The Players League Ed Koszarek, 2014-11-04 After talks with baseball's owners broke down in the fall of 1889 some of the greatest players of the day jumped their contracts and declared open revolt against the American Association and National League Tired of life under the hated reserve clause which bound players to their teams and left them with no bargaining power John Montgomery Ward and some 140 others set out to form a rival major league The Players League would last only a season and end quite badly for both the players and the American Association which folded a year later but as a representation of the first major battle between the players and owners the league occupies an important place in baseball history This remarkably comprehensive book opens with an historical introduction to the league including detailed information about its origins and failure A biographical dictionary follows with entries for every player in the league's brief tenure and additional profiles of prominent players who chose not to dignify the revolt with their participation Profiles of the teams are also included

Letters from the East Mr Keith Bate, Professor Malcolm Barber, 2013-07-28 This volume presents translations of a selection of the letters sent by crusaders and pilgrims from Asia Minor Syria and Palestine There are accounts of all the great events from the triumph of the capture of Jerusalem in 1099 to the disasters of Hattin in 1187 and the loss of Acre in 1291 They convey the immediacy of circumstances which were frequently dramatic and often life threatening and show us the feelings of those who lived in and visited the crusader states Some of the letters translated here are famous others hardly known but all offer unique insight into the minds of those who took part in the crusading movement

Letters from the East Malcolm Barber, Keith Bate, 2016-05-06 No written source is entirely without literary artifice but the letters sent from Asia Minor Syria and Palestine in the high middle ages come closest to recording the real feelings of those who lived in and visited the crusader states They are not of course reflective pieces but they do convey the immediacy of circumstances which were frequently dramatic and often life threatening Those settled in the East faced crises all the time while crusaders and pilgrims knew they were experiencing defining moments in their lives There are accounts of all the great events from the triumph of the capture of Jerusalem in 1099 to the disasters of Hattin in 1187 and the loss of Acre in 1291 These had an impact on the lives of all Latin Christians but at the same time individuals felt impelled to describe both their own personal achievements and disappointments and the wonders and horrors of what they had seen Moreover the representatives of the military and monastic orders used letters as a means of maintaining contact with the western houses providing information about the working of religious orders not found elsewhere Some of the letters translated here are famous others hardly known but all offer unique insight into the minds of those who took part in the crusading movement

, *The Battle of Agincourt* Anne Curry,2000 Agincourt Agincourt Know ye not Agincourt So began a ballad of around 1600 Since the event itself 25 October 1415 Agincourt has occupied a special place in both English and French consciousness

Some early French writers could not bring themselves to mention it by name using instead descriptions such as the accursed day For the English it was one of the greatest military successes ever and thus was celebrated and commemorated in many forms over the centuries which followed In the First World War there were stories of angelic Agincourt bowmen giving support and inspiration to the British army Much ink has been spilt on the battle but do we really know Agincourt Many historical works have relied on one or two well known sources or even on Shakespeare Not since Harris Nicolas s History of the Battle of Agincourt was published 1827 33 has there been a full attempt to survey the sources This book brings together in translation and with commentary English and French narrative accounts and literary works of the fifteenth century It also traces the treatment of the battle in sixteenth century English histories and in the literary output of amongst others Shakespeare and Drayton After examining how later historians interpreted the battle it concludes with the first full assessment of the extremely rich administrative records which survive for the armies which fought upon Saint Crispin s day
