**Anti-rape and Total Self-defense** O. E. Simon, 1990      Rape On The Public Agenda Maria Bevacqua, 2000-08-10 An examination of the history development and impact of the feminist anti rape movement      **The New Campus Anti-Rape Movement** Caroline Heldman, Alissa R. Ackerman, Ian Breckenridge-Jackson, 2018-05-29 After 40 years of activists working to reduce sexual violence on college campuses in 2014 the new Campus Anti Rape Movement CARM finally put this issue on the national policy agenda President Barack Obama credited an inspiring wave of student led activism for catapulting campus rape into public consciousness This book positions the new CARM within a long history of anti sexual violence activism in the U S The authors describe the major events of this new movement and how it coalesced The authors also analyze the new CARM through a social movement lens and examine the role of new laws and social media in facilitating movement successes The book argues that the new CARM laid the groundwork for the emergence of MeToo the highest profile campaign against sexual harassment violence to date in U S history      All Our Trials Emily L. Thuma, 2024-11-12 A vital history of organizing within and beyond the walls of women s prisons in the 1970s illuminating a crucial chapter in today s abolition feminist struggles This new edition of an award winning book features a foreword from acclaimed scholar activist Sarah Haley and an afterword by Thuma During the 1970s grassroots activists within and beyond the walls of women s prisons forged a radical politics against gender violence and incarceration Scholar activist Emily L Thuma traces the making of this anticarceral feminism at the intersections of struggles for racial and economic justice imprisoned and institutionalized people s rights and gender and sexual liberation All Our Trials chronicles the organizing ideas and influence of those who placed criminalized and marginalized women at the heart of their antiviolence mobilizations This activism confronted a tough on crime political agenda and clashed with the mainstream women s movement s strategy of resorting to the criminal legal system as a solution to sexual and domestic violence Drawing on extensive research Thuma weaves together the stories of mass defense campaigns prisoner uprisings coalition organizing and activist publications that cut through prison walls In the process All Our Trials reveals a vibrant culture of opposition to interpersonal and state violence that both transforms our understanding of 1970s social movements and illuminates the history of present struggles for transformative justice Winner of the 2020 Lambda Literary Award for LGBTQ Studies Shortlisted for the Organization of American Historians Nickliss Prize and the American Studies Association s Romero Prize      **Free Joan Little** Christina Greene, 2022-10-05 Early on a summer morning in 1974 local officials found the jailer Clarence Allgood stabbed to death in a cell in the women s section of a rural North Carolina jail Fleeing the scene was Joan Little twenty years old poor Black and in trouble After turning herself in Little faced a possible death sentence in the state s gas chamber At her trial which was followed around the world Little claimed that she had killed Allgood in self defense against sexual assault Local and national figures took up Little s cause protesting her innocence After a five week trial Little was acquitted But the case stirred debate about a woman s right to use deadly

force to resist sexual violence Through the prism of Little s rape murder trial and the Free Joan Little campaign Christina Greene explores the intersecting histories of African American women mass incarceration sexual violence and social movements of the 1970s and 1980s Greene argues that Little s circumstances prior to her arrest assault and trial were shaped by unprecedented increases in federal financing of local law enforcement and a decades long criminalization of Blackness She also reveals tensions among Little s defenders and recovers Black women s intersectional politics of the period which linked women s prison protest and antirape activism with broader struggles for economic and political justice Real Knockouts Martha McCaughey,1997-07 Unprecedented numbers of American women are today learning how to knock out maim even kill men who assault them From behind the scenes of gun ranges martial arts dojos fitness centers offering Cardio Combat and in padded attacker courses like Model Mugging Real Knockouts demonstrates how self defense trains women out of the femininity that makes them easy targets for men s abuse And yet much feminist thought like the broader American culture seems deeply ambivalent about women s embrace of violence even in self defense Investigating the connection between feminist theory and a woman s balled fist McCaughey found self defense culture to embody literally a new kind of feminism one that will change forever the way we think of gender politics the female body and feminism itself **Heiho**

**Between the Street and the State** Caitlin Reed

Wiesner,2025-09-16 Deepens our understanding of Black women s anti rape activism by attending to how their tactics shifted in response to the federal War on Crime Beginning in the 1970s a series of government agencies established to carry out the federal war on crime offered financial and ideological support to the fledgling feminist movement against sexual violence These entities promoted the carceral tactics of policing prosecution and punishment as the only viable means of controlling rape and they expected anti rape organizers to embrace them Yet Black women anti rape organizers viewed police as a source of violence within their communities not a solution to it Between the Street and the State examines how Black anti rape organizers critically engaged both the feminist movement against sexual violence and the federal War on Crime between 1974 and 1994 In Philadelphia Washington DC the Bay Area Chicago and Atlanta activists inflected Black women s longstanding tradition of community based caring labor with the Black feminist condemnation of patriarchal and state violence Their multifaceted and adaptable brand of anti rape advocacy was premised on sustaining the survival of Black women and girls individually and Black communities more broadly In this way Black anti rape activists countered the growing emphasis within the feminist movement on controlling rape through carceral collaborations They acted subversively redirecting state funds and state funded research premised on rape control to projects that offered care to Black victims In public education social welfare and public health they instituted preventative education and emotional healing as modes of justice At times they outspokenly resisted carceral legislation that displaced their caring labor with punitive programs of rape control Spotlighting Black anti rape organizers enduring commitment to care work shows that the cooptation of the feminist movement against sexual violence by law enforcement entities was never total Between the Street and the State deepens our historical understanding of Black women s tradition of anti rape activism by attending to how their tactics shifted in response to the political realignments of the post civil rights era

**Imperfect Victims** Leigh

Goodmark,2023-01-31 A profound compelling argument for abolition feminism to protect criminalized survivors of gender based violence we must dismantle the carceral system Since the 1970s anti violence advocates have worked to make the legal system more responsive to gender based violence But greater state intervention in cases of intimate partner violence rape sexual assault and trafficking has led to the arrest prosecution conviction and incarceration of victims particularly women of color and trans and gender nonconforming people Imperfect Victims argues that only dismantling the system will bring that punishment to an end Amplifying the voices of survivors including her own clients abolitionist law professor Leigh Goodmark deftly guides readers on a step by step journey through the criminalization of survival Abolition feminism reveals the possibility of a just world beyond the carceral state which is fundamentally unable to respond to let alone remedy harm As Imperfect Victims shows abolition feminism is the only politics and practice that can undo the indescribable damage inflicted on survivors by the very system purporting to protect them
