Sunshine Before the Dawn reads and appears like work of fiction but it s not The author Judy Satori is an energy healer and spiritual teacher She speaks and transmits a higher dimensional Language of Light For many years she has worked with beings from other worlds and other dimensions of reality and it is they who have telepathically transmitted this inter dimensional love and adventure story Chapter one begins around one hundred thousand years ago as the Galactic Council of our Milky Way Galaxy meet on the star Antares to discuss a problem concerning Earth They are concerned that the beings of Earth cannot move beyond their third dimensional confinement and so evolve in consciousness They propose that an upgraded version of the human being be created with each of the Star Nations within the 12 dimensions of what is known as the lower heavenly worlds contributing an aspect of their genetic code to the new hu man Hu is a sound that means God and it is determined by the Galactic Council that the new hu man being of the Earth be a spiritual being to be given the genetic capacity to one day evolve to move beyond the physical confinement of Earth and traverse all 12 dimensions of reality in what is called the lower heavenly worlds A woman from the Galactic Council Essayenya from the star Sirius is tasked with the responsibility of working together with a team from Sirius and Lyra as well as with the Elohim the creator aspect of God to create the new prototype hu man to be seeded on the Earth Essayenya from fifth dimensional Sirius is in love with Mosteenya the leader of the Galactic Council from 12th dimensional Lyra but because of the differences in vibration between these two dimensional worlds they seem destined to remain apart Essayenya and others of her team from Sirius journey to Lyra to work together with the Lyran women who weave the Dreamtime Strands of Creation They are to decide how the new hu man should best be created Romance blossoms between Essayenya and Mosteenya but it seems they can never be together unless Essayenya comes to Earth to take into her own soul DNA the new hu man genetic code This story has been brought through from higher dimensional spiritual beings at this time to help us all understand our Lineage of Light and that we all came here from the stars All human beings on the Earth now hold the more advanced 12 strand DNA hu man genome that was created around 100 000 years ago This DNA capacity has until now only been potential It was not able to be activated while the Earth remained within a third dimensional energy domain However it has long been prophesized that in

December 2012 the Earth will be advanced to a fifth dimensional faster pulsating consciousness and vibration This shift in frequency will trigger the activation of previously dormant DNA potential and a massive consciousness upgrade for Earth and her people As Earth comes of age we who once came to Earth from various Star Nations are being triggered to remember where we came from and why we are here on Earth As soul DNA memory is reactivated people everywhere are being empowered to step into greater personal and spiritual mastery and actualize dormant soul potential to together create a new world order of peace and love Sunshine Before the Dawn is a novel It is an exciting action packed mystery and adventure story but also includes much previously unknown spiritual information Essayenya the Siriun leader of the team tasked with creating the new hu man specie journeys to Earth to the ancient lands of Atlantis and Mu There in the sacred place of prayer for the people of Mu a land deep in the southern seas of the Earth she is given a key spiritual energy words that are only NOW at the end of four Great Ages of Earth time of around 100 000 years being triggered to come forth
