Anthology Of Ink:

Tales of the Tattooed John Miller (literatura), British Library, 2019 The Inscription of Things Thomas Kelly, 2023-11-14 Why would an inkstone have a poem inscribed on it Early modern Chinese writers did not limit themselves to working with brushes and ink and their texts were not confined to woodblock printed books or the boundaries of the paper page Poets carved lines of verse onto cups ladles animal horns seashells walking sticks boxes fans daggers teapots and musical instruments Calligraphers left messages on the implements ordinarily used for writing on paper These inscriptions terse compositions in verse or epigrammatic prose relate in complex ways to the objects on which they are written Thomas Kelly develops a new account of the relationship between Chinese literature and material culture by examining inscribed objects from the late Ming and early to mid Qing dynasties He considers how the literary qualities of inscriptions interact with the visual and physical properties of the things that bear them Kelly argues that inscribing an object became a means for authors to grapple with the materiality and technologies of writing Facing profound social upheavals from volatility in the marketplace to the violence of dynastic transition writers turned to inscriptions to reflect on their investments in and dependence on the permanence of the written word Shedding new light on cultures of writing in early modern China The Inscription of Things broadens understandings of the links between the literary and the material **Ink**, 2017-03-10

Zhao Mengfu Shane McCausland, Mengfu Zhao, 2011-01-01 Zhao Mengfu has enormous significance for Chinese art history This work presents a new synthetic portrait of the artist s development from the 1280s to his death in 1322 and evaluates his pivotal role in the social political context in Yuan China as well as the development of the artist s self consciousness Shane McCausland s study features detailed interpretations of pictorial forms in light of historical changes and close readings of critical colophons many of which are appended to artworks but neglected as visual sources These readings are meant to stimulate visual analysis of the oeuvre as well as debate about the use of Tang 618 907 and other period modes as models for the Yuan renaissance The book challenges stereotypes portraying Zhao Mengfu as a traitor or careerist The historical background of dynastic change and Mongol rule is treated in a revisionist manner that aims to contextualize the traditional Chinese hostility towards Zhao
