

The background of the book cover is a sepia-toned photograph of an ancient Egyptian wall painting. It depicts a seated male figure, likely a deity or a high-ranking official, wearing a large, pleated kilt and a tall, cylindrical headdress. The figure is shown in profile, facing right, and is holding a long, thin staff or scepter in his right hand. The painting is set within a recessed rectangular frame on the wall.

Anthropology Contemporary Perspectives:

Anthropology Phillip Whitten, David E. Hunter, 1993 This collection of essays lets students explore such topics as the changing role of anthropology evolution versus natural selection the disappearance of the Neanderthal sex roles human diversity the explosion of creativity technology and culture and language The editors have selected works by some of today's leading anthropologists science writers and scientists to provide students with a range of perspectives to help them understand the relevance of anthropology in this changing world

Anthropology Whitten, 1997-03-01 [Anthropology, Contemporary Perspectives](#) David E. Hunter, Phillip Whitten, 1982 *Contemporary Perspectives on Rhetoric* Sonja K. Foss, Karen A. Foss, Robert Trapp, 2014-04-04 The anniversary edition marks thirty years of offering an indispensable review and analysis of thinkers who have exerted a profound influence on contemporary rhetorical theory I A Richards Ernesto Grassi Cha m Perelman and Lucie Olbrechts Tyteca Stephen Toulmin Richard Weaver Kenneth Burke J rgen Habermas bell hooks Jean Baudrillard and Michel Foucault The brief biographical sketches locate the theorists in time and place showing how life experiences influenced perspectives on rhetorical thought The concise explanations of complex concepts are clear engaging insightful and highly accessible serving as an excellent primer for reading the major works of these scholars The critical commentary is carefully chosen to highlight implications and to place the theories within a broader rhetorical context Each chapter ends with a complete bibliography of works by the theorists

Readings in Cultural Anthropology Robin Conley Riner, 2019-10-15 *Readings in Cultural Anthropology Classic and Contemporary Perspectives* provides students with an engaging and diverse collection of articles pertaining to cultural anthropology The text encourages readers to compare traditional and modern readings on specific topics related to anthropology to better understand how the discipline has evolved into what it is today The opening chapter presents students with an overview of cultural anthropology highlighting i

[Africanisms in American Culture, Second Edition](#) Joseph E. Holloway, 2005-08-03 A revised and expanded edition of a groundbreaking text

[Contemporary Perspectives in Critical and Social Philosophy](#) J. Rundell, et al, 2005-01-01 This volume is also published as volume 5 of the journal *Critical Horizons* ISSN 1440 9917 *Contemporary Perspectives in Critical and Social Philosophy* brings together a range of essays concerning ways of conceptualising modernities subjectivities and recognition It highlights recent developments in German critical and social philosophy and includes essays by Martin Seel Christoph Menke Max Pensky Andrew Bowie and Karl Ameriks and critical discussions of the works of Manfred Frank Theodor Adorno and Axel Honneth These recent developments open onto dialogues between hermeneutics post structuralism Critical Theory and the Budapest School represented here by Agnes Heller and Maria M rkus The essays contribute to debates regarding the modern constellation between those who at first glance may be viewed as protagonists but from the perspective of greater distance share similar concerns and pre occupations

Making of Psychological Anthropology George D. Spindler, 2023-11-10 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1978

Anthropology Through the Looking-Glass Michael Herzfeld, 1987 Despite having emerged in the heyday of a dominant Europe of which Ancient Greece is the hallowed spiritual and intellectual ancestor anthropology has paradoxically shown relatively little interest in contemporary Greek culture In this innovative and ambitious book Michael Herzfeld moves Greek Ethnography from the margins to the centre of anthropological theory revealing the theoretical insights that can be gained by so doing He shows that the ideology that originally led to the creation of anthropology also played a large part in the growth of the modern Greek nation state and that Greek ethnography can therefore serve as a mirror for an ethnography of anthropology itself He further demonstrates the role that scholarly fields including anthropology have played in the construction of contemporary Greek culture and Greek identity *Handbook of Research on Theoretical Perspectives on Indigenous Knowledge Systems in Developing Countries* Ngulube, Patrick, 2016-09-12 There has been a growth in the use acceptance and popularity of indigenous knowledge High rates of poverty and a widening economic divide is threatening the accessibility to western scientific knowledge in the developing world where many indigenous people live Consequently indigenous knowledge has become a potential source for sustainable development in the developing world The Handbook of Research on Theoretical Perspectives on Indigenous Knowledge Systems in Developing Countries presents interdisciplinary research on knowledge management sharing and transfer among indigenous communities Providing a unique perspective on alternative knowledge systems this publication is a critical resource for sociologists anthropologists researchers and graduate level students in a variety of fields **Foundations of Social Anthropology** Pasquale De Marco, 2025-03-17 In a world where cultures collide and identities intertwine Foundations of Social Anthropology emerges as an illuminating guide to understanding the intricate tapestry of human societies This comprehensive book embarks on an intellectual journey through the captivating field of social anthropology inviting readers to explore the profound interplay between culture power and identity Within the pages of this book readers will delve into the heart of social anthropology unraveling the complexities of human existence from a cultural perspective They will discover how culture shapes our beliefs values norms and practices providing a framework through which we make sense of the world around us Furthermore the book delves into the dynamics of power in human societies examining how power structures are constructed maintained and challenged Readers will gain insights into the various forms of power ranging from political authority to economic influence and symbolic control and how these forces shape social relations and interactions Identity a fluid and multifaceted aspect of human experience takes center stage in this exploration The book investigates the intricate interplay between culture power and identity shedding light on

how individuals and groups construct and negotiate their identities in diverse social contexts To uncover the hidden depths of human societies social anthropologists employ a range of methodologies From participant observation and interviews to archival research these methods allow anthropologists to immerse themselves in the communities they study gaining a deep understanding of cultural practices social interactions and the lived experiences of individuals Moreover the book emphasizes the relevance of social anthropology in addressing pressing global challenges In an interconnected world grappling with issues such as inequality climate change and migration social anthropology offers valuable insights into the cultural dimensions of these challenges By comprehending the diverse cultural contexts in which these issues are embedded we can strive for more informed and effective solutions Foundations of Social Anthropology is an essential resource for students researchers and anyone seeking a deeper understanding of human societies and cultures Its comprehensive approach provides a solid foundation in the field while its engaging writing style makes it accessible to a wide range of readers This book will challenge readers to question their assumptions about the world and to appreciate the richness and diversity of human cultures If you like this book write a review

Anthropological Perspectives on Education in Nepal

Karen Valentin,Uma Pradhan,2023 This volume illuminates educational transformations and avenues of learning in the context of wider social and political changes in Nepal **Instinct and Revelation** Alondra Oubre,2013-10-11 Instinct and Revelation revolves around the hypothesis that ritual behavior and imaginative awareness in early hominids may have helped to spawn the evolution of the human brain and human consciousness Using an integral perspective comparable with systems theory the book carefully interweaves fact and theory from physical and cultural anthropology psychobiology and the brain sciences psychology and to a lesser degree eastern philosophy This book breaks from tradition by discussing from a primarily anthropological perspective the origin of human consciousness within a philosophical framework that embraces precepts from human evolution evolutionary psychology the neurosciences biocultural anthropology and cultural symbolic anthropology **Verbal Art Across Cultures** Hubert Knoblauch,Helga Kotthoff,2001 **Neighbors at War:**

Anthropological Perspectives on Yugoslav Ethnicity, Culture, and History , Before the former Yugoslavia was divided by wars its inhabitants successfully lived side by side in peace This collection seeks to explain how former neighbors became enemies with the hope that understanding what drove these peoples apart will help us discover ways for them to coexist in peace again Contributors analyze political cartoons psychiatry the arts visual media and law to present a diversity of views on the conflicts in Yugoslavia While the chapters in this book deal with regional developments they are not so much focused on politics as they are concerned with how values and attitudes are altered and new identities formed Thus this volume goes beyond recent journalistic accounts and should remain relevant for years to come This book began as a special issue of the journal Anthropology of East Europe Review Most of the contributors to that issue have revised their chapters for this collection and new chapters have been added including one on the recent war in Kosovo Essays range across all of former

Yugoslavia emphasizing the variability and diversity of ethnic relations throughout its history Contributors are Mart Bax Brian C Bennett Nikolai Botev Bette Denich Elinor Despalatovi Hannes Grandits Joel M Halpern E A Hammel Robert M Hayden Goran Jovanovic va V Huseby Darvas David A Kideckel Mirjana Lausevic Lynn D Maners Julie Mertus Robert Gary Minnich Rajko Mursi Edit Petrovic Christian Promitzer Mirjana Prosic Dvornic Janet Reineck Jonathan Matthew Schwartz Andrei Simic and Stevan M Weine

Father-Child Relations Barry S. Hewlett, Due to a greater involvement of American fathers in the direct care of their children in recent years interest in the impact and nature of the father s role in nurturing children has increased While studies about fathers in the industrialized literate West have proliferated little is known about the role of fathers in the preliterate non Western world This collection examines the diversity of paternal roles found in human cultures among various types of societies that are very peaceful and those that actively engage in warfare as a mode of existence Father Child Relations recognizes the importance of understanding both biological and cultural aspects of the father s role Many of the contributors utilize evolutionary or biosocial models including those of developmental psychology to examine the father s role while others rely upon the symbolic analysis of cultural and social anthropology One chapter is devoted to male infant relationships in nonhuman primates a further largely ignored comparative perspective The anthropologists who have contributed to this collection are field workers who have lived intimately over significant periods of time with the people about whom they are writing These research reports from the field have been edited to make them wholly accessible to the non specialist The contributors of this volume recognize that biology and ideology are intertwined both together influence the father s behavior and the effects of his behavior

Routledge Handbook of Afro-Latin American Studies Bernd Reiter, John Antón Sánchez, 2022-11-08 This Handbook provides a comprehensive roadmap to the burgeoning area of Afro Latin American Studies Afro Latins as a civilization developed during the period of slavery obtaining cultural contributions from Indigenous and European worlds while today they are enriched by new social configurations derived from contemporary migrations from Africa The essays collected in this volume speak to scientific production that has been promoted in the region from the humanities and social sciences with the aim of understanding the phenomenon of the African diaspora as a specific civilizing element With contributions from world leading figures in their fields overseen by an eminent international editorial board this Handbook features original authoritative articles organized in four coherent parts Disciplinary Studies Problem Focused Fields Regional and Country Approaches Pioneers of Afro Latin American Studies The Routledge Handbook of Afro Latin American Studies will not only serve as the major reference text in the area of Afro Latin American Studies but will also provide the agenda for future new research
