Reframing Sustainable Tourism Stephen F. McCool, Keith Bosak, 2015-08-19 This book examines the need for a new way of describing sustainable tourism and also looks at the frameworks needed to rethink how to apply this to communities private operators and protected area managers It makes it clear that tourism is just one of many human activities that affects host communities The work includes informative and provocative case studies with realistic applications References included in the book will help graduate students formulate new hypotheses and suggest literature for them Tools and techniques useful to tourism practitioners suggest innovative approaches to marketing management and community development

Studies in Nepali History and Society, 2003 **Industrialisation in North-Eastern Region** Jaynal Uddin Ahmed, 2007 Far Out Mark Liechty, 2017-02-21 Westerners have long imagined the Himalayas as the world's last untouched place and a repository of redemptive power and wisdom Beatniks hippie seekers spiritual tourists mountain climbers diverse groups of people have traveled there over the years searching for their own personal Shangri La In *Far Out* Mark Liechty traces the Western fantasies that captured the imagination of tourists in the decades after World War II asking how the idea of Nepal shaped the everyday cross cultural interactions that it made possible Emerging from centuries of political isolation but eager to engage the world Nepalis struggled to make sense of the hordes of exotic enthusiastic foreigners They quickly embraced the phenomenon however and harnessed it to their own ends by building tourists fantasies into their national image and crafting Nepal as a premier tourist destination Liechty describes three distinct phases the postwar era when the country provided a Raj like throwback experience for rich Americans Nepal's emergence as an exotic outpost of hippie counterculture in the 1960s and its rebranding into a hip adventure destination which began in the 1970s and continues today He shows how Western projections of Nepal as an isolated place inspired creative enterprises and paradoxically allowed locals to participate in the global economy Based on twenty five years of research *Far Out* blends ethnographic analysis a lifelong passion for Nepal and a touch of humor to produce the first comprehensive history of what tourists looked for and found on the road to Kathmandu Nature-Based Tourism in Asia's Mountainous Protected Areas Thomas E. Jones, Huong T. Bui, Michal Apollo, 2021-07-23 This book provides holistic insights into management of protected areas across East Asia and identifies current trends in mountain tourism within the broader field of human geography and nature conservation The book describes the diversification in visitors and expanding protected areas territories in different Asian countries during recent years It also compares protected areas networks in the context of the changing demographic profiles of visitors and provides an interdisciplinary transnational appraisal of mountain based tourism in Asia based on national and international statistics The research combines specific case studies at the individual country and destination

level with trans regional trends thereby offering analysis from both the perspective of supply parks protected areas and stakeholders and demand mountain tourist market trends and segments The book is a useful resource for students and academics in tourism and protected areas studies as well as social scientists and policy makers interested in Asian countries
