Anthropology Of Folk Religion:

Anthropology of Folk Religion. Ed. and Introduced by Charles Leslie Charles Leslie, 1960 *Anthropology of Folk Religion* Charles M. Leslie, 1960 Religion and Anthropology Brian Morris, 2006 This important textbook provides a critical introduction to the social anthropology of religion focusing on more recent classical ethnographies Comprehensive free of scholastic jargon engaging and comparative in approach it covers all the major religious traditions that have been studied concretely by anthropologists Shamanism Buddhism Islam Hinduism Christianity and its relation to African and Melanesian religions and contemporary Neopaganism Eschewing a thematic approach and treating religion as a social institution and not simply as an ideology or symbolic system the book follows the dual heritage of social anthropology in combining an interpretative understanding and sociological analysis The book will appeal to all students of anthropology whether established scholars or initiates to the discipline as well as to students of the social sciences and religious studies and for all those interested in comparative religion Ethnology of Religion Gábor Barna, 2004 The subject of the research carried out in different countries under various names religiose Volkskunde Volksfrommingkeitsforschung ethnology of religion anthropology of religion etc is essentially the same so called folk religiosity or popular religion supplementing the practice of dogmatic religions the everyday practice of religion and in general an ethnological anthropological approach to the study of religious life What is the epistemological basis of the research How is the subject of the research defined What methods are considered suitable for the study of the religious phenomenon Who are the most important researchers and what are their main publications Has research on religion become an independent field of research The answers to these and many other questions are to be found in the studies in this book which present the history of scholarship and research in ethnology of religion as a discipline in fourteen countries of Europe Belgium Flanders Croatia Czech Republic Greece Hungary Lithuania Macedonia Norway Poland Portugal Russia Slovakia Spain Sweden They cover a spectrum ranging from classical 19th century ethnographical writings to today s studies of an anthropological nature The extensive bibliographies make the volume a valuable aid in research and university education A Companion to the Anthropology of Japan Jennifer Robertson, 2008-04-15 This book is an unprecedented collection of 29 original essays by some of the world s most distinguished scholars of Japan Covers a broad range of issues including the colonial roots of anthropology in the Japanese academy eugenics and nation building majority and minority cultures genders and sexualities and fashion and food cultures Resists stale and misleading stereotypes by presenting new perspectives on Japanese culture and society Makes Japanese society accessible to readers unfamiliar with the country **Psychoanalysis, Phenomenological Anthropology and Religion** Antoon Vergote, 2023-10-16 In this volume we have brought together some of the most important contributions of Antoon Vergote to the field of what is now called clinical psychology of religion Most of these contributions were not published before in English They cover the field in two ways On the one hand we selected some articles in which Vergote

reflects about the foundations of the clinical psychology of religion This first part of the book is about the psychoanalytic and philosophical anthropological approach of some major topics in the study of religion e g mythical thinking and symbolisation moral law and the idea of sin religious experience In this part we also included a critical reflection about the classic psychoanalytic criticism of religion and about the epistemology and the limits of the psychology of religion The second part on the other hand contains clinical empirical and psycho historical studies about concrete religious phenomena The first section of this part is amongst other topics about the psychological approach of the person Jesus about the psychological profile of the priest and about some aspects of folk religiosity The second section deals with problems in the field of mental health and religion the differentiation of true and false mysticism religion and psychopathology and a psychological approach of the experience of visions and apparitions

Folklore and Folklife Richard M. Dorson, 1972 Describes the characteristics of folk cultures and discusses the procedures used by social scientists to study folklife

Introducing Anthropology of Religion Jack David Eller, 2014-11-13 This clear and engaging guide introduces students to key areas of the field and shows how to apply an anthropological approach to the study of religion in the contemporary world Written by an experienced teacher it covers major traditional topics including definitions theories and beliefs as well as symbols myth and ritual The book also explores important but often overlooked issues such as morality violence fundamentalism secularization and new religious movements The chapters all contain lively case studies of religions practiced around the world The second edition of *Introducing Anthropology of Religion* contains updated theoretical discussion plus fresh ethnographic examples throughout In addition to a brand new chapter on vernacular religion Eller provides a significantly revised chapter on the emerging anthropologies of Christianity and Islam The book features more material on contemporary societies as well as new coverage of topics such as pilgrimage and paganism Images a glossary and questions for discussion are now included and additional resources are provided via a companion website

Christianity and Animism in Melanesia Kenneth Nehrbass, 2012-02-26 Four Approaches to Gospel and Culture In this book Kenneth Nehrbass examines the interaction between traditional or animistic religion called kastom and Christianity in Vanuatu First he briefly outlines major anthropological theories of animism then he examines eight aspects of animism on Tanna Island and shows how they present a challenge to Christianity He traces the history of Christianity on Tanna from 1839 to the present showing which missiological theories the various missionaries were implementing Nehrbass wanted to find out what experiences in the lives of the islanders distinguished those who left traditional religion behind from those who held on to it In the end he contends that there are twenty factors of gospel response and cultural integration that determine whether an animistic background believer will be a mixer separator transplanter or contextualizer *'Homo Religiosus' in Mircea Eliade* Saliba, 2023-09-20

An Anthropology of the Qur'an Ahmed Achmati, 2021-11-29 This book presents an anthropological study of the Qur'an offering an unprecedented challenge to some of the epistemological and metaphysical assumptions of the tawdic discourses Combining primary textual materials and anthropological analysis this book examines transcendence as a core principle of the Qur'an uniquely signified in the divine name al Qudd s the Holy It shows how the tawdic representations of Allah constitute an inversion of this attribute examines how this inversion has been conceived authorized and maintained and demonstrates how it has affected Islamic thinking and practices especially as relates to

authority This book also explores how a return to the Qur'anic primacy of God's otherness as al-Qudd's can influence Islamic thinking and practices moving forward Therefore it will be highly useful to scholars of Islamic Studies philosophical theology Qur'anic studies political science ethics anthropology and religious studies
