Anthology of Monographs on Addiction Studies Kay Wachuku, 2002-12-17 Rick Biesada picks up where the mundane Clinton biographers left off or were too timid to delve into He pulls no punches in his scholarly review of his encounter with Hillary where he worked as a bouncer in a Chicago bar Back in the old days when we served alcohol to minors and bred red blooded American men not little pudgy nerds running around in fanny packs Angry White Male and the Horse He Rode In On was inspired in part by the Clinton Impeachment as a tribute to the House Managers The disgusting bias and contemptuous farce from our elected officials and their parasitic cohorts in the media showed that our nation would never be great again The components are no longer there We ve lost our resolve President Clinton wasn t on trial our rule of law was on trial and these Jackasses disintegrated the defining moment of our rule of law Most citizens don t know about or care about our heritage now that we ve evolved into a complacent society of victims Fortunately there are a few people still around to protect our freedom and sovereignty This non fiction book of political satire and factual history as witnessed by Mr Biesada an education you ll never learn in school is intended to restore hope and teach generations of Americans who don t quite understand our heritage to get some order about themselves and hold our elected officials accountable when they violate the public trust

Marijuana Impaired Youths Kay Wachuku, 2004 There are many literatures that offer insight on substance abuse treatment yet very few have targeted specific treatment protocol for youths Marijuana is the national youth drug of choice Our society has a very liberal view of marijuana As a result we generally tend to undermine the serious problems of marijuana addiction among our youths Marijuana is undoubtedly a major gateway drug to other lethal drugs but its ability to stymie ambition productivity and hope among youths continues to receive second hand consideration in our national social problems Many youths abuse marijuana yet there are no treatment programs specifically targeted to treating marijuana addicted youths As medical marijuana movement gathers momentum nation wide it is imperative that we prepare for potential consequences of the misconceptions of medical marijuana A recent CNN poll indicated that 75% of Americans favor legalizing medical marijuana with a view to taxing its sales and using the money to defray medication cost for seniors This perverse intent to hide a bad motive underneath a good one if allowed to materialize would have far reaching consequences Marijuana Impaired Youths is a clinical handbook intended to educate the general public about the implicit and explicit dangers inherent in marijuana use and abuse The book epitomizes the culmination of twelve years of clinical experience in working with marijuana abusing youths The main objective of the book is to offer a desktop reference for addiction counselors mentors school counselors teachers and parents for working with youths The book uses vivid vignettes of real life clinical literary sketches to illustrate the challenge cognitive damage discomfiture and distortion a marijuana abusing youth faces Most importantly the sketches offer serious professional insight on how to confront and treat youths who abuse marijuana The ultimate goal of the author is to educate counselors youth mentors teachers and parents on the dangers of

White,2013-11-11 When approached by Plenum to put together a volume of social science research on the topic of youth and justice I found the interdisciplinary challenge of such a project intriguing Having spent 2 years as Director of the Law and Social Science Program at the National Science Foundation I was well aware of the rich diversity of research that could fit within that topic I also knew that excellent research on youth and justice was coming from different communities of researchers who often were isolated from each other in their respective disciplines as psychologists sociologists criminologists or policy analysts I saw this project as an opportunity to break down some of this isolation by introducing these researchers and their work to each other and to the broader community of social scientists interested in law and justice There was another gap or set of gaps to be bridged as well The juvenile justice system and the criminal justice system differ in significant ways and the civil justice system which is a major venue for issues of youth and justice is yet another separate world Few researchers are likely to know the whole picture For example a focus on juvenile justice often ignores the extent to which civil justice proceedings shape the lives of young people through divorce custody adoption family preservation policies and other actions and vice versa

Eavesdropping Lucy Huskinson,Terrie Waddell,2014-11-27 What can depictions of psychotherapy on screen teach us about ourselves In Eavesdropping a selection of contributions from internationally based film consultants practicing psychotherapists and interdisciplinary scholars investigate the curious dynamics that occur when films and television

programmes attempt to portray the psychotherapist and the complexities of psychotherapy for popular audiences The book evaluates the potential mismatch between the onscreen psychotherapist whose raison d'être is to entertain and engage global audiences and the professional real life counterpart who becomes intimately involved with the dramas of their patients While several contributors conclude that actual psychotherapy and the way psychotherapists and their clients grapple with notions of fantasy and reality would make a rather poor show *Eavesdropping* demonstrates the importance of psychotherapy and psychotherapists on screen in assisting us to wrestle with the discomfort and humour of our lives Offering a unique insight into perceptions of psychotherapy *Eavesdropping* will be essential and insightful reading for analytical psychologists psychoanalysts academics and students of depth psychology film and television studies media studies and literature as well as filmmakers

Friendly Business Bernd Werse, Christiane Bernard, 2016-06-16 Based on social research conducted in different countries in Europe the U S and Australia this anthology is the first to provide detailed insights into small scale drug distribution A main focus is the phenomenon of social supply i.e. buying illicit drugs from friends which covers a substantial part of the retail market For cannabis users cultivating their own plants is another important source This volume deals with different social aspects of these non profit oriented forms of drug distribution as well as profit oriented small scale dealing While the illicit drug trade is commonly referred to as a world dominated by ruthless criminals this book draws a different picture
