aquello que se consider importante para conocer su historia o como algunos la denominan su biografía. Se debe señalar que en ocasiones existe información cruzada en las entradas porque hay personajes cuya vida es su obra y viceversa. Por eso en la entrada respectiva se señala la consulta que debe hacerse en otra entrada. Del mismo modo es preciso indicar que existen entradas sin fuentes específicas en el caso de periódicos o revistas ya que se elaboraron los datos con el órgano periódico en la mano en el caso de personajes o instituciones porque la información se consiguió en la contraportada de libros sin la firma del autor o en recortes de prensa sin datos de identificación. Este Diccionario fue elaborado con una acuciosa investigación de las fuentes. Por lo tanto cada entrada tiene todas sus fuentes, esto puede parecer exagerado en algunos casos pero permitir al lector ampliar el aporte de cada entrada al consultar directamente las fuentes y así hacer su investigación según sus necesidades.

The Modernist Movement in Brazil John Nist, 2014-11-06

Ask an authority on Brazilian culture what he considers to be the most significant artistic event in Brazil during this century observes John Nist and he will quickly reply The Modern Art Week Exhibition staged in Sao Paulo in February 1922. This public demonstration and aesthetic manifesto represented a cut with the past a violent break with tradition unparalleled in Brazilian history. The fact that Brazilians still discuss the poetical renovation achieved by Modernism shows how strongly the movement attacked and questioned traditional attitudes cherished preconceptions prejudiced aspects of a national sensibility that still persists in some quarters to this day. As a movement of research and experimentation Modernism was in the words of its principal prophet Mário de Andrade a rupture a revolt against the national intelligence. In time it became a national affirmation that resulted in the integration of Brazilian literature into the literature of the Western world an integration too long overlooked by members of the English speaking community. The literary revolution thus unleashed in 1922 in Latin America's largest country is the subject of this book by Nist. Initially fostered by the Brazilian poets in response to new challenges in painting sculpture architecture and music the Modernist Movement has passed through four clear phases which are traced by the author: first the destructive and iconoclastic phase 1922-1930 second the serious and socially concerned phase 1930-1940 third the aesthetically formal phase 1940-1950 fourth the Concretist experimental phase 1950 to the mid 1960s. With similar competence Nist examines the fourfold achievement sought by these same poets: 1 a new age of humanity as well as a new artistic attitude 2 a new aesthetic purity 3 the termination of the divorce between humanity and nature artist and human 4 the discovery and establishment of a common ground between culture and spontaneity tradition and originality social and natural reality. In addition to presenting the origin and evolution of the Modernist Movement from a historical perspective the author pays critical attention to the artistic achievements of the leading poets of twentieth century Brazil: Mário de Andrade Oswald de Andrade Manuel Bandeira Jorge de Lima Cassiano Ricardo Carlos Drummond de Andrade Cecília Meireles Vinícius de Moraes Augusto Frederico Schmidt Murilo Mendes João Cabral de Melo Neto Domingos Carvalho da Silva and others.

of similar stature **Catastrophic Historicism** Ronald Mendoza-de Jesús, 2024-01-02 Catastrophic Historicism unsettles the historicist constitution of Julia de Burgos 1914 53 Puerto Rico's most iconic writer a critical task that necessitates redefining the concept of historicism Through readings of Aristotle Walter Benjamin Jacques Derrida Werner Hamacher and Frank Ankersmit Mendoza de Jesús shows that historicism grounds historical objectivity in the historian's capacity to compose totalizing narratives that domesticate the contingency of the past While critiques of historicism as a realism leave untouched the sovereignty of the historian the book insists that reading the text of history requires an attunement to danger a modality that interrupts historicism by infusing the past with a contingency that evades total appropriation After desedimenting the monumental tradition that has reduced de Burgos to a totemic figure Catastrophic Historicism reads the poet's first collection *Poema en 20 surcos* 1938 Mendoza de Jesús argues that the historicity of *Poema* crystallizes in the lyrical speaker's self-institution as an embodied ipseity which requires producing racialized gendered allegorical figures the bearers of an abject flesh that lack any ontological resistance to modern alienation Rather than treating de Burgos's poetics of selfhood as the ideal image of Puerto Rican sovereignty Mendoza de Jesús endangers this idealization by drawing attention to the abjection that sustains our attachments to ipseity as the form of a truly sovereign life In this way Catastrophic Historicism not only resets the terms of ongoing critiques of historicism in the humanities it also intervenes in Puerto Rican historicity for the sake of its transformation **Suenan tambores.
