Anthropology and the Old Testament John William Rogerson, 1984 **Anthropology of the Old Testament** Hans Walter Wolff, 1974 **Anthropology and the Old Testament** John William Rogerson, 2001 **Old Testament Theology** Ben C. Ollenburger, 2004 In this extensively revised and updated edition of *The Flowering of Old Testament Theology* Professor Ollenburger provides help for beginning theological students who are frequently overwhelmed by the proliferation of volumes dealing with Old Testament theology to say nothing of the variety of approaches used in these works This textbook has been re issued with a new title *Old Testament Theology Flowering and Future* Selected essays include key theological statements of Otto Eissfeldt Walther Eichrodt Theodorus C Vriezen George E Wright Gerhard von Rad Walther Zimmerli John L McKenzie Ronald E Clements Walter C Kaiser Jr Samuel L Terrien Claus Westermann Brevard S Childs Rolf Knierim Horst D Preuss Walter Brueggemann Paul R House Bernhard W Anderson Erhard S Gerstenberger Hartmut Gese Phyllis Trible Jon D Levenson John H Sailhamer Gunther H Wittenberg James Barr R W L Moberly and Mark G Brett An appendix contains Johann P Gabler s 1787 seminal essay on biblical theology An extensive bibliography and indexes of authorities and Scripture references conclude the volume Publisher *Interpreting the Old Testament* Daniel J. Harrington, 1991 *Interpreting the Old Testament* addresses literary historical form source and redaction and textual criticism each in separate chapters Other chapters concern words and motifs archaeology and parallels the Old Testament in Christian worship and a post script on canonical criticism and the social sciences as new methods of approach to the study of Scripture

Anthropological Approaches to the Old Testament Bernhard Lang, 1985 Michael P Carroll The logic of sacrifice Edmund Leach An interpretation of sacrifice in Leviticus Douglas Davies **Anthropology and New Testament Theology** Jason Maston, Benjamin E. Reynolds, 2018-02-22 This volume considers the New Testament in the light of anthropological study in particular the current trend towards theological anthropology The book begins with three essays that survey the context in which the New Testament was written covering the Old Testament early Jewish writings and the literature of the Greco Roman world Chapters then explore the anthropological ideas found in the texts of the New Testament and in the thought of its writers notably that of Paul The volume concludes with pieces from Brian S Roser and Ephraim Radner who bring the whole exploration together by reflecting on the theological implications of the New Testament s anthropological ideas Taken together the chapters in this volume address the question that humans have been asking since at least the earliest days of recorded history what does it mean to be human The presence of this question in modern theology and its current prevalence in popular culture makes this volume both a timely and relevant interdisciplinary addition to the scholarly conversation around the New Testament **Theory and Practice in Old Testament Ethics** John William Rogerson, M. Daniel Carroll R., 2004-01-01 In the last two decades there has been a resurgence of interest in the value of the Old Testament for modern ethical questions John Rogerson is a scholar who has dedicated much of his academic life to probing the possibility of the

abiding significance of the Old Testament for moral issues today This volume brings together for the first time many of his contributions both published and unpublished to Old Testament social ethics This volume can serve both as a general reference work as well as a textbook for classes in Old Testament ethics at seminaries and theological colleges **God, Self, and Death** Shannon Burkes Pinette, 2021-12-28 This volume considers the emerging Jewish interest in an afterlife during the second temple period in relation to developing views of the deity and the self In some circles God is understood as increasingly distant from the human sphere and so justice must occur in another world or after death at the same time more autonomous constructions of the self in response to community breakdown suggest that reward and punishment come not only collectively but also on the individual level in a post mortem realm The book traces the interconnections between these themes in Job and Ecclesiastes Ben Sira and Daniel then Wisdom of Solomon and 4 Ezra crossing genre boundaries in an attempt to offer a more encompassing historical investigation **Anthropology and Hebrew Bible Studies: Modes of Interchange and Interpretation** Harvey E. Goldberg, 2018-06-05 Interchange between anthropology and biblical scholarship began because of perceived similarities between simpler societies and practices appearing in the Hebrew Bible After some disengagement when anthropologists turned mainly to ethnographic fieldwork new cross disciplinary possibilities opened up when structuralism emerged in anthropology Ritual and mythology were major topics receiving attention and some biblical scholars partially adopted structuralist methods In addition anthropological research extended to complex societies and also had an impact upon historical studies Modes of interpretation developed that reflected holistic perspectives along with a sensibility to ethnographic detail This essay illustrates these trends in regard to rituals and to notions of purity in the Hebrew Bible as well as to the place of literacy in Israelite society and culture After discussing these themes three examples of structuralist inspired analysis are presented which in different ways take into account historical and literacy based facets of the Bible *The State of Old Testament Studies* H. H. Hardy, II, M. Daniel Carroll R., 2024-11-05 This book surveys the current landscape of Old Testament studies offering readers a concise guide to contemporary academic discussions Bringing together a diverse group of experts The State of Old Testament Studies provides an informed introduction to the many fields of Old Testament research by recognized scholars presents basic questions in each subfield surveys the primary methods of answering these questions engages prominent solutions and cites relevant and up to date resources It is an extensive guide to current research and an ideal supplemental textbook for a variety of courses on the Old Testament *Social-scientific Old Testament Criticism* David J. Chalcraft, 1997-01-01 Collected here in one volume are the best examples of social scientific Old Testament criticism from the last 20 years of the Journal for the Study of the Old Testament an essential introduction to the field Divided into six sections this volume presents essays on the central methodological and theoretical issues as well as a series of applications to the study of early Israelite social forms the formal and informal regulation of life the distribution of power and justice and the performance of social roles and the process of

The World of Ancient Israel Society for Old Testament Study, 1989 Encapsulating as it does research that has been undertaken on the sociological anthropological and political aspects of the history of ancient Israel this important book is designed to follow in the tradition of works in the series sponsored by The Society for Old Testament Study which began with the publication of *The People and the Book* in 1925 *The World of Ancient Israel* is especially concerned to explore in greater depth than comparable studies the areas and degrees of overlap between approaches to the subject of Old Testament research adopted by scholars and students of theology and the social sciences Increasing numbers of scholars have recognised the valuable insights that can be gained from a cross disciplinary approach and it is becoming clear that the early biblical traditions about the formation of the Israelite state must be examined in the light of comparative anthropology if useful historical conclusions are to be drawn from them **Anthropology and New Testament Theology** Jason
