Central Intelligence Agency,1966 **Mahomet and his successors** Washington Irving,1882 **Department of State Wireless Bulletin** ,1947 **Christmas in North Korea** Adnan I. Qureshi,2020-07-06 The Democratic People s Republic of Korea is perhaps one of the least visited places in the world Geopolitical issues have often denied historians and travelers an opportunity to fulfill their aspirations of visiting this nation Perhaps the greatest loss is the lack of opportunity to get to know the 25 million people in North Korea as people with emotions families traditions and most of all a desire for friendship and hospitality This book introduces the reader to some of these aspects through rarely seen photographs and descriptions acquired during the author s own travels The reader will learn about the skyscrapers in Pyongyang the Koryo Museum and what a Korean eleven course meal reserved for royalty looks like *Brazilian Bulletin* ,1964 **Strathallan** Anna M Fitzer,2015-09-30 A novel which addresses central themes of adultery obsession and inheritance It follows the fortunes of Matilda Melbourne who displays virtue delicacy and an unwavering commitment to the sometimes ruthless demands of parental authority *The Story of the Christmas No. 1* Marc Burrows,2025-02-10 The Story of the Christmas No 1 is more than just a nostalgic music book It subtly explores pop culture and social history examining our relationship with Christmas how our national identity is reflected in the music we listen to together and how the music industry has changed It also reveals how the Christmas No 1 reflects the current social reality of today and how technology and culture have reshaped the way music is consumed Marc Burrows explores the peculiarly British cultural phenomenon of the Christmas single s chart Why is it seen as so ubiquitous and so relatable to the audience that it s literally a plot point in Love Actually The festive top spot was something that prior to 1973 wasn t particularly important but has since become a cornerstone of the December news cycle and for years an annual cultural moment that may have reached the end of its life He traces the origins of the concept through the Beatles and the years when it wasn t really a

thing the Glam rock boom Band Aid novelty records the X Factor years and the awful Sausage Roll charity records of the 2020s supported by interviews with figures involved in some of the most iconic hits and notable chart battles of the past half century and obsessive in depth research He explores the sometimes fascinating and sometimes weird and unlikely stories behind some of the most beloved and some of the most utterly loathed songs in British musical history **The School**
