mortal nature. The author critiques the rationalism and scientific positivism of his time asserting that reason alone cannot provide ultimate answers or fulfill the deeper yearnings of the human soul He advocates for an embrace of the irrational the passionate and the unknown as crucial elements of the human experience Throughout the book Unamuno weaves in his personal struggles and experiences infusing the philosophical exploration with a sense of authenticity and introspection He invites readers to confront their own existential uncertainties and grapple with the enigma of human existence Sorin Cerin, 2012-08-20 The soul mate is what we aspire to and like to understand about us is what we deem to be perfection purity and endless regarding our own being Paradoxically all these wonderful dimensions that we want for our being are completely missing being a hope a dream about the perfection of the being Then this hope and dream of perfection is materialized in the vision we have on our soul mate Moreover if we are under the impression that we know what we would want as perfection it always remains a mere false impression and nothing more because then the event of a Great Love occurs we realize that what we thought to be perfection is false and the novelty of the new imagine on the perfection embodies by the lover makes us feel that intense feeling of suffocating love precisely because we find our new standard for perfection which becomes this way superior to the old one All these can happen when the two souls are not soul mates What are the so often invoked soul mates Does such a thing really exist or is just a fantasy used to attract your partner in one way or another My answer is YES SOULS MATES EXIST Of Another World Monna Dithmer, 2002 This book is an international anthology about dance seen as a world of dreams ideals or paradises lost a place where identity and reality are at stake Through essays interviews and analytical reflections such diverse subjects are treated as Bournonville's ideal of a critic Nijinsky s faun versus the romantic dream of elusive women the broken marriage between music and dance dancing as an erotic motif in the paintings of the Danish Golden Age and the beast in dance from Swan Lake to butoh A Legend of Cyber-Love Margaret Liu, 2014-04 The author met General Tealeaf Howard Patrick on Skype on May 4th 2011 two days after Osama bin Laden was killed by the SEAL in Pakistan General Tealeaf Patrick was the commander of the International Security Assistance Force in Afghanistan back then and nominated as the next Director of the CIA Central Intelligence Agency by the US president Omama Tealeaf proposed to the author in order to fulfill the requirements for the attendance of the US Senate confirmation hearings with his wife to be However this mission impossible is even more difficult and tougher than anyone could have ever imagined The first part Confession of the Twenty First Century Female Scientist all inclusively confesses the author's past extraordinary life experiences. The second part is focused on the true love story between the author and Tealeaf Howard Patrick encountering on the internet the virtual world South China Sea controversy military maneuvers Diao Yu Tai Senkaku Islands controversy exhibitions of advanced weapons and arms in the news intelligence wars and cyber wars etc all occurred during this time When a man from a secret world encounters a woman from another world without any secrets what kind of sparkling love will be kindled Without You Love - Philosophical and love poems

Sorin Cerin, One of the most appreciated books of philosophical love poetry signed by Sorin Cerin For example we mention this stanza Without you Love the blackened Dawns of Happiness are struggling drowned in the hungry Tears of time for to be shattered by the Hearts of Wind of the Glances in which we get lost the Truth but without trying again to we ever find him at the hour of a Smile which broke down and not knowing the exact time of Love none of us we have no longer been able to meet the Souls who waited for us until they froze in the sharp frost of our Cemeteries of Words who have whipped us terribly the Eternity of the Moment the only one that still pulled us toward the Absolute the blood of Dreams what have become of lead so heavy so that the Eternity of the Moment hit and injured first she knelt shouting deaf to the Horizon that was about to fall on us with all his Pain after which it collapsed crushing us in the snow of the Memories full of the Traces to the Horizon that was about to fall on us with all his Pain after which it collapsed crushing us in the snow of the Memories full of the Traces increasingly snowed with the Regrets of our Feelings which they will also melt in the arms of a Future of the Nobody

Tragic Sense of Life - UNAMUNO Miguel de Unamuno, 2024-12-05 Tragic Sense of Life by Miguel de Unamuno is a profound exploration of existential questions faith and the human condition Unamuno delves into the tension between reason and emotion examining the struggle to find meaning in a life marked by uncertainty and inevitable death Through his reflections he challenges the dominance of rationalism advocating instead for a tragic sense that embraces the contradictions and emotional depths of human existence The book serves as both a philosophical treatise and a deeply personal confession revealing Unamuno's own spiritual and intellectual battles Since its publication Tragic Sense of Life has been recognized for its incisive critique of dogmatic thinking and its call to embrace the complexity of human existence The work has inspired readers and thinkers across disciplines contributing significantly to existentialist philosophy and modernist literature Its themes resonate universally speaking to the anxieties and hopes that define the human experience Unamuno's exploration of faith doubt and the longing for immortality remains profoundly relevant By confronting the paradoxes of life head on Tragic Sense of Life invites readers to engage with the most pressing questions of existence encouraging a deeply personal reflection on the nature of being belief and the search for authenticity Fantasy World (Love and Madness) Eric Macalino.
