Anthony Powell:

Understanding Anthony Powell Nicholas Birns, 2004 Nicholas Birns provides a fresh examination of the British writer's career and growing reputation in this introduction to his work Birns takes a global view of Powell's corpus situating his works in context and explaining his place among Evelyn Waugh, Graham Greene and Henry Green in the second generation of British modernists Birns explains how Powell and his compatriots pioneered a next wave modernism in which experimentation and traditional narrative combined in a sustainable mode [The Novels of Anthony Powell](#) Anthony Powell, James Tucker, 1976 **Anthony Powell** Michael Barber, 2004-09-02 Powell believed that creative writing was like alchemy a mysterious indefinable process by which experience became art Michael Barber focuses on the experience that provided Powell with his raw material He pays particular attention to the entre deux guerres that sharply divided cultural interlude when the artists and good timers with whom Powell identified in the twenties were followed in the thirties by the politicians and the prigs **BOOK JACKET** **Anthony Powell** John David Russell, 1970 [Anthony Powell](#) Neil Francis Brennan, 1995 Since the first edition an additional eight books by the English novelist and critic have appeared including his four volume complete memoirs In this revision Brennan casts light on Powell's fiction by drawing from the author's memory of his own life and times in his memoirs Born just after the turn of the 20th century into the insular world of England's upper class Powell has portrayed its inner workings in his fiction From his first novel Afternoon Men a study of London's Bohemian art scene through his 12 volume work The Music of Time to his last novel The Fisher King a study of an ageing artist Powell has managed to combine ironic wit with a sympathetic awareness of human fallibility to create a body of work **Anthony Powell** Hilary Spurling, 2017-10-05 A landmark biography The Times Books of the Year The long awaited portrait of a literary master from one of our generation's greatest biographers Anthony Powell the literary genius who gave us A Dance to the Music of Time an undisputed classic of English literature Spanning twelve spectacular volumes and written over twenty five years his comic masterpiece teems with idiosyncratic characters capturing twentieth century Britain through war and peace Drawing on Powell's letters and journals and the memories of those who knew him Hilary Spurling explores his life Investigating the friends relations lovers acquaintances fools and geniuses who surrounded him she reveals the comical and tragic events that inspired one of the greatest fictions of the age Discover Anthony Powell's A Dance to the Music of Time series available in paperback and e book from Arrow [The Image of the English Gentleman in Twentieth-Century Literature](#) Christine Berberich, 2016-03-03 Studies of the English gentleman have tended to focus mainly on the nineteenth century encouraging the implicit assumption that this influential literary trope has less resonance for twentieth century literature and culture Christine Berberich challenges this notion by showing that the English gentleman has proven to be a remarkably adaptable and relevant ideal that continues to influence not only literature but other forms of representation including the media and advertising industries Focusing on Siegfried Sassoon Anthony Powell Evelyn Waugh and Kazuo

Ishiguro whose presentations of the gentlemanly ideal are analysed in their specific cultural historical and sociological contexts Berberich pays particular attention to the role of nostalgia and its relationship to Englishness Though Englishness and by extension the English gentleman continue to be linked to depictions of England as the green and pleasant land of imagined bygone days Berberich counterbalances this perception by showing that the figure of the English gentleman is the medium through which these authors and many of their contemporaries critique the shifting mores of contemporary society Twentieth century depictions of the gentleman thus have much to tell us about rapidly changing conceptions of national class and gender identity

Nation & Novel Patrick Parrinder, 2008 Patrick Parrinder traces English prose fiction from its late medieval origins through its stories of rogues and criminals family rebellions and suffering heroines to the contemporary novels of immigration He provides both a comprehensive survey and a new interpretation of the importance of the English novel *To Keep the Ball Rolling* Anthony Powell, 1976

Criticism of Society in the English Novel Between the Wars Hena Maes-Jelinek, 2013-05-22 The main concern of this study is the artist's vision of society its major theme is the relation between the individual and society resulting from the impact of social and political upheavals on individual life By criticism of society I mean the novelist's awareness of the social reality and of the individual's response to it the writers I deal with all proved alive to the changes that were taking place in English society between the two World Wars Though the social attitudes of the inter war years as well as the writers response to them were shaped by lasting and complex influences such as trends in philosophy and science the two Wars stand out as determining factors in the development of the novel the consequences of the First were explored by most writers in the Twenties whereas in the following decade the novelists felt compelled to voice the anxiety aroused by the threat of another conflict and to warn against its possible effects After the First World War many writers felt keenly the social disruption the old standards which were thought to have made this suicidal War possible were distrusted the code of behaviour and the moral values of the older generation were openly criticized for having led to bankruptcy Disparagement of authority increased the individual's sense of isolation his insecurity his disgust or fear Even the search for pleasure so widely satirized in the Twenties was the expression of a cynicism born of despair The ensuing disengagement of the individual from his environment became a major theme in the novel his isolation was at once a cause for resentment and the source of his fierce individualism

Recharting the Thirties Patrick J. Quinn,1996 The aim of *Recharting the Thirties* is to revitalize the awareness of the reading public with regard to eighteen writers whose books have been largely ignored by publishers and scholars since their major works first appeared in the thirties The selection is not based on a political agenda but encompasses a wide and divergent range of philosophies clearly the contrasts between Empson and Upward or between Powell and Slater indicated the wide ranging vision of the period Women writers of the period have largely been marginalized and the writings of Sackville West and Burdekin for example not only present distinct feminine voices of the period but also illuminate how much good literature has been forgotten *Investigating Powell's A Dance to the Music of Time* Isabelle Joyau,1994-03-02

Mudrick,2017-06-14 *Books Are Not Life But Then What Is* demonstrates how much Marvin Mudrick loved life and celebrated the dignity of life in literature It's helpful to be reminded now and then he writes that while novelists persist in their noisy betrayals of human dignity living has a longer history than reading and truth than fiction Mudrick insists on seeing authors and their characters as people and he describes and judges them as frankly as if they were living among us In this collection

we meet heroes monsters and every shade of character in between Chaucer Pepys Rochester Boswell Jane Austen and Anne Elliot Dickens and Pecksniff Pushkin Tolstoy Kafka Edmund Wilson and many other novelists scholars and critics We get to know each of them so vivid are Mudrick's quotations and commentary Essay after essay demonstrates that good criticism can amplify both life and literature
