Hart, 2018-01-23 This volume is a collection of thirteen essays built around the question what is the supernatural and how and why has it changed over time It is divided into two complementary sections the first focussing on research on the discourse of the supernatural including the miraculous located in the medieval and early modern eras and the second consisting of a set of test cases involving research on the uncanny often articulated in a post Freudian sense as expressed in modern literature film and art The eclectic and prismatic approach

pursued via a variety of test cases of the supernatural in this book gives rise to a clear comparative and diachronic study of the main characteristics of the supernatural Ron Mueck. Ron Mueck, Heiner Bastian, 2003 Mueck's human figures are always technically perfect absolutely realistic deliberately undersized or oversized He first models them in clay and then takes a hollow cast of which he fills with silicone or fibreglass This catalogue of his work accompanies an exhibition in Berlin in 2003 Closed Contact Jenny Saville, Gagosian Gallery (Los Angeles, Calif.), Glen Luchford, 2002 After having observed the operations of reconstructive surgery and aesthetic surgery acclaimed figurative painter Jenny Saville was eager to express the violence and anesthetized pain of this experience in her own work She and fashion photographer Glenn Luchford thus began an artistic collaboration that captures the full range of color tonality and topography of live flesh in large photographic tableaux that portray Saville's own body Distortions confront and coerce the viewer into an examination of his or her own body and the grotesqueries and beauties inherent within the images likewise recall biological specimens preserved disembodied and disfigured The collusion of the art and fashion worlds has produced many hybrids in recent years yet none perhaps none as intensely striking as this series *Artrage!* Elizabeth Fullerton, 2021-10-14 The Young British Artists YBAs stormed on to the contemporary art scene in 1988 with their attention grabbing ironic art exploding art world conventions with brazen disdain Dismissed as trivial gimmickry and praised for its witty energy their art made a mark both on the art scene and on public consciousness that continues to reverberate today Artrage tells the raucous story of the YBAs chronicling the groups rise to prominence from the landmark show Freeze curated by Damien Hirst through their 1990s heyday and the notorious Sensation exhibition to the Momart fire of 2004 that seemed to symbolize the groups fading from centre stage The book ends with an update on the artists careers and fortunes Drawing on interviews with all the key BritArt players and extensive archival research Elizabeth Fullerton examines the individual characters their relationships to one another crucial events and seminal artworks considering too the political economic and artistic context of those years Plentiful quotations bring out the distinctive personalities and provide fresh insights into the people and the period Among the artists discussed are Damien Hirst Rachel Whiteread Tracey Emin Jake and Dinos Chapman Sarah Lucas and Gary Hume *London Magazine* John Lehmann, Alan Ross, 2000 *The Cultural Devolution* Neil Mulholland, 2017-10-23 Title first published in 2003 What happened to art in Britain when the balance began to shift from public to private subsidy following the IMF crisis in 1976 In this polemical book Neil Mulholland charts the political and cultural shifts in art in Britain from the mid 1970s to the end of the twentieth century His account covers the key trends and artists of this extraordinarily diverse period including critical postmodernism feminism neoconservatism object sculpture the new image Brit Art and Scottish neoconceptualism and traces the development of critical thinking from the opinions of critics such as Richard Cork John Roberts and Matthew Collings to tabloid press art scandals The Cultural Devolution offers a broad critical and historical framework within which to understand public debate on the merits of young British artists such as Damien Hirst while
