"Real World" Ethics Robert J. Nash, 2002-01-01 Now more than ever with the explosion of new technologies and human service delivery systems innovative teaching methodologies and assessment instruments classic ethical questions and problems still remain The Second Edition of Robert Nash's bestseller expands on his earlier work with the addition of an extensive question and answer epilogue where Nash responds to questions about the first edition This new chapter incorporates the latest research in applied ethics teaching and in resolving ethical dilemmas in the professions The only applied ethics book written for both educators and human service professionals Real World Ethics is essential reading for everyone who find themselves faced with making critical ethical decisions in their work *First Things*, 1998-06

Teaching Character and Virtue in Schools James Arthur, Kristján Kristjánsson, Tom Harrison, Wouter Sanderse, Daniel Wright, 2016-07-15 Teaching Character and Virtue in Schools addresses the contemporary issues of quantification and measurement in educational settings The authors draw on the research of the Jubilee Centre at the University of Birmingham in order to investigate the concern that the conventional wisdom sound judgement and professional discretion of teachers is being diminished and control mistakenly given over to administrators policymakers and inspectors which in turn is negatively effecting pupils character development The books calls for subject competence to be complemented by practical wisdom and good character in teaching staff It posits that the constituent virtues of good character can be learned and taught that education is an intrinsically moral enterprise and that character education should be intentional organised and reflective The book draws on the Jubilee Centre's expertise in support of its claims and successfully integrates the fields of educational studies psychology sociology philosophy and theology in its examination of contemporary educational practices and their wider effect on society as a whole It offers sample lessons as well as a framework for character education in schools The book encourages the view that character education is about helping students grasp what is ethically important and how to act for the right reasons so that they can become more autonomous and reflective individuals within the framework of a democratic society Particularly interested readers will be educational leaders teachers those undertaking research in the field of education as well as policy analysts with a keen interest in developing the character and good sense of learners today

Whatever Became of Love? Thomas C. Pfizenmaier, 2023-07-21 This book is written for those who want growth in love This book is written for those who long for a place to stand with confidence in a trembling world This book is written for those who suspect our civilization is running on fumes and want to help If you are one of these people then this book is written for you In discovering Jesus as he encounters us in the Scriptures you will discover that his love is unimaginably powerful for those who will place themselves at its disposal powerful enough to restore all things **Morals under the Gun** James H. Toner, 2021-10-21 James Toner argues that the cardinal virtues are and must be the core values of the military By embracing these values the profession of arms serves as a moral compass in an increasingly confusing age Building upon

a bold introduction which includes what many will regard as a surprising view of military ethics Toner examines the four cardinal virtues wisdom courage temperance and justice and places each in the context of a compelling case study from recent U S military history He discusses the Flinn Case the Lavelle Affair a B 52 crash in Washington State and the courageous actions of Hugh Thompson after My Lai Morals Under the Gun connects ethics and moral theology with the armed services demonstrating that the task of preserving virtue both personal and professional is a noble if imperfectible task

Public Access Michael Berube,1994-06-17 In the years of the Reagan Bush era the controversy over political correctness erupted on American campuses spreading to the mainstream media as right wing pundits like Dinesh D Souza and Roger Kimball prosecuted their publicity campaign against progressive academics Michael B rub s brilliant new book explains how and why the political correctness furor emerged and how the right s apparent stranglehold on popular opinion about the academy can be loosened Traversing the terrain of contemporary cultural criticism B rub examines the state of cultural studies the significance of postmodernism the continuing debate over multicultural curricula and the recent revisions of literary history in American studies Also included is B rub s witty and self deprecating autobiographical reflection on why interpretive theory has emerged as an indispensable part of education in the humanities over the past decade Public Access insists that academics must exercise more responsibility towards the publics who underwrite but often misunderstand their work and its significance Taken seriously as a potential audience B rub argues such publics can be weaned from their present inclination to believe the distortions and half truths peddled by the right s ideologues The goal of such public access criticism is not just a better environment for teachers and scholars but a world in which education itself achieves its proper place in a society committed to equality of opportunity and true critical thinking

Teaching Character Education through Literature Karen Bohlin,2005-05-03 This book shows how secondary and post secondary teachers can help students become more responsive to the ethical themes and questions that emerge from the narratives they study It helps teachers to integrate character education into the classroom by focusing on a variety of ways of drawing instructive insights from fictional life narratives The case studies and questions throughout are designed to awaken students moral imagination and prompt ethical reflection on four protagonists

motivations aspirations and choices The book is divided into two parts The first provides a theoretical approach while the second features case studies to apply this approach to the study of four literary characters Sydney Carton from Tale of Two Cities Jay Gatsby from The Great Gatsby Elizabeth Bennet from Pride and Prejudice Janie Crawford from Their Eyes Were Watching God The questions ideas and approaches used in these case studies can also be applied to protagonists from other narrative works in the curriculum

Resources in Education ,1998-10 The Discourse of Character Education

Peter Smagorinsky,Joel Taxel,2005-05-06 In this book Peter Smagorinsky and Joel Taxel analyze the ways in which the perennial issue of character education has been articulated in the United States both historically and in the current character education movement that began in earnest in the 1990s The goal is to uncover the ideological nature of different conceptions of character education The authors show how the current discourses are a continuation of discourse streams through which character education and the national purpose have been debated for hundreds of years most recently in what are known as the Culture Wars the intense often passionate debates about morality culture and values carried out by politicians religious groups social policy foundations and a wide range of political commentators and citizens in which the various stakeholders have sought influence over a wide range of social and economic issues including education The centerpiece is a discourse analysis of proposals funded by the United States Department of Education s Office of Educational Research and Improvement OERI Discourse profiles from sets of states that exhibit two distinct conceptions of character are examined and the documents from particular states are placed in dialogue with the OERI Request for Proposals One profile reflects the dominant perspective promoted in the U S based on an authoritarian view in which young people are indoctrinated into the value system of presumably virtuous adults through didactic instruction The other reflects the well established yet currently marginal discourse emphasizing attention to the whole environment in which character is developed and enacted and in which reflection on morality rather than didactic instruction in morality is the primary instructional approach By focusing on these two distinct regions and their conceptions of character the authors situate the character education movement at the turn of the twenty first century in the context of historical notions about the nature of character and regional conceptions regarding the nature of societal organization This enlightening volume is relevant to scholars practitioners policymakers and students across the field of education particularly those involved in character education moral development discourse analysis history and cultural foundations of education and related fields and to the wider public interested in character education

Rethinking Multicultural Education for the Next Generation Nadine Dolby,2012-04-23 Rethinking Multicultural Education for the Next Generation builds on the legacy of social justice multicultural education while recognizing the considerable challenges of reaching today s college students By drawing on breakthrough research in two fields neuroscience and animal studies Nadine Dolby argues that empathy is an underlying element of all living beings Dolby shows how this commonality can provide a scaffolding for building an exciting new approach to developing multicultural and global

consciousness one that has the potential to transform how our students see and relate to the world around them This book features classroom vignettes and reflections discussion of research with pre service teachers on the concept of empathy and pedagogical suggestions for fostering the new empathy in students Incorporating discussions of animal emotions sustainability and our responsibilities to all living creatures and the planet Dolby challenges multicultural educators to rethink both curriculum and pedagogy and to begin new and bolder conversations about how empathy for humans animals and the planet must be part of a new approach to teaching

Community, Diversity, and Conflict Among Schoolteachers Betty Achinstein,2002-01-11 Using richly textured case studies of two very different schools the author shows when teachers enact reforms in the name of community what often emerges is conflict Whether dealing with issues of teachers collaboration or how to meet the needs of a diverse student population conflicts within professional communities reflect important differences of beliefs and practices This book reframes conflict as constructive in building educational communities that learn and promote democratic values in schools

Citizenship and Moral Education Mark Halstead,Mark Pike,2006-08-21 Moral and citizenship education are again at the forefront of educational attention with the recent governmental announcements about revisions to the National Curriculum frameworks to 2000 and beyond This book addresses some of the central issues in moral and citizenship education facing teachers today embedding practical considerations in a theoretical context and reviewing teaching learning and assessment strategies It draws extensively on research but is written in a clear accessible style *Citizenship and Moral Education* examines the key concepts and provides an up to date overview of policy particularly addressing theoretical issues aims and approaches in relation to moral and citizenship education in a pluralist society the contributions of the curriculum extra curricular activities and the school ethos to citizenship and moral education in school teaching strategies materials pupil assessment and school evaluation The book also focuses on key professional and personal issues for teachers in undertaking moral citizenship education

Forming Ethical Identities in Early Childhood Play Brian Edmiston,2007-10-08 Through compelling examples Brian Edmiston presents the case for why and how adults should play with young children to create with them a workshop for life In a chapter on mythic play Edmiston confronts adult discomfort over children s play with pretend weapons as he encourages adults both to support children s desires to experience in imagination the limits of life and death and to travel with children on their transformational journeys into unknown territory This book provides researchers and students with a sound theoretical framework for re conceptualising significant aspects of pretend play in early childhood Its many practical illustrations make this a compelling and provocative read for any student taking courses in Early Childhood Studies
