Antología Mayor:

Poetry and the Realm of the Public Intellectual Karen Patricia Peña, 2007 In this study we see how Gabriela Mistral travels to Mexico and finds the countryside a way to declare her own queer identity many years later we find her reimagining a frightening feminine space where she contests the terrible fate of Greek heroines In Cecilia Meireles we discover a writer at odds with her femininity who declares herself androgynous Like Mistral she too travelled extensively and we see her arguing against the wealth of capitalism and industrialization when she travels to the United States in 1940 Rosario Castellanos straightforwardly argues for women's procreative rights in almost all of her poetry And in an illuminating re-reading of Mistral Castellanos allows the shadow of her predecessor to vocalize the tragedies of the inability to control woman's reproductive choices Book jacket *Tropical Town and Other Poems* Salomón de la Selva, 1998-01-01 Poems by a late Nicaraguan writer In A Prayer for the United States he wrote Apocalyptic blasts are ravaging over sea With lure of flag and conquest the harlot War is wooing The horse John saw in Patmos its dread course is pursuing I pray the Lord He shelter the stars that shelter me *Antología Mayor* Nicolas Guillen, 1969 **Gabriela Mistral y los presidentes de Chile** Matías Tagle Domínguez, 2022-06-10 La vinculación entre Gabriela Mistral y seis presidentes de la República es materia central de estas páginas Ella mantuvo correspondencia frecuente con dos de ellos Pedro Aguirre Cerda y Eduardo Frei Montalva cuya lectura permite ahora un interesante acercamiento al fuero interno de la Nobel de Literatura 1945 En esas cartas se revela mucho de su carácter sus sentimientos y expectativas vitales sus modos de expresar afectos e incluso algunas de sus preocupaciones más pedestres o domésticas Además acertadamente el autor de este libro también presenta y pone en perspectiva distintos artículos que la poetisa publicó en El Mercurio o bien comentarios que a diversas amistades hizo sobre Jos Manuel Balmaceda Arturo Alessandri Juan Antonio Ros y Carlos Ibáñez del Campo El conjunto de este material es una oportunidad para aproximarse de una manera casi intimista a personalidades y contextos que marcaron el siglo XX chileno y fundamentalmente a una escritora chilena de máxima relevancia cuya figura continúa siempre adquiriendo valor y ofreciendo nuevas profundidades literarias y humanas **The Cambridge Companion to Latin American Poetry** Stephen M. 1960-1999 ,2000 Images and Ideas in Seventeenth-Century Spanish Painting Jonathan Brown,2022-02-08 Art historians have often minimized the variety and complexity of seventeenth century Spanish painting by concentrating on individual artists and their works and by stressing discovery of new information rather than interpretation As a consequence the painter emerges in isolation from the forces that shaped his work Jonathan Brown offers another approach to the subject by relating important Spanish Baroque paintings and painters to their cultural milieu A critical survey of the historiography of seventeenth century Spanish painting introduces this two part collection of essays Part One provides the most detailed study to date of the artistic literary academy of Francisco Pacheco and Part Two contains original studies of four major painters and their works Las Meninas of Velázquez Zurbarán's decoration of the sacristy at Guadalupe and the work by Murillo and Valdés Leal for the Brotherhood of Charity Seville The essays are unified by the author's intention to show how the artists interacted with and responded to the prevailing social theological and historical currents of the time While this contextual approach is not uncommon in the study of European art it is newly applied here to restore some of the diversity and substance that Spanish Baroque painting originally possessed **The Publishers' Trade List Annual** ,1973 *Antología de Poetas Hispano-americanos Publicada Por la Real Academia Española: México y América Central* Marcelino Menéndez y Pelayo,1893 *Antología de prosistas ecuatorianos* ,1896 **Fragments of Bone** Patrick Bellegarde-Smith,2005 The bones of Pierre Toussaint the first proposed African American Catholic saint were disinterred and spread around in the New World In his introduction Patrick Bellegrade Smith suggests the same is true of the religious practices that peoples of African descent and victims of the Atlantic slave trade brought with them Fragments of Bone examines the evolution of these religions as they have been adapted and recontextualized in various New World environments The essays in Fragments of Bone discuss African religions as forms of resistance and survival in the face of Western cultural hegemony and imperialism The collection is unique in presenting the voices of scholars primarily outside of the Western tradition speaking on the issues they as practitioners regard as important Bellegarde Smith himself a priest in the Haitian Vodou religion brings together thirteen contributors from different disciplines genders and nationalities Catalog University of Texas.
