Israel, A Different Version Eljay King, 2008-04 Have you ever wondered what the future holds for the United States and also for Israel Surely a righteous God will not allow this country to continue in the downward spiral that is prevalent now The bible gives a good foretelling of the events that await both of these countries But there are so many different verses to contend with and they are scattered all through the bible Also there are so many different speakers who give an intelligent guess of what these events predict I just don't understand They all cannot be correct Question if THE WHOLE HOUSE OF ISRAEL will return how will the people know that they are members How will Israel feed the whole world Will the sicknesses that the whole world is experiencing at this time ever be cured How will the false messiah fool so many people into accepting him as a god In 1953 I started listening to different preacher on the radio Those messages on Israel seemed to have more guessing of future events than fact The messages also changed with the preacher In 1986 I started reading the bible and making notes of the verses that referred to Israel in the latter days I ended up with ten pages front and back of scripture verses I bought my first computer with an orange screen and started compiling and writing In 1993 I sent a copy to a publisher but never heard anything back My time for studying ceased due to my outside workload My house burned in 2001 with a complete loss of everything including my orange computer I started reading and compiling notes again The book that you are reading is the end results of the four following years

The Jumanos Nancy Parrott Hickerson, 2010-07-05 In the late sixteenth century Spanish explorers described encounters with North American people they called Jumanos Although widespread contact with Jumanos is evident in accounts of exploration and colonization in New Mexico Texas and adjacent regions their scattered distribution and scant documentation have led to long standing disagreements was Jumano simply a generic name loosely applied to a number of tribes or were they an authentic vanished people In the first full length study of the Jumanos anthropologist Nancy Hickerson proposes that they were indeed a distinctive tribe their wide travel pattern linked over well established itineraries Drawing on extensive primary sources Hickerson also explores their crucial role as traders in a network extending from the Rio Grande to the Caddoan tribes confederacies of East Texas and Oklahoma Hickerson further concludes that the Jumanos eventually became agents for the Spanish colonies drafted as mercenary fighters and intelligence gatherers Her findings reinterpret the cultural history of the South Plains region bridging numerous gaps in the area's comprehensive history and in the chronicle of these elusive people
