volume is intended for researchers in the arts and education with an interest in Rudolf Steiner s huge influence on educational thought and policy This is an urgent point in time to reflect on the role of arts in education and what it might mean for our souls An accessible yet scholarly study of interdisciplinarity imagination and creativity is of critical widespread interest now when arts education in many countries is threatened with near extinction      **Sanctifying Art** Deborah Sokolove,2013-07-10 As an artist Deborah Sokolove has often been surprised and dismayed by the unexamined attitudes and assumptions that the church holds about how artists think and how art functions in human life By investigating these attitudes and tying them to concrete examples Sokolove hopes to demystify art to bring art down to earth where theologians pastors and ordinary Christians can wrestle with its meanings participate in its processes and understand its uses In showing the commonalities and distinctions among the various ways that artists themselves approach their work *Sanctifying Art* can

help the church talk about the arts in ways that artists will recognize As a member of both the church and the art world Sokolove is well positioned to bridge the gap between the habits of thought that inform the discourse of the art world and those quite different ideas about art that are taken for granted by many Christians When art is understood as intellectual technical and physical as well as ethereal mysterious and sacred we will see it as an integral part of our life together in Christ fully human and fully divine
