Russia and the USSR, 1855-1991 Stephen J. Lee,2006 Russian history since 1855 has been marked by the rule of the Tsarist autocracy and Soviet communism This title examines both comparing their ideologies and their use of terror and repression to crush opposition to their rule

The Rise and Demise of World Communism George W. Breslauer,2021 In *The Rise and Demise of World Communism* George Breslauer explores the nature of communist regimes what they shared in common how they differed from each other and how they differentially evolved over time He offers the most accessible and readable account of the evolution of communism in sixteen states Half the size of more detailed and encyclopedic books on the rise and fall of communism it engages the reader with short chapters and a ready understanding of the historical flow from Karl Marx to the present day

For Commanders ,1961

Ruling Russia William Zimmerman,2016-03-22 The first book to trace the evolution of Russian politics from the Bolsheviks to Putin When the Soviet Union collapsed many hoped that Russia s centuries long history of autocratic rule might finally end Yet today s Russia appears to be retreating from democracy not progressing toward it *Ruling Russia* is the only book of its kind to trace the history of modern Russian politics from the Bolshevik Revolution to the presidency of Vladimir Putin It examines the complex evolution of communist and post Soviet leadership in light of the latest research in political science explaining why the democratization of Russia has all but failed William Zimmerman argues that in the 1930s the USSR was totalitarian but

gradually evolved into a normal authoritarian system while the post Soviet Russian Federation evolved from a competitive authoritarian to a normal authoritarian system in the first decade of the twenty first century He traces how the selectorate those empowered to choose the decision makers has changed across different regimes since the end of tsarist rule The selectorate was limited in the period after the revolution and contracted still further during Joseph Stalin s dictatorship only to expand somewhat after his death Zimmerman also assesses Russia s political prospects in future elections He predicts that while a return to totalitarianism in the coming decade is unlikely so too is democracy Rich in historical detail Ruling Russia is the first book to cover the entire period of the regime changes from the Bolsheviks to Putin and is essential reading for anyone seeking to understand why Russia still struggles to implement lasting democratic reforms
