Anton Chekhov Later Short Stories 1888 1903:

Anton Chekhov Anton Pavlovich Chekhov,1999 This volume presents forty two of Chekhov s later short stories written between 1888 and 1903 in acclaimed translations by Constance Garnett and chosen by Shelby Foote Among the most outstanding are A Dreary Story a dispassionate tale that reflects Chekhov s doubts about his role as an artist Short Story Index ,2004 **Interpreting Chekhov's Prose** Leonard A. Polakiewicz,2024-08-06 The essays collected in this book constitute a new contribution to our understanding of the originality and significance of Chekhov s prose A close textual analysis of his work is provided and especially of previously neglected works some long overdue for in depth investigation that Chekhov himself rightfully considered to be masterpieces Analysis of both these and other previously analyzed works offers a new interpretation which contrasts with those offered by previous Chekhov scholars Works examined include those dealing with Chekhov s astonishingly accurate and artistic portrayal of a wide variety of illnesses without the use of any medical terms These works are shown to be not mere clinical studies but genuine impressive works of art The author who suffered half of his life from tuberculosis effectively portrayed many characters afflicted with this disease which was incurable at the time Many of these works reveal an indisputable symbiosis of the doctor and the artist Chekhov maintained that in Goethe the poet lived amicably side by side with the scientist a fitting description of him as well Doctors the most frequently portrayed characters in Chekhov s oeuvre are appropriately subjected to extensive analysis as are the themes of fate and death and dying that figure so prominently in Chekhov s work Attention is accorded to imaginative fictional works dealing with philosophy and the theme of crime and punishment as well as The Island of Sakhalin a narrative of non fictional sociological content **Folktales of the Jews, Volume 2** Dan Ben-Amos,Dov Noy,2006 Folktales from Eastern Europe presents 71 tales from Ashkenasic culture in the most important collection of Jewish folktales ever published It is the second volume in Folktales of the Jews the five volume series to be released over the next several years in the tradition of Louis Ginzberg s classic Legends of the Jews The tales here and the others in this series have been selected from the Israel Folktale Archives at The University of Haifa Israel IFA a treasure house of Jewish lore that has remained largely unavailable to the entire world until now Since the creation of the State of Israel the IFA has collected more than 20 000 tales from newly arrived immigrants long lost stories shared by their families from around the world The tales come from the major ethno linguistic communities of the Jewish world and are representative of a wide variety of subjects and motifs especially rich in Jewish content and context Each of the tales is accompanied by in depth commentary that explains the tale s cultural historical and literary background and its similarity to other tales in the IFA collection and extensive scholarly notes There is also an introduction that describes the Ashkenasic culture and its folk narrative tradition a world map of the areas covered illustrations biographies of the collectors and narrators tale type and motif indexes a subject index and a comprehensive bibliography Until the establishment of the IFA we had had only limited access to the wide range of Jewish folk narratives

Even in Israel the gathering place of the most wide ranging cross section of world Jewry these folktales have remained largely unknown Many of the communities no longer exist as cohesive societies in their representative lands the Holocaust migration and changes in living styles have made the continuation of these tales impossible This volume and the others to come will be monuments to a rich but vanishing oral tradition **Written on Water** Ailing Zhang,2005 These firsthand accounts examine the subtle and not so subtle effects of the Japanese bombing and occupation of Shanghai and Hong Kong Eileen Chang writes of friends colleagues and teachers turned soldiers or wartime volunteers and her own experiences as a part time nurse Her nuanced depictions range from observations of how a woman s elegant dress affects morale to descriptions of hospital life BOOK JACKET *Manifesto of the Critical Theory of Society and Religion (3 Vols.)* Rudolf Siebert,2010-08-16 The Manifesto develops further the Critical Theory of Religion intrinsic to the Critical Theory of Society of the Frankfurt School into a new paradigm of the Psychology Sociology Philosophy and Theology of Religion Its central theme is the theodicy problem in the context of late capitalist society and its globalization *Politics, Identity, and Mobility in Travel Writing* Miguel A. Cabañas,Jeanne Dubino,Veronica Salles-Reese,Gary Totten,2015-06-26 This collection examines the intersections between the personal and the political in travel writing and the dialectic between mobility and stasis through an analysis of specific cases across geographical and historical boundaries The authors explore the various ways in which travel texts represent actual political conditions and thus engage in discussions about national transnational and global citizenship how they propose real world political interventions in the places where the traveler goes what tone they take toward political or socio political violence and how they intersect with political debates Travel writing can be viewed as political in a purely instrumental sense but as this volume also demonstrates travel writing s reception and ideological interventions also transform personal and cultural realities This book thus examines the ways in which politics material effects inform and intersect with personal experience in travel texts and engage with travel s dialectic of mobility and stasis In spite of globalization and efforts to eradicate the colonial vision in travel writing and in travel writing criticism this vision persists in various and complex ways While the travelogue can be a space of discursive and direct oppression these essays suggest that the travelogue is also a narrative space in which the traveler employs the genre to assert authority over his or her experiences of mobility This book will be an important contribution for interdisciplinary scholars with interests in travel writing studies global and transnational studies women s studies multicultural studies the social sciences and history *A Handbook to Classical Reception in Eastern and Central Europe* Zara Martirosova Torlone,Dana LaCourse Munteanu,Dorota Dutsch,2017-04-17 A Handbook to Classical Reception in Eastern and Central Europe is the first comprehensive English language study of the reception of classical antiquity in Eastern and Central Europe This groundbreaking work offers detailed case studies of thirteen countries that are fully contextualized historically locally and regionally The first English language collection of research and scholarship on Greco Roman heritage in Eastern and Central Europe Written and edited
