Antiquaries, book collectors and the circles of learning Robin Myers, 1996 *Gothic Architecture and Sexuality in the Circle of Horace Walpole* Matthew M. Reeve, 2020-07-15 Gothic Architecture and Sexuality in the Circle of Horace Walpole shows that the Gothic style in architecture and the decorative arts and the tradition of medievalist research associated with Horace Walpole 1717 1797 and his circle cannot be understood independently of their own homoerotic culture Centered around Walpole's Gothic villa at Strawberry Hill in Twickenham Walpole and his Strawberry Committee of male friends designers and dilettantes invigorated an extraordinary new mode of Gothic design and disseminated it in their own commissions at Old Windsor and Donnington Grove in Berkshire Lee Priory in Kent the Wyne in Hampshire and other sites Matthew M Reeve argues that the new third sex of homoerotically inclined men and the new modern styles that they promoted including the Gothic style and chinoiserie were interrelated movements that shaped English modernity The Gothic style offered the possibility of an alternate aesthetic and gendered order a queer reversal of the dominant Palladian style of the period Many of the houses built by Walpole and his circle were understood by commentators to be manifestations of a new queer aesthetic and in describing them they offered the earliest critiques of what would be called a queer architecture Exposing the role of sexual coterie in the shaping of eighteenth century English architecture this book offers a profound and eloquent revision to our understanding of the origins of the Gothic Revival and to medievalism itself It will be welcomed by architectural historians as well as scholars of medievalism and specialists in queer studies

Aspects of Book Culture in Early Modern England T.A. Birrell, edited by Jos Blom, 2024-08-01 Thomas Anthony Birrell 1924 2011 was a man of many parts For most of his working life he was Professor of English Literature in the University of Nijmegen The Netherlands where he was famous for his lively humorous and thought provoking lectures He was the author of some very

popular literary surveys in Dutch one of which a history of English literature has had seven editions so far However first and foremost he was a bibliographer and a book historian The present collection contains fifteen of his book historical articles two reviews and one published version of a lecture for the illustrious Association Internationale de Bibliophilie The lecture with a wealth of illustrations about the British Library as the Custodian of the Unique gives one a sense of Birrell s ability to present an audience with a complicated topic in comprehensible but not simplified terms The reviews serve as a statement of principle of how to tackle the subject of English readers and books and the standards that ought to apply The articles demonstrate Tom Birrell s in depth knowledge dedication and scholarship He once said that he felt that he could have talked to the 17th century London booksellers on an equal footing and his work convinces one that they would have enjoyed these conversations Aspects of Book Culture was edited by Birrell s former pupil colleague friend and fellow bibliographer Jos Blom

Reading Between the Lines Jessica G. Purdy, 2023-11-13 This book provides an overview of the establishment and use of parish libraries in early modern England and includes a thematic analysis of surviving marginalia and readers marks This book is the first direct and detailed analysis of parish libraries in early modern England and uses a case study approach to the examination of foundation practices physical and intellectual accessibility the nature of the collections and the ways in which people used these libraries and read their books

The Publications of the Pipe Roll Society, 2013 Some vols include Report of the Society **Anglo-Saxon England: Volume 27** Malcolm Godden, Michael Lapidge, Simon Keynes, 1999-03-04 The discovery in Sonderhausen of a fragmentary psalter glossed in Latin and Old English allows fresh inferences to be drawn regarding the study of the psalter in Anglo Saxon England and of the transmission of the corpus of vernacular psalter glosses A detailed textual and palaeographical study of the Wearmouth Jarrow bibles leads to the exciting possibility that the hand of Bede can be identified annotating the text of the Bible which he no doubt played an instrumental role in establishing Two Latin texts from the circle of Archbishop Wulfstan are published here in full whilst disciplined philological and historical analysis helps to clarify a puzzling reference in thelbert s law code to the early medieval practice of providing food render for the king Finally the volume contains two pioneering essays in the histoire des mentalit s The usual comprehensive bibliography of the previous year s publications in all branches of Anglo Saxon studies rounds off the book

Annual Bibliography of the History of the Printed Book and Libraries Dept. of Special Collections of the Koninklijke Bibliotheek, 1999-08-31 This twenty seventh volume of ABHB Annual bibliography of the history of the printed book and libraries contains 5076 records selected from some 1000 periodicals the list of which follows this introduction They have been compiled by the National Committees of the following countries Arab Countries Italy Australia Latin America Austria Latvia Lithuania Belarus Belgium Luxembourg Bulgaria Mexico The Netherlands Canada Croatia Poland Estonia Portugal Finland Rumania France Russia Germany South Africa Great Britain Spain Hungary Sweden Switzerland Iceland Ukraine Ireland Israel USA Benevolent readers are requested to signal the names of bibliographers and historians from countries not

mentioned above who would be willing to co operate to this scheme of international bibliographic collaboration The editor will greatly appreciate any communication on this matter Subject As has been said in the introduction to the previous volumes this bibliography aims at recording all books and articles of scholarly value which relate to the history of the printed book to the history of the arts crafts techniques and equipment and of the economic social and cultural environment involved in its production distribution conservation and description Of course the ideal of a complete coverage is nearly impossible to attain However it is the policy of this publication to include missing items as VIII INTRODUCTION much as possible in the forthcoming volumes The same applies to countries newly added to the bibliography

Enlightened Oxford Nigel Aston,2023-09-19 Enlightened Oxford aims to discern establish and clarify the multiplicity of connections between the University of Oxford its members and the world outside to offer readers a fresh contextualised sense of the University's role in the state in society and in relation to other institutions between the Williamite Revolution and the first decade of the nineteenth century the era loosely describable though not without much qualification as England's ancien regime Nigel Aston asks where Oxford fitted in to the broader social and cultural picture of the time locating the University's importance in Church and state and pondering its place as an institution that upheld religious entitlement in an ever shifting intellectual world where national and confessional boundaries were under scrutiny Enlightened Oxford is less an inside history than a consideration of an institutional presence and its place in the life of the country and further afield While admitting the degree of corporate inertia to be found in the University there was internal scope for members so inclined to be creative in their teaching open new research lines and be unapologetic Whigs rather than unrepentant Tories For if Oxford was a seat of learning rooted in its past and with an increasing antiquarian awareness of its inheritance yet it had a surprising capacity for adaptation a scope for intellectual and political pluralism that was not incompatible with enlightened values *The Papers of the Bibliographical Society of America* Bibliographical Society of America,1997 *Rare Books and Manuscripts*

Spanish Books in the Europe of the Enlightenment (Paris and London) Nicolás Bas Martín,2018-02-12 In Spanish Books in the Europe of the Enlightenment Paris and London Nicolás Bas examines the image of Spain in eighteenth century Europe and in Paris and London in particular His material has been scoured from an exhaustive interrogation of the records of the book trade He refers to booksellers catalogues private collections auctions and other sources of information in order to reconstruct the country's cultural image Rarely have these sources been searched for Spanish books and never have they been as exhaustively exploited as they are in Bas book Both England and France were conversant with some very negative ideas about Spain The Black Legend dating back to the sixteenth century condemned Spain as repressive and priest ridden Bas shows however that an alternative more sympathetic vision ran parallel with these negative views His bibliographical approach brings to light the Spanish books that were bought sold and ultimately read The impression thus obtained is likely to help us understand not only Spain's past but also something of its present

Manuscript Illumination in the Modern Age Sandra Hindman, Mary and Leigh Block Museum of Art, 2001 How medieval manuscripts were understood in the 19th and 20th centuries is the basis for this volume co written by four art historians Hindman Northwestern U Michael Camille U of Chicago Rowan Watson Victoria and Albert Museum and Nina Rowe Block Museum Northwestern U The attitudes *Collectors, Scholars, and Forgers in the Ancient World* Carolyn Higbie, 2017 This volume focuses on how ancient Greek and Roman fascination with works of art texts and antiquarian objects gave rise to the production of copies and forgeries Drawing on a range of examples and up to date scholarship on forgery it offers insight into what the ancients found valuable and how they understood their past and the evidence for it

Book-Men, Book Clubs, and the Romantic Literary Sphere Ina Ferris, 2015-08-29 This book re reads the tangled relations of book culture and literary culture in the early nineteenth century by restoring to view the figure of the bookman and the effaced history of his book clubs As outliers inserting themselves into the matrix of literary production rather than remaining within that of reception both provoked debate by producing writing and circulating books in ways that expanded fundamental points of literary orientation in lateral directions not coincident with those of the literary sphere Deploying a wide range of historical archival and literary materials the study combines the history and geography of books cultural theory and literary history to make visible a bookish array of alternative networks genres and locations that were obscured by the literary sphere in establishing its authority as arbiter of the modern book **From Compositors to Collectors** John Hinks, Matthew Day, 2012 The essays in this collection trace texts from their creation and printing through to their publication dissemination and collection In doing so they show how production processes change texts and how collectors subsequently appropriate them for their own ends By examining the diverse activities of those involved in both textual creation and collection over a long period these essays highlight both continuities and changes in the book trade Taken together this collection offers considerable new insights into many facets of the book trade ranging from creation to consumption This newest addition to the Print Networks series includes nineteen essays from leading book history scholars including Mariko Nagase Daniel Cook Stephen Brown Brian Hillyard Catherine Delafield Rob Allen Rachel Bower Iain Beavan and more The compositors section covers everything from *The Mayor of Quinborough* published in 1661 to *My Name is Salma* published in 2007 Essays on collectors include Dr James Fraser Titus Wheatcroft Sir Walter Scott the USA Armed Services and more The book is illustrated throughout in black and white Available in the UK from The British Library

American Book Publishing Record, 1997 **The History of Bookbinding as a Mirror of Society** Mirjam Foot, British Library, 1998 In this illustrated survey the author explores the use and purpose of bookbindings over and above protecting the text inside them and the purpose of the study of the book as a physical object Examples from the British Library's collection are included
