Another River To Cross:

Another River to Cross Charles Johnson, 2002 Here is a firsthand account of how a young black boy struggling in the cotton fields of Texas pursues his passionate love of music How can he make his God given dream come true in the face of racial hatred and discrimination How can a young female African slave brutally torn from her twin sister on the auction block keep alive the faith to be reunited with that sister more than one hundred years later This book is a slice of history straight from the hearts of those who lived it It is a story that everyone needs to read It is a story of hope and love that proves that not matter how humble the beginnings and how terrible the oppression God can cause the best to grow out of it all The answer is as Granny always said to young Charles Now listen to me child Stead of complaining that roses get thore be glad that thorns got roses Jimmy Clay, 2005-10 Born in Fayetteville Tennessee in 1810 John Neely Bryan received an education and became a lawyer dealt in real estate became a north Texas pioneer and the founder of Dallas Texas During his life he traveled across the southern part of the United States from Florida to California He lived for many years in Van Buren Arkansas where he made a living as a lawyer and bought land In the late 1830 s he went to work at Holland Coffee s Trading Post on the Red River and from there he moved to the uninhabited land that would become Dallas He was the first non Native American to permanently live in Dallas County and for many months he was the only white person living there In his travels and business dealings he met and befriended many Native Americans and learned their languages He married and had children He lived to be an old man but his last years were difficult because he lost his sanity He died in 1877 in the Texas Lunatic Asylum in Austin Texas His homestead would later be called Dealey Plaza and was close to where John F Kennedy would later be killed Reef Madness Ernest Hunter, 2022-06-01 It s a tale that doesn t seem like it would be a winner an improbable proposition of a ten mile reef of gold in the middle of the continent a cabal of scheming investors a farrago of poor planning and preposterous publicity the fiasco of the prematurely celebrated triumph of technology over unforgiving terrain a dead prospector and no gold The Central Australian Gold Exploration Company had it all and Lasseter s Last Ride was in the stores before the final chapter of the real life debacle had closed It was a runaway success Angus and Robertson sold three million copies of Ion Idriess sixty some books before he died in 1979 But in 1931 as he was working on what would be Lasseter s Last Ride he was looking for an angle In filling the gaps between the few facts with detailed descriptions of lands and people he had never seen he found it and promoted it in Magic and Mystery Idriess fictional account of the last months of the life of Harold Bell Lasseter gave birth to a legend that has repeated in dozens of books films poems podcasts websites and exhibitions is memorialised in the names of a highway and a casino and has spawned searches and scams that continue nearly a century later Idriess was probably surprised at its success and chose not to tamper with a winning formula when inconvenient material soon emerged To do that he had to control the evidence and continued to insist on his narrative s unimpeachable adherence to fact Reef Madness exposes how Idriess confected his first successful book and why the story of
