Anti Disciplinary Protest Sixties Radicalism And Postmodernism:

Anti-Disciplinary Protest Julie Stephens,1998-04-13 This original analysis of sixties radicalism draws on a wide range of rare and lively sources Stephens critiques conventional narratives of the era arguing that the most distinctive forms of sixties protest are often marginalized She locates postmodern impulses in the protest of the sixties and challenges the connection often made between the failure of sixties radicalism and contemporary political disengagement Stephens offers new interpretations of the relationship between the sixties and the current political and theoretical landscape

Anti-Disciplinary Protest Julie Stephens,1998-04-13 The sixties were a time when anti disciplinary politics blurred the boundaries between the political and the aesthetic and according to some critics the time when the possibility for revolution died In this book first published in 1998 Stephens questions the frameworks which inform commonplace understandings of this period arguing that the most distinctive forms of sixties protest are often marginalized or excluded from view She looks at the problematic ways in which sixties radicalism has been narrativised and critically evaluates the modernist and postmodern impulses that can be discerned in the anti disciplinary protest of the time Stephens develops a new theoretical framework for conceptualizing the relationship between the sixties and later political and theoretical developments Drawing on broad ranging lively and often rare sources this is a provocative contribution to contemporary social theory and cultural studies

A Cultural History of the Radical Sixties in the San Francisco Bay Area Anthony Ashbolt,2015-10-06 The San Francisco Bay Area was a meeting point for radical politics and counterculture in the 1960s Until now there has been little understanding of what made political culture here unique This work explores the development of a regional culture of radicalism in the Bay Area one that underpinned both political protest and the counterculture **Make It a Green Peace!**

Frank Zelko,2013-04-03 Make it a Green Peace explores the complex intellectual and cultural roots of Greenpeace tracing the development of the organization from its emergence amidst the various protest movements of the 1950s and 1960s to the end of its volative dramatic and at times quirky first decade in 1980 **Enriched relations** edited by David Lowe, Amit

Sarwal,with a foreword by Lachlan Strahan, **Everybody's Autonomy** Juliana Spahr,2001-01-11 Everybody s Autonomy is about reading and identity Experimental texts empower the reader by encouraging self governing approaches to reading and by placing the reader on equal footing with the author **The History and Politics of Motor Racing** Damion

heroism and morality masculinity and femininity westward expansion and technological progress and assimilation and settlement In this collection of new essays 21 contributors from around the globe examine the cowboy cool iconography of film and television Westerns from bounty hunters in buckskin jackets to denizens of seedy saloons and lonely deserts from Cecil B DeMille and John Ford to Steve McQueen and Budd Boetticher Jr *The Handbook of Community Practice* Marie Weil, Michael Reisch, 2005 Encompassing community development organizing planning and social change as well as globalisation this book is grounded in participatory and empowerment practice The 36 chapters assess practice theory and research methods

Transnational Protest, Australia and the 1960s Jon Piccini, 2016-05-09 Australia is rarely considered to have been a part of the great political changes that swept the world in the 1960s the struggles of the American civil rights movement student revolts in Europe guerrilla struggles across the Third World and demands for women's and gay liberation This book tells the story of how Australian activists from a diversity of movements read about borrowed from physically encountered and critiqued overseas manifestations of these rebellions as well as locating the impact of radical visitors to the nation It situates Australian protest and reform movements within a properly global and particularly Asian context where Australian protestors sought answers utopias and allies Dramatically broadens our understanding of Australian protest movements this book presents them not only as manifestations of local issues and causes but as fundamentally tied to ideas developments and personalities overseas particularly to socialist states and struggles in near neighbours like Vietnam Malaysia and China Jon Piccini is Research and Teaching Fellow at The University of Queensland Brisbane Australia His research interests include the history of human rights and social histories of international student migration

Redeemer Nation Orrin Schwab, 2004 In this book Dr Orrin Schwab develops the concept of the modern technocratic state as part of a global technocratic culture and civilization The author argues that technocratic cultural and institutional forms were and are part of a collective script for Western culture The American script combined the scientific commercial and technological aspects of the Enlightenment with the radical 17th century Protestant belief in America as a new Zion In the twentieth century the synthesis of mission along with global technocratic knowledge and institutions created the Wilsonian liberal technocratic order As the principal agent and protector of the modern capitalist international system America the self defined Redeemer Nation has moved through the controlled anarchy of international relations from one war and crisis to the next confirmed in its self defined role and mission

Gandhi in the West Sean Scalmer, 2011-01-06 The non violent protests of civil rights activists and anti nuclear campaigners during the 1960s helped to redefine Western politics But where did they come from Sean Scalmer uncovers their history in an earlier generation's intense struggles to understand and emulate the activities of Mahatma Gandhi He shows how Gandhi's non violent protests were the subject of widespread discussion and debate in the USA and UK for several decades Though at first misrepresented by Western newspapers they were patiently described and clarified by a devoted group of cosmopolitan advocates Small groups of

Westerners experimented with Gandhian techniques in virtual anonymity and then on the cusp of the 1960s brought these methods to a wider audience. The swelling protests of later years increasingly abandoned the spirit of non violence and the central significance of Gandhi and his supporters has therefore been forgotten. This book recovers this tradition, charts its transformation and ponders its abiding significance. **The Blackwell Companion to Sociology** Judith R Blau, 2008-04-15

The Blackwell Companion to Sociology is a milestone collection of new essays by renowned sociologists covering both the traditions and strengths of the field as well as newer developments and directions. Authors from the US, the UK, Europe and elsewhere have contributed to this all in one reference work highlighting the relevance of interdisciplinary and international perspectives while at the same time representing the scope and quality of sociology in its current form. *New Left Revisited* John Campbell McMillan, Paul Buhle, 2008. Starting with the premise that it is possible to say something significantly new about the 1960s and the New Left, the contributors to this volume trace the social roots, the various paths and the legacies of the movement that set out to change America. As members of a younger generation of scholars, none of them apart from Paul Buhle has first hand knowledge of the era. Their perspective as non participants enables them to offer fresh interpretations of the regional and ideological differences that have been obscured in the standard histories and memoirs of the period. Reflecting the diversity of goals, the clashes of opinions and the tumult of the time, these essays will engage seasoned scholars as well as students of the 60s. **Activist Wisdom** Sarah Maddison, Sean Scalmer, 2006. Peace marches, protest demonstrations and campaigns for or against every cause imaginable have long been part of the Australian social and political landscape. This book blends the voices and experiences of insiders with an analysis of the successes and failures, the communication of ideas and the social and political impacts. It features interviews with some of Australia's best known activists from the environmental, women's, peace, student, refugee and Aboriginal movements. With passion and insight, these people articulate their unique form of practical knowledge. *Activist Wisdom* connects this knowledge to key social movement histories and theories, providing a look at the world of activism and its inevitable tensions. **BOOK JACKET**
