Anthropology From A Pragmatic Point Of View:

Anthropology from a Pragmatic Point of View Immanuel Kant, 2006 Anthropology from a Pragmatic Point of View essentially reflects the last lectures Kant gave for his annual course in anthropology which he taught from 1772 until his retirement in 1796 The lectures were published in 1798 with the largest first printing of any of Kant's works Intended for a broad audience they reveal not only Kant's unique contribution to the newly emerging discipline of anthropology but also his desire to offer students a practical view of the world and of humanity's place in it With its focus on what the human being as a free acting being makes of himself or can and should make of himself the Anthropology also offers readers an application of some central elements of Kant's philosophy This volume offers a new annotated translation of the text by Robert B Louden together with an introduction by Manfred Kuehn that explores the context and themes of the lectures **Anthropology**

Anthropology from a Pragmatic Point of View. Translated, with an Introduction and Notes by Mary J. Gregor, 1974 *Disgust* Winfried Menninghaus, 2012-02-01 Disgust Ekel d go t is a state of high alert It acutely says no to a variety

of phenomena that seemingly threaten the integrity of the self if not its very existence. A counterpart to the feelings of appetite, desire, and love, it allows at the same time for an acting out of hidden impulses and libidinal drives. In *Disgust*, Winfried Menninghaus provides a comprehensive account of the significance of this forceful emotion in philosophy, aesthetics, literature, the arts, psychoanalysis, and theory of culture from the eighteenth century to the present. Topics addressed include the role of disgust as both a cognitive and moral organon in Kant and Nietzsche; the history of the imagination of the rotting corpse; the counter-cathexis of the disgusting in Romantic poetics and its modernist appeal ever since; the affinities of disgust and laughter; and the analogies of vomiting and writing the foundation of Freudian psychoanalysis in a theory of disgusting pleasures and practices; the association of disgusting otherness with truth and the trans-symbolic real in Bataille, Sartre, and Kristeva; Kafka's self-representation as an Angel of disgusting smells and acts concealed in a writerly stance of uncompromising purity; and recent debates on Abject Art.

Lectures on Metaphysics Immanuel Kant, 2001-10. The purpose of the Cambridge Edition is to offer translations of the best modern German edition of Kant's work in a uniform format suitable for Kant scholars. When complete, fourteen volumes are currently envisaged; the edition will include all of Kant's published writings and a generous selection from the unpublished writings such as the *Opus postumum*, *handschriftliche Nachlass*, lectures, and correspondence. This volume contains the first translation into English of notes from Kant's lectures on metaphysics. These lectures, dating from the 1760s to the 1790s, touch on all the major topics and phases of Kant's philosophy. Most of these notes have appeared only recently in the German Academy Edition; this translation offers many corrections of that edition. As is standard with the volumes in the Cambridge Edition, there is an extensive editorial apparatus including extensive linguistic and explanatory notes, a detailed subject index, and glossaries of key terms.

Kant's Human Being Robert B. Louden, 2011-07-25. In *Kant's Human Being*, Robert B. Louden continues and deepens avenues of research first initiated in his highly acclaimed book *Kant's Impure Ethics*.
