Antisemitism In The Contemporary World:

Antisemitism In The Contemporary World Michael Curtis, 2021-11-18 Original essays by various scholars on the questions of whether there are new forms of antisemitism whether there has been a resurgence of antisemitism in the current age and whether critical attitudes towards Zionism or opposition to the State of Israel and its policies have given new impetus to antisemitism The contributors also examine the complex relationship between the State of Israel and the Jewish community worldwide [Anti-Zionism and Antisemitism in the Contemporary World](#) Robert S. Wistrich, 1990-06-18 With its origins in a conference organized by the Institute of Jewish Affairs in London this book asks if a common denominator can be found between the anti-Semitism that has existed through the ages and more contemporary forms of anti-Zionism

Countering Contemporary Antisemitism in Britain Sarah K. Cardaun, 2015-08-31 In *Countering Contemporary Antisemitism in Britain* Sarah Cardaun presents a thorough scholarly analysis of responses to present-day antisemitism in the UK Examining discourses and practical measures adopted by the British government parliamentary groups and non-governmental organisations the book provides a comprehensive overview of different approaches to addressing anti-Jewish prejudice in Britain It offers a critical perspective on universalistic interpretations which have traditionally characterised responses towards it in various fields such as Holocaust remembrance and education Against this background the study highlights the importance of organisations with a more specific focus on counteracting hostility towards Jews and the role civil society can play in the fight against the new antisemitism Overall this book makes a significant contribution to the academic debate on contemporary antisemitism and to the vital but neglected question of how today's resurgent anti-Jewish prejudice may be tackled in practice [Confronting Antisemitism in Modern Media, the Legal and Political Worlds](#) Armin Lange, Kerstin Mayerhofer, Dina Porat, Lawrence H. Schiffman, 2021-05-10 This volume documents the transformation of age-old antisemitic stereotypes into a new form of discrimination often called New Antisemitism or Antisemitism 2.0 Manifestations of antisemitism in political legal media and other contexts are reflected on theoretically and contemporary developments are analyzed with a special focus on online hatred The volume points to the need for a globally coordinated approach on the political and legal levels as well as with regard to the modern media to effectively combat modern antisemitism *Whatever Happened to Antisemitism?* Antony Lerman, 2022-06-20 This elegantly written erudite book is essential reading for all of us whatever our identifications Lynne Segal Antisemitism is one of the most controversial topics of our time The public academics journalists activists and Jewish people themselves are divided over its meaning Antony Lerman shows that this is a result of a 30-year process of redefinition of the phenomenon casting Israel problematically defined as the persecuted collective Jew as one of its main targets This political project has taken the notion of the new antisemitism and codified it in the flawed International Holocaust Remembrance Alliance's working definition of antisemitism This text is the glue holding together an international network comprising the Israeli government pro-Israel advocacy groups

Zionist organisations Jewish communal defence bodies and sympathetic governments fighting a war against those who would criticise Israel The consequences of this redefinition have been alarming supressing free speech on Palestine Israel legitimising Islamophobic right wing forces and politicising principled opposition to antisemitism

Antisemitism In The Contemporary World Michael Curtis,1986-01-29 [The Changing Face of Anti-Semitism](#) Walter Laqueur,2008-06-30 For thirty years the director of the Wiener Library in London the leading institute for the study of anti Semitism Walter Laqueur here offers both a comprehensive history of anti Semitism as well as an illuminating look at the newest wave of this phenomenon Laqueur begins with an invaluable historical account of this pernicious problem tracing the evolution from a predominantly religious anti Semitism stretching back to the middle ages to a racial anti Semitism that developed in the late 19th and early 20th centuries The author then uses this historical account as backdrop to a brilliant analysis of the newest species of anti Semitism explaining its origins and rationale how it manifests itself in what ways and why it is different from anti Semitism in past ages and what forms it may take in the future The book reveals that what was historically a preoccupation of Christian and right wing movements has become in our time even more frequent among Muslims and left wing groups Moreover Laqueur argues that we can t simply equate this new anti Semitism with anti Zionism and write it off as merely anti Israel sentiments If Israel alone is singled out for heated condemnation is the root of this reaction simply anti Zionism or is it anti Semitism Here is both a summing up of the entire trajectory of anti Semitism the first comprehensive history of its kind and an exploration of the new wave of anti Semitism Walter Laqueur provides us with powerful new insights into an age old problem Distinguished scholarship and an authoritative moral voice are the hallmarks of this important book Anyone wanting to understand the history and persistence of anti Jewish hatred should read it Abraham H Foxman National Director Anti Defamation League

A History of Antisemitism in Canada Ira Robinson,2015-10-16 This state of the art account gives readers the tools to understand why antisemitism is such a controversial subject It acquaints readers with the ambiguities inherent in the historical relationship between Jews and Christians and shows these ambiguities in play in the unfolding relationship between Jews and Canadians of other religions and ethnicities It examines present relationships in light of history and considers particularly the influence of antisemitism on the social religious and political history of the Canadian Jewish community A History of Antisemitism in Canada builds on the foundation of numerous studies on antisemitism in general and on antisemitism in Canada in particular as well as on the growing body of scholarship in Canadian Jewish studies It attempts to understand the impact of antisemitism on Canada as a whole and is the first comprehensive account of antisemitism and its effect on the Jewish community of Canada The book will be valuable to students and scholars not only of Canadian Jewish studies and Canadian ethnic studies but of Canadian history
