ITALY'S FIGHT AGAINST ORGANIZED CRIME

Antimafia Italys Fight Against Organized Crime

Cyrille Fijnaut, Letizia Paoli

Antimafia Italys Fight Against Organized Crime:

Italy in Transition Paolo Janni,1998 The Antimafia Alison Jamieson,2000 This exploration of the full diversity of the Italian Antimafia draws on primary sources and interviews to provide a complete analysis of social political and grassroots efforts since 1922 The murders of judges Falcone and Borsellino in 1992 caused an institutional crisis in Italy aggravated by evidence of rampant corruption in political and business life Since then exceptional law enforcement successes have been undermined by inadequate efforts to address the underlying social and economic conditions that facilitate the expansion of the Mafia This study looks at Antimafia initiatives within the context of international initiatives against organized crime

The Antimafia A. Jamieson,1999-11-10 This exploration of the full diversity of the Italian Antimafia draws on primary sources and interviews to provide the first complete analysis of social political and grassroots efforts since 1992 This fascinating study looks at Antimafia initiatives within the context of international initiatives against organized crime

Italian Crime Fiction in the Era of the Anti-Mafia Movement William Farina,2020-03-13 Over the last three decades Italian crime fiction has demonstrated a trend toward a much higher level of realism and complexity The origins of the New Italian Epic as it has been coined by some of its proponents can be found in the widespread backlash against the Mafia sponsored murders of Sicilian magistrates which culminated with the assassinations of Judges Giovanni Falcone and Paolo Borsellino in 1992 Though beginning in the Italian language this prolific popular movement has more recently found its way into the English language and hence it has found a much wider international audience Following a brief yet detailed history of the cultural and economic development of Sicily this book provides a multilayered look into the evolution of the New Italian Epic genre The works of ten prominent contemporary writers including Andrea Camilleri Michael Dibdin Elena Ferrante and Massimo Carlotto are examined against the backdrop of various historical periods This past is prologue approach to contemporary crime fiction provides context for the creation of these recent novels and enhances understanding of the complex moral ambiguity that is characteristic of anti mafia Italian crime fiction *Mafia Brotherhoods : Organized Crime, Italian Style* Freiburg and Lecturer in the Department of Sociology Constance University Letizia Paoli Senior Research Fellow in the Department of Criminology at Max Planck Institute for Foreign and International Criminal Law,2003-10-23 Secrecy is one of the defining characteristics of the Italian Mafia Wiretaps financial records and the rare informant occasionally reveal its inner workings but these impressions are all too often spotty and fleeting hampering serious scholarship on this major form of criminal activity During her years as a consultant to the Italian government agency responsible for combating organized crime Letizia Paoli was given unparalleled insider access to the confessions by pentiti literally repentants former Mafia operatives who had turned This mafia hard core came primarily from the two largest and most influential Southern Italian mafia associations known as Cosa Nostra and Ndrangheta each composed of about one hundred mafia families The sheer volume of these confessions numbering in the hundreds and the detail they contained

enabled the Italian government to effectively break up the Italian mafia in one of the dramatic law enforcement successes in modern times It is on these same documents that Paoli draws to provide a clinically accurate portrait of mafia behavior motivations and structure Puncturing academic notions of a modernized Mafia Paoli argues that to view mafia associations as bureaucracies illegal enterprises or an industry specializing in private protection is overly simplistic and often inaccurate These conceptions do not adequately describe the range of functions in which the mafia engages nor do they hint at the mafia's limitations The mafia Paoli demonstrates are essentially multifunctional ritual brotherhoods focused above all on retaining and consolidating their local political power base It is precisely this myopia that has prevented these organizations from developing the skills needed to be a successful and lasting player in the entrepreneurial world of illegal global commerce A truly interdisciplinary work of history politics economics and sociology Mafia Brotherhoods reveals in dramatic detail the true face of one of the world's most mythologized criminal organizations Corruption, Fraud, Organized Crime, and the Shadow Economy Maximilian Edelbacher, Peter C. Kratcoski, Bojan Dobovsek, 2015-10-15 Fueled by corruption fraud and organized crime the shadow economy also known as the informal black market illegal or underground economy is currently on the rise worldwide Corruption Fraud Organized Crime and the Shadow Economy addresses shadow economies and the players involved by examining various aspects of criminal law and prosecution **The Prediction and Control of Organized Crime** Jennifer Schrock, 2017-10-24 Like most former Soviet republics Ukraine has experienced a formidable proliferation of crime and corruption as it struggles with economic reform and the establishment of democracy During the early 90s Ukraine became one of the primary recipients of foreign assistance from the United States and its crime and corruption situation was increasingly seen as an impediment to economic transition and achieving a more democratic way of life Thus in 1998 as part of a larger U S law enforcement assistance effort in Ukraine the idea for a research partnership between criminologists and legal scholars in the two countries was born in this volume The original research papers contained are the products of this ambitious research project The realities of crime in post Soviet Ukraine as well as divergent methodological approaches and communication problems presented the research partners with enormous challenges This volume represents the culmination of that collaborative effort and provides a singular look into the current crime situation in Ukraine and into the potential global threat presented by Ukrainian organized crime Contributions include analyses of the prediction and control of organized crime trafficking in women and children for sexual exploitation international money laundering the transnational political criminal nexus of trafficking in women countermeasures against economic crime and corruption heroin trafficking business victimization by organized crime and understanding and combating organized crime The Prediction and Control of Organized Crime will be critical reading for security planners policymakers and criminal justice officials as well as comparative criminologists legal scholars and political scientists interested in organized crime and political corruption Mafia and Outlaw Stories from Italian Life and Literature Robin

Pickering-Iazzi,2007-01-01 The first of its kind in English Mafia and Outlaw Stories from Italian Life and Literature is a selection of readings from Italian fiction and non fiction writers on the subject of the Mafia Among the renowned writers featured are Giovanni Verga Grazia Deledda Anna Maria Ortese Livia De Stefani and Silvana La Spina as well as famous witnesses such as Felicia Impastato Letizia Battaglia and Rita Atria who provide personal often terrifying testimonies about their experiences with the Mafia It is a historically diverse examination of criminal and outlaw institutions by some of the most significant figures in Italian literature These newly translated writings show the ways in which Italians perceived and wrote about the Mafia and crime from the 1880s to the 1990s Among them are stories dealing with the important legends used by the Mafia as sources for their image and ideology legends such as the brigand and the Blessed Paulists Some of the fascinating themes discussed are connections between the Mafia the State and the Catholic Church the Mafia and children women and the Mafia the Black Hand and relations between the Mafia and the Allied Forces during the Second World War Robin Pickering Iazzi incorporates an invaluable introduction that charts key periods in the history of Italy and the Mafia and profiles each of the authors in the collection noting their major works in Italian as well as those available in English These and other features make this text especially appropriate for courses in Italian studies Mafia and Outlaw Stories from Italian Life and Literature takes a unique and intriguing approach to the subject of the Mafia and offers informed judgements about its historical impact on Italian society and culture

Organised Crime Alan Wright,2013-06-17 This book aims to provide an accessible introduction to the study of organised crime about those who commit it the effect it has on individuals businesses and states and the ways in which states and the international community have sought to contain it It explores all facets of what has become one of the key problems facing governments policy makers and law enforcement agencies in the early twenty first century Organised Crime has four predominant themes the nature and central concepts of organised crime the specific activities with which it is associated its origins and growth nationally regionally and globally the efforts by the international community and law enforcement agencies to contain regulate and control the risks that it poses The book contains a number of detailed case studies illustrating the growth of organised crime at national international and transnational levels ranging from the mafia criminal gangs in the UK through to the new wave of organised crime in Russia and the post Soviet states It will be essential reading for both students and practitioners in the police and other law enforcement agencies who have a concern with organised crime worldwide

Organized Crime: Culture, Markets and Policies Dina Siegel,Hans Nelen,2007-12-16 Dina Siegel and Hans Nelen The term global organized crime has been in use in criminology since the mid 1990s Even more general and abstract than its daughter terms transnational or cross border organized crime global organized crime seems to embrace the activities of criminal groups and networks all around the planet leaving no geographical space untouched The term appears to cover the geographical as well as the historical domain global has taken on the meaning of forever and ever Global organized crime is also associatively linked with globalisation The

social construction of both terms in scientific discourse is in itself an interesting theme But perhaps even more interesting especially for academics trying to conduct empirical research in this area is the analysis of the symbolic and practical meaning of these concepts How should criminologists study globalisation in general and global organized crime in particular Which instruments and theoretical luggage do they have in order to conduct this kind of research The aim of this book is not to formulate simple straightforward answers to these questions but rather to give an overview of contemporary criminological research combining international national and local dimensions of specific organized crime problems The term global organized crime will hardly be used in this respect In other social sciences such as anthropology there is a tendency to get rid of vague and abstract terms which can only serve to confuse our understanding In our opinion criminology should follow this initiative

Global Organized Crime Dina Siegel, H. Bunt, D. Zaitch, 2012-12-06 In the current processes of political economic and cultural changes serious cross border forms of organized crime receive unprecedented attention as spectacular global media events as threats of all sorts and as priority targets of criminal policy and political agendas Most books on global organized crime focus on one particular region topic or event and are written from one specific theoretical and disciplinary framework The renowned scholars who have contributed to this volume present up to date expertise on regions as distant and different as Russia Colombia the Netherlands Israel Peru and Britain They tackle phenomena such as international drug trafficking alien and women smuggling terrorism East European organized crime and financial crimes They show not only how these issues are interrelated but also the way in which they interact with social economic and political legitimate structures The contributors critically question the policies and strategies currently pursued They explore different theoretical arguments from the perspective of their own disciplines which include economics criminology political science and anthropology

Women of the Mafia Felia Allum, 2024-07-15 Women of the Mafia dives into the Neapolitan criminal underworld of the Camorra as seen and lived by the women who inhabit it It tells their life stories and unpacks the gender dynamics by examining their participation as active agents in the organization as leaders managers foot soldiers and enablers Felia Allum shows that these women are true partners in crime The author offers an innovative interdisciplinary analysis that demystifies the notion that the Camorra is a sexist male centric organization She links her analysis of Camorra culture within the wider Neapolitan context to show how mothers and women act and are treated in the private sphere of the household and how the family helps explain the power women have found in the Neapolitan Camorra It is civil society and law enforcement agencies that continue to see the Camorra using traditional gender assumptions which render women irrelevant and lacking independent agency in the criminal underworld In Women of the Mafia Allum debunks these assumptions by revealing the power and influence of women in the Camorra

Georgia: Revolution and War Rick Fawn, 2016-03-23 The post Soviet country of Georgia has generated surprise upon surprise Its Rose Revolution in 2003 marked the first time an existing leadership of a post Soviet state was forced to surrender power peacefully The new

leadership of Western educated Mikheil Saakashvili initiated wide ranging domestic reforms including a large scale unprecedented anti corruption drive It also intensified relations with the West and sought membership of the EU and NATO The Georgian leadership's expressed aim of re integrating territories lost in wars in the early 1990s resulted in a devastating conflict with Russia in 2008 All these developments and their wider implications receive careful yet readable attention in this collection by a truly international and specialist group of authors and practitioners The book offers a spectrum of opinion and compelling insight into the events and decisions that have recently shaped this fascinating yet understudied country and placed it at the forefront of interest in the changes transforming post Soviet Eurasia This book is based on a special issue of European Security

From Mafia to Organised Crime Anna Sergi, 2017-07-19 This book presents primary research conducted in Italy USA Australia and the UK on countering strategies and institutional perceptions of Italian mafias and local organized crime groups Through interviews and interpretation of original documents this study firstly demonstrates the interaction between institutional understanding of the criminal threats and historical events that have shaped these perceptions Secondly it combines analysis of policies and criminal law provisions to identify how policing models which combat mafia and organised crime activities are organized and constructed in each country within a comparative perspective After presenting the similarities between the four differing policing models Sergi pushes the comparison further by identifying both conceptual and procedural convergences and divergences across both the four models and within international frameworks By looking at topics as varied as mafia mobility money laundering drug networks and gang violence this book ultimately seeks to reconsider the conceptualizations of both mafia and organized crime from a socio behavioural and cultural perspective

Comparing Political Corruption and Clientelism Junichi Kawata, 2017-03-02 Past modernization literature has assumed that corruption and clientelism reflect a pre modern social structure and could be referred to as a pathologic phenomenon of the political system Very few have considered corruption and clientelism as structural products of an interwoven connection between capital accumulation bureaucratic rationalization interest intermediation and political participation from below This volume analyzes key aspects of the debate such as should corruption and clientelism be evaluated as a lubricant in terms of administrative efficiency legitimate demands from the margins of society to redress social and economic inequality or to readdress economic development What would be the effect of strengthening policing to control political corruption Could electoral reform or a decentralization of government power be a cure for all These questions among others are answered in this comprehensive volume

Handbook of Organised Crime and Politics Felia Allum, Stan Gilmour, 2019 This multidisciplinary Handbook examines the interactions that develop between organised crime groups and politics across the globe This exciting original collection highlights the difficulties involved in researching such relationships and shines a new light on how they evolve to become pervasive and destructive This new Handbook brings together a unique group of international academics from sociology criminology political science

anthropology European and international studies

Organised Crime in Europe Cyrille Fijnaut, Letizia Paoli, 2007-01-21

This volume represents the first attempt to systematically compare organised crime concepts as well as historical and contemporary patterns and control policies in thirteen European countries. These include seven old EU Member States: Denmark, France, Germany, Italy, The Netherlands, Spain, and the United Kingdom; two new members: the Czech Republic and Poland; a candidate country: Turkey; and three non-EU countries: Albania, Russia, and Switzerland. Based on a standardised research protocol, thirty-three experts from different legal and social disciplines provide insight through detailed country reports. On this basis, the editors compare organised crime patterns and policies in Europe and assess EU initiatives against organised crime. Its informed analyses and unprejudiced assessments will make *Organised Crime in Europe* an indispensable resource for scholars, students, practitioners, and policy makers interested in understanding the complex phenomenon of organised crime and its related control policies in Europe.

Against The Mafia Nando dalla Chiesa, Christina

Jerne, 2024-12-27 This collection of classic texts offers a longitudinal overview of the Italian mafia through the eyes of those who have questioned it in the past 144 years. It presents English translations of the key works of, among others, judges Giovanni Falcone, political theorists Gaetano Mosca, trade unionists Pio La Torre, journalists Giuseppe Fava, generals Carlo Alberto Dalla Chiesa, and priests Don Diana. These critical voices have been foundational to shaping the way Italian culture, policies, and legislation relate to the mafia phenomenon. They represent different political standpoints, from elitism to communism, as well as vastly different times, from post-feudalism to hyper-globalization. This book offers a rare and hitherto untranslated insight into not only the history of the Italian mafia and its conceptualizations but also into the movement against the mafia, which is one of the longest-lasting and most unrecognized European social movements. It provides a useful historical archive of Italian political and sociological thought and a diversity of perspectives through which to tackle a complex and increasingly global criminological issue, making it relevant for those interested in Italian studies, political theory, sociology, criminology, legal studies, and history.

The Oxford Handbook of Organized Crime Letizia Paoli, 2014

This handbook explores organized crime, which it divides into two main concepts and types: the first is a set of stable organizations, illegal per se or whose members systematically engage in crime; the second is a set of serious criminal activities that are typically carried out for monetary gain.

Italy - A Contested Polity Martin Bull, Martin Rhodes, 2013-10-31

Despite the promise of the new Second Republic launched in the early 1990s, Italy remains Europe's least well-governed country. Fifteen years ago, politicians on the take and mafiosi on the make were supposedly pushed aside by a new generation of reformers and crusading magistrates. However, in this new book, a team of leading experts on Italy uncovers little real progress. Badly needed reforms have foundered on bickering between the parties and their ego-centric leaders. Both left and right-wing coalitions have been guilty of impeding the anti-corruption revolution. Little has been done to improve the quality of public expenditure; infrastructure and education systems remain shambolic; and decades of periodic devaluation and deficit spending

have left the economy structurally weakened Italy's politicians are not just masters of trasformismo an ability to reinvent and present themselves anew to voters but of stratificazione or layering the introduction of new policies and institutions without replacing those that preceded them The result is a damaging mix of obsolete and contradictory legislation the product of bargaining over reform by chronically weak governments in a veto ridden polity The outcome immobilismo is a system in which all parties and democratic government itself are steadily losing legitimacy This book was published as a special issue of West European Politics

Recognizing the artifice ways to get this ebook **Antimafia Italys Fight Against Organized Crime** is additionally useful. You have remained in right site to start getting this info. acquire the Antimafia Italys Fight Against Organized Crime join that we allow here and check out the link.

Antimafia Italys Fight Against Organized Crime Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Antimafia Italys Fight Against Organized Crime free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Antimafia Italys Fight Against Organized Crime free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Antimafia Italys Fight Against

Organized Crime free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Antimafia Italys Fight Against Organized Crime. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Antimafia Italys Fight Against Organized Crime any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Antimafia Italys Fight Against Organized Crime Books

1. Where can I buy Antimafia Italys Fight Against Organized Crime books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Antimafia Italys Fight Against Organized Crime book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
