Another Fourth Poetry:

Catalogue of Early English Poetry and Other Miscellaneous Works (etc.) Edmond Malone, 1836 **Reading Lessons.**
Advanced Series. Second, [fourth Book] Edward Hughes (F.R.G.S.), 1855 **Young Jewish Poets Who Fell as Soviet Soldiers in the Second World War** Rina Lapidus, 2014-09-15 This book deals with the work of fifteen young Jewish poets who were killed died of wounds or were executed in captivity while serving in the Red Army in the Second World War All were young all were poets most were thoroughly assimilated into Soviet society whilst at the same time being rooted in Jewish culture and traditions Their poetry written mostly in Russian Yiddish and Ukrainian was coloured by their backgrounds by the literary and cultural climate that prevailed in the Soviet Union and was deeply concerned with their expectation of impending death at the hands of the Nazis The book examines the poets backgrounds their lives their poetry and their deaths Like the experiences and poetry of the British First World War poets the lives and poems of these young Jewish poets are extremely interesting and deeply moving The Cambridge Companion to British Romantic Poetry Maureen N. McLane, 2008-09-04 More than any other period of British literature Romanticism is strongly identified with a single genre Romantic poetry has been one of the most enduring best loved most widely read and most frequently studied genres for two centuries and remains no less so today This Companion offers a comprehensive overview and interpretation of the poetry of the period in its literary and historical contexts The essays consider its metrical formal and linguistic features its relation to history its influence on other genres its reflections of empire and nationalism both within and outside the British Isles and the various implications of oral transmission and the rapid expansion of print culture and mass readership Attention is given to the work of less well known or recently rediscovered authors alongside the achievements of some of the greatest poets in the English language Wordsworth Coleridge Blake Scott Burns Keats Shelley Byron and Clare

Catalogue of early English poetry and other miscellaneous works illustrating the British drama, collected by E. Malone, ... and now preserved in the Bodleian library Bodleian Library, 1836 **The Poetry Demon** Jason Protass, 2021-07-31 Chinese Buddhist monks of the Song dynasty 960 1279 called the irresistible urge to compose poetry the poetry demon In this ambitious study Jason Protass seeks to bridge the fields of Buddhist studies and Chinese literature to examine the place of poetry in the lives of Song monks Although much has been written about verses in the gong'an Jpn k'an tradition very little is known about the large corpora roughly 30 000 extant poems composed by these monastics Protass addresses the oversight by using strategies associated with religious studies literary studies and sociology He weaves together poetry with a wide range of monastic sources and in doing so argues against positing a literary Chan movement that wrote poetry as a path to awakening he instead presents an understanding of monks poetry grounded in the Song discourse

of monks themselves The work begins by examining how monks fashioned new genres created their own books and fueled a monastic audience for monks poetry It traces the evolution of g th from hymns found in Buddhist scripture to an independent genre for poems associated with Chan masters as living buddhas While Song monastic culture produced a prodigious amount of verse at the same time it promoted prohibitions against monks participation in poetry as a worldly or Confucian art This constructive tension was an animating force The Poetry Demon highlights this and other intersections of Buddhist doctrine with literary sociality and charts productive pathways through numerous materials including collections of Chan recorded sayings monastic rulebooks eminent monk and flame record hagiographies manuscripts of poetry Buddhist encyclopedia primers and s tra commentary Two chapter length case studies illustrate how Song monks participated in two of the most prominent and conservative modes of poetry of the time those of parting and mourning Protass reveals how monks used Chan humor with reference to emptiness to transform acts of separation into Buddhist teachings In another chapter monks in mourning expressed their grief and dharma through poetry The Poetry Demon impressively uncovers new and creative ways to study Chinese Buddhist monks poetry while contributing to the broader study of Chinese religion and literature

Imaginative Methodologies in the Social Sciences Dr Kieran Keohane, 2014-04-28 Challenging the mainstream orthodoxy of social scientific methodology which closely guards the boundaries between the social sciences and the arts and humanities this volume reveals that authors and artists are often engaged in projects parallel to those of the social sciences and vice versa thus demonstrating that artistic and cultural production does not necessarily constitute a specialist field but is in fact integral to social reality

Half a Century of Pythagoras Magazine Alex Van Den Brandhof, Jan Guichelaar, Arnout Jaspers, 2015-09-29 Half a Century of Pythagoras Magazine is a selection of the best and most inspiring articles from this Dutch magazine for recreational mathematics Founded in 1961 and still thriving today Pythagoras has given generations of high school students in the Netherlands a perspective on the many branches of mathematics that are not taught in schools The book contains a mix of easy yet original puzzles more challenging and at least as original problems as well as playful introductions to a plethora of subjects in algebra geometry topology number theory and more Concepts like the sudoku and the magic square are given a whole new dimension One of the first editors was a personal friend of world famous Dutch graphic artist Maurits Escher whose impossible objects have been a recurring subject over the years Articles about his work are part of a special section on Mathematics and Art While many books on recreational mathematics rely heavily on folklore a reservoir of ancient riddles and games that are being recycled over and over again most of the puzzles and problems in Half a Century of Pythagoras Magazine are original invented for this magazine by Pythagoras many editors and authors over the years Some are no more than cute little brainteasers which can be solved in a
