Antic Hay Aldous Huxley, 1949 *Antic Hay* Aldous Huxley, 2020-04-14 *Antic Hay* is one of Aldous Huxley's earlier novels and like them is primarily a novel of ideas involving conversations that disclose viewpoints rather than establish characters its polemical theme unfolds against the backdrop of London's post war nihilistic Bohemia This is Huxley at his biting brilliant best a novel loud with derisive laughter which satirically scoffs at all conventional morality and at stuffy people everywhere a novel that's always charged with excitement *The Ironic Temper and the Comic Imagination* Morton Gurewitch, 1994

The Ironic Temper and the Comic Imagination examines and illuminates the role which the ironic temper plays in the creation of complex literary comedy The book focuses on ironic comedy though not of the kind that is characterized by the surprises and shocks the incongruities and reversals of circumstantial irony Circumstantial or situational irony cannot stand alone it serves for example the aggressive functions of satire or the irrational impulses of farce or the benevolent whimsical or pain

defeating energies of humor **Aldous Huxley and the Search for Meaning** Ronald T. Sion, 2014-01-10 Aldous Huxley author of eleven novels remains one of the towering figures of the twentieth century his work resistant to passing fads in literature This critical biography explores Huxley's lifelong quest for self actualization by intertwining the events of his life and details of the creative period that produced each book Considering Huxley's letters essays and interviews in its examination of the thematic content of each novel the text finds a man striving for the intellectual growth that would yield a sound philosophical and spiritual view of life one he infused into his work **Aldous Huxley** Harold Bloom, Sterling

Professor of Humanities Harold Bloom, 2010 A collection of critical essays on Huxley his satires and fiction works with a chronology of events in the author's life **The Encyclopedia of Twentieth-Century Fiction, 3 Volume Set** Brian W. Shaffer, 2011-01-18 This Encyclopedia offers an indispensable reference guide to twentieth century fiction in the English language With nearly 500 contributors and over one million words it is the most comprehensive and authoritative reference guide to twentieth century fiction in the English language Contains over 500 entries of 1000 3000 words written in lucid jargon free prose by an international cast of leading scholars Arranged in three volumes covering British and Irish Fiction American Fiction and World Fiction with each volume edited by a leading scholar in the field Entries cover major writers such as Saul Bellow Raymond Chandler John Steinbeck Virginia Woolf A S Byatt Samuel Beckett D H Lawrence Zadie Smith Salman Rushdie V S Naipaul Nadine Gordimer Alice Munro Chinua Achebe J M Coetzee and Ng g Wa Thiong o and their key works Examines the genres and sub genres of fiction in English across the twentieth century including crime fiction Sci Fi

Antic Hay Aldous Huxley,1951 **Aldous Huxley Between East and West** ,2021-11-01 Although the title of this volume is Aldous Huxley between East and West the order of the articles found within goes from West to East which naturally imitates Huxley s own progress especially since he went to the trouble of stepping out as far West as possible before starting for the East Indeed one could argue that he was already on his way there before he left for California a continuous journey perhaps since from the Californian shores of the Pacific the East is the further West After the Introduction which places Huxley between East and West the book starts with a consideration of Huxley s family connections then goes onto his earliest fictions his interest in science and the issue of modernity and his experiments with drama and their inherent philosophical concerns The poetry with which he began his writing career is then viewed as a link between his earlier Western self and his later Oriental interests suggesting that the latter was always inherent in the former A number of considerations of the Utopian themes in Huxley s middle and later fiction leads the volume to a climax with four articles surveying the foibles and the wisdom of Huxley s encounter with Eastern religious thought and philosophy his misunderstandings as well as ours of what actually he had learned and wished to pass on to the Western world **Aldous Huxley and Alternative Spirituality** Jake Poller,2019-08-12 Aldous Huxley and Alternative Spirituality offers an incisive analysis of the full range of Huxley s spiritual interests spanning both mysticism neo Vedanta Taoism Mahayana and Zen Buddhism and Western esotericism mesmerism spiritualism the paranormal Jake Poller examines how Huxley s shifting spiritual convictions influenced his fiction such as his depiction of the body and sex and reveals how Huxley s use of psychedelic substances affected his spiritual convictions resulting in a Tantric turn in his work Poller demonstrates how Huxley s vision of a new alternative spirituality in Island in which the Palanese select their beliefs from different religious traditions anticipates the New Age spiritual supermarket and traces the profound influence of Huxley s ideas on the spiritual seekers of the twentieth century and beyond *Annual Register of Book Values* Annual register of book values. Modern first editions,Clique Limited, The,1996-12 **The Genius of Aldous Huxley** Samiran Kumar Paul,2020-12-08 The Genius of Aldous Huxley is an attempt to make a critical analysis of Aldous Huxley s novels essays and plays The significant results of his stance in terms of his critical heritage were threefold the explicit message of the later fiction struck most readers as being detrimental to its artistry criticism of Huxley s craft often became indistinguishable from criticism of his ideas the popular response to Huxley s work continued to grow but the critical reception declined While they were looking to him for guidance practically none of Huxley s readers were prepared for the directions he took in the coming books His critics had so consistently overlooked the deeper import of the earlier work that the new outspoken idealism seemed an abrupt reversal if not a contradiction of attitudes The shift of emphasis in Huxley s work introduced during the war years a period of new

ferment and trial for his critical reputation The volume of response never slackened if anything it increased He has revealed himself as one of the few capable makers of cultural synthesis in our time His concern for mankind is so obvious that one can only think readers who see nothing in his later fiction but obsessions and bitterness are incapable of appreciating his intentions or his powers

Aldous Huxley Donald Watt,2013-09-05 This set comprises forty volumes covering nineteenth and twentieth century European and American authors These volumes will be available as a complete set mini boxed sets by theme or as individual volumes This second set compliments the first sixty eight volume set of Critical Heritage published by Routledge in October 1995 *Criticism of Society in the English Novel Between the Wars* Hena Maes-Jelinek,2013-05-22

The main concern of this study is the artist s vision of society its major theme is the relation between the individual and society resulting from the impact of social and political upheavals on individual life By criticism of society I mean the novelist s awareness of the social reality and of the individual s response to it the writers I deal with all proved alive to the changes that were taking place in English society between the two World Wars Though the social attitudes of the inter war years as well as the writers response to them were shaped by lasting and complex influences such as trends in philosophy and science the two Wars stand out as determining factors in the development of the novel the consequences of the First were explored by most writers in the Twenties whereas in the following decade the novelists felt compelled to voice the anxiety aroused by the threat of another conflict and to warn against its possible effects After the First World War many writers felt keenly the social disruption the old standards which were thought to have made this suicidal War possible were distrusted the code of behaviour and the moral values of the older generation were openly criticized for having led to bankruptcy Disparagement of authority increased the individual s sense of isolation his insecurity his disgust or fear Even the search for pleasure so widely satirized in the Twenties was the expression of a cynicism born of despair The ensuing disengagement of the individual from his environment became a major theme in the novel his isolation was at once a cause for resentment and the source of his fierce individualism

Animal Subjects Caroline Hovanec,2018-09-06 Animal Subjects finds a new understanding of animal life in the literature and science of the early twentieth century Aldous Huxley Annual Jerome Meckier,Bernfried Nudel,2019-07-30 Volume 17 18 begins with a section containing original Huxley documents Below the Equator an unpublished film story collaboration by Isherwood and Huxley edited by James Sexton and Bernfried Nudel to be followed by two pieces rediscovered and edited by James Sexton viz The Heroes William R Cox s screenplay adaptation of a lost Huxley story and the translation of a 1960 interview held in French by the Canadian writer Hubert Aquin Then Huxley nephew Piero Ferrucci kindly opens his family archives of original Huxley letters and photographs and contributes a remarkable essay on his coming of age with Aldous Huxley Rounding off this section Peter Wood introduces an unknown 1934 letter Huxley wrote to Ren e Schickele a forgotten German author in the writers community at Sanary The second section presents a further selection of papers from the Sixth International Aldous Huxley Symposium held at Almer a in April 2017 as well as other

critical articles *Dawn and the Darkest Hour* George Woodcock, 2007 Persuasively asks us to reconsider Huxley's works as the stages of a spiritual pilgrimage **The Columbia History of the British Novel** John Richetti, John Bender, Deirdre David, Michael Seidel, 1994-05-19 Booklist *Temporaries and Eternals* Michael Allis, 2013-02-21 Marking the fiftieth anniversary of the death of Aldous Huxley 1894-1963 *Temporaries and Eternals* focuses on the music column that Huxley wrote for *The Weekly Westminster Gazette* in 1922-23 Readers of Huxley's novels, essays and travel writing will be aware of the wealth of musical detail in these works and this book suggests that such references can only be fully understood in the context of the opinions voiced in Huxley's music criticism Not only does Huxley's column offer a fascinating snapshot of musical life in 1920s Britain but several of the themes that Huxley explores continue to have contemporary relevance These include music and technology the composer-performer relationship the nature of the child prodigy musical tradition and innovation the suitability of opera libretti and how to write about music effectively However Huxley's central theme reflected in the title of this book is the problematic question of how to judge the significance and potential longevity of specific composers and their works from Palestrina to Schoenberg After an extended introduction placing Huxley's music criticism in the context of his other writings the book reproduces all 64 of Huxley's weekly articles with footnote commentary to help the reader appreciate his wide-ranging textual references **Encyclopedia of the British Novel** Virginia Brackett, Victoria Gaydosik, 2015-04-22 Praise for the print edition comprehensive Recommended
