Callahan, Holly L. Hertberg-Davis, 2013 The field of gifted education is characterized by a confusing array of perspectives concerning such fundamental issues as definition philosophy curriculum social and emotional development and underserved populations The mission of this book is to provide a coherent framework that instructors and service providers can use in planning effective programs providing appropriate counseling services and evaluating programs for the gifted Most sections are organized around fundamental issues confronting the field and follow a common structure an introductory chapter that provides historical and theoretical background and organizing questions followed by several point of view chapters written by experts that provide varied perspectives on the topic at hand Distinguishing Features Comprehensive Coverage The book's forty five manageable length chapters cover the full range of topics that must be considered in planning programs and services for gifted students both within and outside of school Coherent Structure Section introductions provide background information and organizing questions to guide chapter authors who provide varying views of the issue at hand The emphasis is not on the right way or the wrong way except when clearly documented bad practice is discussed but on how best practice stems from well informed and logical decision making Decision Making Focus The book's introductory chapter addresses the need for a clearly developed and consistently applied set of values to guide decision making Likewise each section introduction includes a decision making framework regarding some aspect of educating counseling or parenting gifted students This book is appropriate for introductory level courses in gifted education or courses in program development and planning It is also suitable for school personnel responsible for making program planning decisions in the area of gifted education and for academic libraries with holdings in this area **The Scandal of**

Standardized Tests Joseph A. (ed.) Soares, 2020 This update to SAT Wars provides new evidence in the case against standardized college entry tests including the experiences of test optional colleges The Scandal of Standardized Tests sheds significant light on key problems such as Are the tests stronger proxies for race and family income today than they were 20 years ago Does going test optional promote racial and economic diversity Are there any differences in academic records between students admitted without test scores and those with them How does testing figure into race sensitive admissions legal controversies Why is the College Board's environmental dashboard inadequate as a way to create a fair playing field How are the odds of attending and graduating from college stacked against low income youths and racial minorities What does the FBI Varsity Blues sting tell us about college admissions in America Contributors Jon Boeckenstedt Michael DeWitt Paul Fain Valerie W Franks Saul Geiser Philip Handwerk William C Hiss William C Kidder Jay Rosner Robert A Schaeffer Joseph A Soares Steve Syverson

Detroit School Reform in Comparative Contexts Edward St. John, Feven Girmay, 2019-07-08 This book critically examines how the narrative of global economic competition was used to rationalize college preparatory curriculum for all high school students and promote charter schools in Detroit Using mixed qualitative and quantitative methods the study identifies neighborhood risk factors undermining students' academic success along with the positive effects of churches and service centers as mitigating forces The authors focus on a range of topics and issues including market competition urban decline community resources testing and accountability smaller schools and engaged learning The volume illustrates how action studies by engaged scholars working with community activists empowers students to overcome emerging barriers

The State of College Access and Completion Laura W. Perna, Anthony Jones, 2013-07-18 Despite decades of substantial investments by the federal government state governments colleges and universities and private foundations students from low income families as well as racial and ethnic minority groups continue to have substantially lower levels of postsecondary educational attainment than individuals from other groups The State of College Access and Completion draws together leading researchers nationwide to summarize the state of college access and success and to provide recommendations for how institutional leaders and policymakers can effectively improve the entire spectrum of college access and completion Springboarding from a seminar series organized by the Advisory Committee on Student Financial Assistance chapter authors explore what is known and not known from existing research about how to improve student success This much needed book calls explicit attention to the state of college access and success not only for traditional college age students but also for the substantial and growing number of nontraditional students Describing trends in various outcomes along the pathway from college access to completion this volume documents persisting gaps in outcomes based on students' demographic characteristics and offers recommendations for strategies to raise student attainment Graduate students scholars and researchers in higher education will find The State of College Access and Completion to be an important and timely resource
