The Scourges of the South? Essays on "The Sickly South" in History, Literature, and Popular Culture Thomas Ærvold Bjerre, Beata Zawadka, 2014-10-17 In this book eleven scholars take their stand on the controversial issue of disease as it occurs in the context of the American South Playing on the popular vision of the South as an ill region on several levels the European and American contributors interpret various aspects of the regional sickly culture as not so much southern problems but rather southern opportunities or else springboards to yet another of the South's cultural revitalizations health As Thomas Ærvold Bjerre and Beata Zawadka note in their introduction the so called Healthy South has never been an easy topic for scholars dealing with the region One reason for this is that researchers have been taught to approach so formulated a topic no further than to the point when it turns out it is a contradiction in terms and indeed there is much in southern history and the present situation that justifies such an approach This volume however comprises a collective effort of southernist historians literature experts and culture critics to transcend the contradictory concept of the Healthy South and does so by reinventing the notion of the southern disease and consequently the role of the South as a scourge in American culture in terms of this culture's bountiful gift

Handbook of Nutritional Disorders Jahangir Moini, Katia Ferdowsi, 2024-12-10 Handbook of Nutritional Disorders is a comprehensive handbook covering topics in nutrition malnutrition and the clinical disorders associated with nutrition from deficiency to toxicity It includes information on disorders related to carbohydrate lipid and protein metabolism as well as vitamin and mineral abnormalities The book details various types of supplements feeding methods and therapies for many specific patients It aims to educate readers on ways to prevent disorders resulting from all types of malnutrition and their potentially severe complications Features Strong focus on diabetes featuring information on various forms of the disease and treatment information Detailed discussion of lipids and related disorders cardiovascular disease is the number one cause of death informs users on prevention and treatment of hypertension myocardial infarction and stroke Contains
