Anti-Americanism changes people's standards of what is acceptable when bashing a country. Some people are so deranged by their hatred of the US that they can't tolerate even the tiniest bit of ribbing from Americans. It's supposed to be a one-way street: "USA = bad, my country = good" so when Americans have the moxie to tease other nationalities, there has been a precedent set that it's ok to be extremely bigoted and hateful as retaliation.

The joke keeps getting rehashed over and over again by psychotic, unoriginal internet goblins because it almost always gets applause from other like-mindedly lunatic anti-Americans. People love that the medium of anti-Americanism allows them to exhibit boorish, despicable behavior and get immunity from criticism for it.

The very people who constantly regurgitate the joke about shootings would get extremely offended and hostile if anything even remotely similar was said about their countries by Americans.

Anti-Americanism a mental disorder.
