Scientific Traditions in the Ancient Mediterranean and Near East Sofie Schiødt, Amber Jacob, Kim Ryholt, 2023-08-29

Comparative insights on astronomy divination and medicine from ancient texts Scientific Traditions in the Ancient Mediterranean and Near East presents a collection of articles by leading scholars on scientific practices in the ancient world with emphasis on the fields of medicine astronomy astrology and other forms of divination The essays engage with a wide variety of textual sources in many different languages and scripts from Egypt and the Near East spanning more than a millennium including some texts that are edited and discussed here for the first time The contributors to this volume were tasked with approaching their texts not only as specialists but also from a cross cultural perspective and the resulting body of work reveals new and exciting evidence for the transfer of scientific knowledge across cultural borders in the ancient Mediterranean and Near East This book will be of interest primarily to specialists in the history of medicine science divination and magic as well as to papyrologists Egyptologists and Assyriologists

Zodiac Calendars in the Dead Sea Scrolls and Their Reception Helen R. Jacobus, 2014-10-30 The ancient mathematical basis of the Aramaic calendars in the Dead Sea Scrolls is analysed in this investigation Helen R Jacobus re examines an Aramaic zodiac calendar with a thunder divination text 4Q318 and the calendar from the Aramaic Astronomical Book 4Q208 4Q209 all from Qumran Jacobus demonstrates that 4Q318 is an ancestor of the Jewish calendar today and that it helps us to understand 4Q208 4Q209 She argues that these calendars were taught in antiquity as angelic knowledge described in 1 Enoch and the Book of Jubilees The study also encompasses Babylonian Hellenistic Byzantine astronomy and astrology and classical and Jewish writings Finally a medieval Hebrew zodiac calendar related to 4Q318 with an astrological text is published here for the first time **Vettii**

Valentis Antiocheni anthologiarum libri novem Vettius Valens Antiochenus, 2010-11-05 Vettii Valentis Antiocheni anthologiarum libri novem The Journey of Maps and Images on the Silk Road Philippe Forêt, Andreas Kaplony, 2008-11-30 This book covers new ground on the diffusion and transmission of geographical knowledge that occurred at critical junctures in the long history of the Silk Road Much of twentieth century scholarship on the Silk Road examined the ancient archaeological objects and medieval historical records found within each cultural area while the consequences of long distance interaction across Eurasia remained poorly studied Here ample attention is given to the journeys that notions and objects undertook to transmit spatial values to other civilizations In retracing the steps of four major circuits right across the many civilizations that shared the Silk Road The Journey of Maps and Images on the Silk Road traces the ways in which maps and images surmounted spatial historical and cultural divisions **Paul and Perseverance** Judith M. Gundry

Volf, 1990-01-01 Does Paul assume that Christians will remain in salvation If so on what basis What if anything can disrupt this continuity and to what extent can it do so Using detailed exegetical analysis of the relevant texts Judith Volf addresses what Paul believed about continuity in salvation and the importance of this theme for subsequent Christians The British

Library General Catalogue of Printed Books, 1986 to 1987 British Library, 1988 **Arctos**, 1991 Manilius, "Astronomica"
Buch V Wolfgang Hübner, 2010-10-29 Die Astrologie ist eine der Wirklichkeiten der Antike die heute noch lebendig ist und daher mit dem Christentum das sie bekämpfte durchaus vergleichbar Auch die Aufklärung verdammt die Lehre so sehr dass eine Beschäftigung mit ihr immer noch weithin als suspekt gilt Will man jedoch einen Text wie das astrologische Weltgedicht des Manilius wirklich verstehen muss man die Lehren und Denkweisen der antiken Astrologen kennen Dies gilt in besonderem Maße für das fünfte Buch über die Paranatellonten extrazodiacalen Sternbilder in dem der Dichter den Gipfel seiner dichterischen Kunst erreicht F Boll **The Manumission of Slaves in Early Christianity** James Albert Harrill, 1995

Women in the Church (Third Edition) Andreas J. Köstenberger, Thomas R. Schreiner, 2016-02-12 The role of women in the church is more hotly debated today than ever Christians on all sides of the issue often turn to the apostle Paul's words in 1 Timothy to justify their position arguing over the meaning and application of this challenging passage Now in its third edition this classic exposition of 1 Timothy 2:9-15 includes contributions by Thomas Schreiner Andreas Köstenberger Robert Yarbrough Rosaria Butterfield and others walking readers through the biblical text with careful exegesis sound reasoning and a keen awareness of the implications for men and women in the church Academically rigorous yet pastorally sensitive this book offers Christians a helpful overview of Paul's teaching related to how men and women are to relate to one another when it comes to authoritative teaching in the local church Includes a new preface a new conclusion four updated chapters and two all new chapters **La Pensée première à la triple forme** Paul-Hubert Poirier, 2006 L'crit intitulé La Pensée Première à la triple forme nous a été conservé dans une version copte par un seul et même manuscrit le codex XIII de la collection des papyrus découverts en Haute Égypte par les de Nag Hammadi en 1945 Comme le suggère son titre copié en grec Protennoia trimorphos et certains autres traits cet crit a été composé dans cette langue mais aucun et même de l'original grec ne nous a été transmis Sur le plan littéraire le traité n'appartient à aucun des genres largement attestés dans le corpus de Nag Hammadi traités didactiques apocalypses apocryphes vétéro ou néotestamentaires Il s'agit plutôt d'un texte hybride la fois hymne et discours didactique autodidactique la première personne du singulier qui intègre des interpellations des interventions des destinataires et des développements narratifs Comme pour mieux refléter la nature triadique de son protagoniste l'crit est divisé en trois parties ou discours clairement identifiés par un sous-titre propre chacun Ce protagoniste est en fait un personnage féminin ou plutôt androgyne dont l'identité ne fait pas de doute il s'agit littéralement de la première pensée ou de la première manifestation de l'Invisible ou du Père donc du second principe supérieur Cette Première Pensée doit être identifiée la puissance dont l'émergence depuis l'ordon paternel est relatée dans le Livre des secrets de Jean qui l'appelle Pronoia et Barbel La mise en scène que fait notre traité de ce personnage si elle dépend de celle du Livre des secrets est néanmoins originale dans la mesure où le rédacteur pour représenter la triple manifestation de la Première Pensée combine deux structures triadiques celle du Père de la Mère et du Fils et celle du Son de la Voix et de la Parole ou Logos Ce faisant il construit une relecture polémique

du prologue de l'évangile de Jean tout comme il intègre nombre de matériaux traditionnels ce qui nous amène à fixer sa composition dans la première moitié du III^e siècle dans un milieu où on lisait et commentait le Livre des secrets de Jean et d'autres œuvres gnostiques et non gnostiques un milieu ouvert des influences religieuses et philosophiques diverses manifestation chrétienne On situera volontiers ce milieu de culture chrétienne dans le bassin oriental de la Méditerranée en Égypte grecque ou en Syrie Le présent ouvrage offre une édition du texte copte de l'critique de d'une ample introduction et accompagné d'une traduction française d'un commentaire détaillé et d'index lexicographiques et grammaticaux On y trouvera une interprétation nouvelle d'un texte tout aussi fascinant qu'enigmatique

Das Evangelium am Himmel Joachim Barth, 2025-01-20 Joachim Barth bietet einen innovativen Zugang zur Offenbarung des Johannes In seiner überwiegend kosmisch astralen Interpretation der Offenbarung des Johannes versteht Barth die Apokalypse als das Ergebnis einer mundanastrologischen Auseinandersetzung mit der Wirklichkeit In Aufnahme und Abgrenzung zur griechisch-römischen Astrologie und Astralmythologie und unter Rückgriff auf die biblische Tradition beschreibt Johannes so die These die antiken Sternbilder mit jüdisch-christlichen Inhalten und sieht in ihnen christlich-mythologische Figuren Durch eine derartige Umdeutung von Sternen und Sternbildern schafft der Apokalyptiker eine ausgeprägt kosmische Theologie und Christologie Mittels der Himmelsdynamik zeigt sich dem Seher am Himmel sowohl die Vergangenheit als auch die Zukunft des bestehenden Kosmos dessen zentrale kosmische Mitte die Auferstehung und der Auferstandene bildet Die astralmythologische Umdeutung der Sternkonstellationen stellt folglich den Subtext der Apokalypse des Johannes dar der dem Makrotext erst seine Kohärenz verleiht Dem Autor gelingt es hier zwei große Probleme der Apokalypse-Forschung einer Lösung zuzuführen 1 Zum einen die Frage nach der Art der visionären Erfahrung des Propheten 2 zum anderen das Problem der fehlenden narrativen Kohärenz der Apokalypse

New Dictionary of Scientific Biography Noretta Koertge, 2008 Also available online as part of the Gale Virtual Reference Library under the title Complete dictionary of scientific biography *The Bible Translator*, 2003

Vettii Valentis Antiocheni Anthologiarum libri novem Vettius Valens, 1986 **History of Nephrology** 4 International Association for the History of Nephrology. Congress, 2002 Reconstructing the history of nephrology is not an easy task It requires a great deal of effort and interest on the part of the researcher who has to explore information on diseases of the kidney in various medical texts of the past where it has sometimes been buried for centuries This volume of History of Nephrology thus concentrates on the history of diseases of the kidney Physicians have toiled in diagnosing and treating ailments of the kidney for millennia well before the emergence of the specialty of nephrology It is also evident that many of the best minds in medicine when faced with the complex signs and symptoms we now classify as diseases of the kidney were initially puzzled by them and then satisfied by merely describing them While the thriving of anatomy allowed of some of these clinical manifestations to be attributed to pathologies of the kidney observed at autopsy it was only after the Scientific Revolution and during the era of Enlightenment that most of these descriptive entities came to

be grouped under the taxonomic terms by which any medical student today can make a specific diagnosis of kidney disease. Their treatment, however, whether symptomatic or curative, had to await the post World War II period of flourishing basic research. Nephrologists as well as those interested in the history of medicine in general will find this book a veritable treasure trove of information.

Deutsche Nationalbibliographie und Bibliographie des im Ausland erschienenen deutschsprachigen Schrifttums, 1987 **Deutsche Nationalbibliographie und Bibliographie des im Ausland erschienenen deutschsprachigen Schrifttums**, 1987 *Im Bann der Sterne* Claudia Brosseder, 2004

Die Astrologie spielte unter den europäischen Gelehrten des 15. und 16. Jahrhunderts eine herausragende Rolle. Dank grundlegender Studien hat die Astrologie im Italien der Renaissance klare Konturen erhalten. Ein vergleichbares Bild für Deutschland fehlte bislang. Unklar war, wie viele deutsche Astrologen dieser Zeit den Blick zum nächtlichen Himmel richteten und vor allem, was sie dort sahen, welche Erkenntnisse sie gewannen, mit welchen Kategorien sie diese bewerteten und für welche Zwecke sie sie verwendeten. Nicht minder unklar waren der wissenschaftliche Diskurs über Astrologie, ihre anthropologische und naturphilosophische Legitimierung, ihr universalhermeneutischer Anspruch, ihre Präsenz in der Politik und in den Universitäten, ihr Gebrauch in der rechtlichen Praxis, ihr Konflikt mit der Theologie. Das Buch von Claudia Brosseder geht neben anderen diesen Fragen nach und rekonstruiert ausgehend vom Wittenberger Kreis das Phänomen der deutschen Astrologie im 16. Jahrhundert in seiner Komplexität.
